### GOES 25 MILES FOR MORE TANLAC

Farmer Says It Restored Wife's Health After He Had Spent Hundreds In Vain.

"Well, sir, it is twenty-five miles from her to where I live, and I came all that distance just to get some Tanlac" said W. M. Nance, a well known and prosperous farmer who lives at Irlleana, Alberta, Canada, while in the Liggett-Findlay Drug Store in Calgary, the other day.

"You just ought to see the way this Tanlac has brought my wife out," continued Mr. Nance, "and here of late I have been feeling mighty bad myself, so I thought about the best thing I could do was to get started on Tanlac as quickly as possible. Now, my wife had been for five years standing, and during that time I spent hundreds of dollars trying to get something that would help her, but it was just that much money thrown away. She had a bad case of stomach trouble, and everything she ate would cause her to vomit so bad that she could hardly get a breath. Then she was so nervous and restless that she couldn't sleep at night. She also suffered from headaches, and sometimes she would get so dizzy that she couldn't stand on her feet. She just kept getting worse all the time until she was just past going altogether."

"Well, I noticed that Tanlac was highly recommended for that kind of trouble, so I bought a bottle of it and she commenced taking it. In all my life I never saw anything to equal the way my wife improved after she commenced taking Tanlac. Why, she has gained at least fifteen pounds in weight and is as well and hearty as she ever was in her life. She has a fine appetite, and eats just anything she wants and she never suffers a particle towards. She does all her housework now, and it doesn't seem to tire her a particle. Now, that is what Tanlac did for my wife, and when I commenced to go down hill a short time ago, Tanlac was the first thing I thought about, and after seeing what it did for my wife, I am sure that it will soon put me on my feet. Yes, sir, Tanlac is a real medicine and you may count on me to say a good word for it every chance I have."

Tanlac is sold in Kingston by A. P. Chown, in Plevna by Gilbert Oster, in Batterssea by C. Clark, in Fernleigh by Ervin Martin, in Ardock by M. J. Scullion, in Shabot Lake by W. Y. Cannon.—Adv.

#### Pleasant Valley Crop Report.

Pleasant Valley, Sept. 10.—Hay was above average and of excellent quality. Fall wheat is good, but small acreage. Oats are about forty per cent, and in many cases were dropped out. Barley only average, thirty-three per cent. A small acreage of peas, millet, etc., yielded a fair crop. Buckwheat promises well, but is late in ripening and will need a week more of favorable weather for a good yield. Fodder corn is only fair and there is a large acreage of this also owing to the very backward spring season. Late potatoes are reported good, also other root crops and gardens. Very little fruit is grown here. Orchards are dying and the setting of new trees has proved unsuccessful. Small world fruits yielded well.

William Bailey, Route 2, Bloomfield, has in his possession a coin dated 1320, apparently a piece of Irish money, about the size of the Canadian cent. On one side is a harp and on the other a lady's head, apparently a person of distinction. The coin was found on the Joshua McPaul farm, near Wellington.

Dr. Kindred, Tweed, was fined \$10 and costs for speeding. He has appealed.

Pay as you go, even if you have to go slower than you wish.

### From the Countryside

#### Frontenac

**SNOW ROAD**  
Sept. 11.—Inspector M. R. Reid visited the school on Monday afternoon and left a favorable report. John Erwin, of Toronto, spent the week-end at his home here. Mr. and Mrs. Joseph Hughes, of Tweed, are the guests of Mrs. David Amell. The W. M. S. packed their annual box at the home of Mrs. James Miller, on September 6th. Mrs. James Dempsey spent a few days with friends in Trenton. Miss Myrtle Leitchman, of Kingston, called on friends here on Saturday. Mrs. Thomas H. Millar is visiting in Kingston. Mr. and Mrs. Brown returned to Calabogie on Wednesday after spending the summer here. Miss Bertha Wood and Mr. and Mrs. Tehan, spent Tuesday at Mrs. Steele's, Mississippi. The many friends of Mrs. King are glad to hear that she is recovering.

