GERMAN AND AUSTRIAN ATHLETES TO BE BARRED FROM OLYMPIC GAMES

German and Austrian athletes have been barred from the Olympic games in 1920, and may be perpetually disfranchised from participation in an international sports.

This announcement was made at a dinner at the University club, New York, by Elwood S. Johnson, director of Y. athletics in the A.E.F., who has just returned from a conference with the Belgian Olympic committee. By mutual agreement the enemies of the allies will be denied admission next year, and France and Belgium propose to make the ineligibility perpetual, Johnson said.

The games will be held next year in an immense stadium outside of Antwerp that was built by the Germans during their occupation, and used for training soldiers and their "turnovers."

Col. W. Johnson, chief athletic officer of the A.E.F., and chairman of the inter-allied games committee, told how the big meet was put across.

DEATH ROLL OF SPORT

English Sport's Last Post Contains 4,000 Names.

In commemoration of the famous British athletes who fought and died in the great war, The Field, of London, has published a most interesting special supplement under the title of "The Last Post: The Death Roll of Sport." It contains the names and biographical sketches of 4,000 great athletes, and also contains many photographs. The lists are arranged alphabetically in two forms—according to names and according to sports.

Sir Theodore Cook has written an introduction, in which he points out that sport has proved one of the greatest military assets a nation can have. It is a training, he remarks, in daring and endurance and discipline and sportsmanship—the latter merely another name for chivalry. Sir Theodore points out that as the love of sport is universal in Britain, so the virtues that arise therefrom penetrate and inspire the whole people.

"So the list of University Blues," he says, "with which our catalogue begins, must not be taken as a hint that either in Oxford or Cambridge, in Eton, Harrow, Winchester, or the rest, resided the sole mainpring of a courage that showed widespread as the furthest limits of our race and flag. In the intense physical test of modern warfare the sport of England more than justified itself; for it was seen to be no monopoly of a trained or aristocratic minority, but the heritage of the race; and by its gifts and all that they implied we were enabled to overcome the mightiest manifestation of mechanical man-killing the world has ever seen."

In the lists are scores of a trained or aristocratic minority, but the heritage of the race; and by its gifts and all that they implied we were enabled to overcome the mightiest manifestation of mechanical man-killing the world has ever seen."

WAR PENNANT IS FAVORED

Colt Owned by Commander Ross Picked to Win Latonia Derby

Kentucky horsemen are inclined to make Commander J. K. L. Ross's War Pennant the favorite to win the \$50,000 Latonia Championship Stakes. The installation of War Pennant as the favorite was occasioned by his showing in the Travers Stakes at Saratoga, when he finished second to Hannibal in the \$12,500 event. In that race the mile and a quarter route was covered in 2:02 4-5. War Pennant carried 120 pounds then, which is within two pounds of what he will be asked to pack in the Latonia Championship Stakes.

Four candidates for the Latonia competed in the Travers—War Pennant, War Zone, War Rocket, and Cirrus. It was this showing that has led Kentucky followers of the turf to believe that War Pennant has the best chance to win the fifty-thousand-dollar purse.

War Pennant was nominated for the rich purse by A. K. Macomber, and it was the fact that he had been nominated for the Latonia Championship Stakes as much as anything else that made Commander Ross go after the thoroughbred. The former Macomber colt is well bred and should have plenty of staying qualities, being a son of Jim Gaffney-Maltha, and he also has a lot of speed and gameness thrown in with his ability to go a route.

It is for this race that Trainer Bedwell has been pointing War Pennant. Bedwell has worked hard to get the colt in shape so that he could have plenty of time to put him thru the hard paces necessary to fit him for the long race of a mile and three-quarters.

MICHIGAN-ONTARIO BALL

The Year Was Enough—Michigan Towns Ready to Quit

One year of the Michigan-Ontario Baseball League seems to have been enough for the Michigan towns, and much more than enough for the Ontario cities, who have been carrying the league along. The Michiganers are ready to pull away, and a circular recently sent out by Saginaw shows the direction of the wind and the strength thereof. They offer some players for sale, making the explanation that as there will be changes in the circuit next year and as these men are good Class B players, they will be too high-salaried to carry in a lower classification next year.

If the Saginaw team—leading the league—finds the grade too heavy, Flint, Battle Creek and Bay City are certainly over their heads—and the Ontario towns know it to their cost.

The movement now is evidently to go back to the Canadian League circuit, taking in Montreal, which with Ottawa in the east, would make a strong end down there.

At any rate, the Michigan-Ontario seems to have come to the end of its tether.

Canadian Crews For Olympiad.
The Canadian Association of Amateur Oarsmen will be represented at the A.A.U. annual this month at Ottawa, and will recommend the purchase of an eight and a four for the use of Canadian crews, and also that Canada be represented at the Olympic regatta at Antwerp, Belgium, next year. They will also advise the appointment of a coach.

The committee appointed by the C. A.A.O. at the recent Royal Canadian Henley at St. Catharines to select crews for the Olympiad will likely be called together during the convention at Ottawa when it is the intention to discuss the whole matter. The association is desirous of securing information and advice from the Montreal, Brockville, Ottawa and other clubs.

WELLINGTON THE UNIVERSAL PIPE

The Wellington is the most popular pipe in the world. And no wonder! With a Wellington you never tire of pipe smoking. The well catches all the moisture and keeps the smoke clean, dry and cool. There's no bubbling. The top opening in the bit carries the smoke up—away from your tongue.

Good dealers have Wellington pipes in all shapes and sizes, \$1.00 and up. See that the pipe you buy bears the WDC triangle trade-mark. It means genuine French briar, seasoned by our own special process and guaranteed against cracking or burning through.