#### Holleford.

Sept. 12.—Threshing has commenced. School is progressing favorably, with Miss Guess as teacher. Holleford population is increased by two, a daughter born to Mr. and Mrs. Fred Babcock on September 1st, and a son to Mr. and Mrs. Ray Babcock on Sept. 7th. Miss Edna Carlisle went to Kingston on Friday for eye treatment. Mr. and Mrs. Reynolds of Verona, and son, just returned from overseas, were recent guests at John Gregory's. Miss Edna Babcock of Belrock, is visiting relatives here. Mrs. H. Babcock is in very poor health. Mrs. Goslin of Hartington, is with her daughter, Mrs. Ray Babcock. Miss Flossie VanLuvan is spending a fortnight with Mrs. L. Hogan, Sydenham. Miss Ruth Martin has been visiting her sister, Mrs. Ross VanLuvan.

#### Pleasant Valley.

Sept. 10.—School is progressing under the efficient management of the former teacher, Miss Alice Gills. Godfrey, Teacher and pupils are busy preparing for the school fair. A number are attending the camp meetings at Harrowsmith. Little Floyd Hughes, who was severely injured by falling some time ago, was removed from the General Hospital to his home on Saturday. Mrs. Clara and daughters, also Miss Juanita Beauder, Verona, were guests of Mr. and Mrs. G. C. Ashley. Mr. and Mrs. T. W. Kerr, were guests at Edgar Hughes'. Mr. and Mrs. Melville Elderbeck who spent the past few days with friends at Campbellford, have returned. Mr. and Mrs. T. A. Kerr visited at Thomas Bradford's recently. H. W. Larry and son Oswald, returned to their home in Trenton. Mrs. Watts, Ottawa, was the guest of her sister, Mrs. T. H. H. Watson. J. H. Watson and Miss Pearl McKemer, Verona, were quietly married in the city today.

#### MOUNTAIN GROVE.

Sept. 10.—The fifth annual school fair was held here on the 9th. There

### CROPS IN PRINCE EDWARD

**OATS AND PEAS A FAILURE, WHEAT POOR.**

Lots of Corn and Buckwheat—All the Land in Prince Edward County Is Not Deep and Fertile.

(Special to The Whig.)  
Salem, Sept. 13.—While the year 1919 cannot be called a failure from the Prince Edward County farmer's standpoint, because this county has never known a failure, still it is one of the "off" years. The heavy spring rains, made it possible to get the grain sown in a good seed bed and, as a result, oats and peas are almost a failure, with barley and wheat poor. Farmers who were lucky enough to have fall grain sown got a good yield, but because of the poor spring conditions a large acreage was held over for corn and buckwheat and a drive through this county during the past three weeks was certainly one of pleasure, for as far as the eye could see the landscape was dotted with white fields of buckwheat and green fields of corn in rank luxuriant growth.

The sudden drop in cheese prices caused much dissatisfaction. Farmers know that the price was abnormally high, but so is the cost of boots, harness, clothing, etc., which the urban dweller, we farmers as we ever want to see them go; we do not want more than is coming to us, but if prices are to be fixed on one necessity, let them be fixed on all. However it is always "wise" to begin on the farmer first. He may do a lot of kicking, but when it comes election time he is generally full of cheer. There is no matter how he is used. But the farmer may yet be like the proverbial worm,—he may turn.

Prince Edward County has been boosted so much in the press as the "garden of Ontario" that a wrong impression has gone abroad of the

value of land here. While it is true that some sections are so deep and fertile as to be second to none in the country there are some areas which are only average. As a result some farmers have come into the county and paid enormous prices for farms when, undoubtedly, they could have done better in the counties from which they came. However, we are glad to welcome good settlers here, and many have purchased farms during the last three years.

#### LEEDS

#### SEELY'S BAY

Sept. 13.—Threshing is the order of the day in this vicinity; farmers are in the majority of cases, reporting bumper crops. Mrs. J. M. McElroy and family have returned from Watertown, N.Y. Mrs. T. Young is home again after spending the past two months at Vancouver and other Western ports. The steamer J. N. Randall is unloading a cargo of hard coal for Charles Hartley, Capt. and Mrs. Harry P. Randall have returned after spending a week at Niagara Falls, and Toronto exhibition. G. M. Hubert has had a serious attack of inflammation of the eyes, but is recovering. Miss Mildred V. Moulton and Hiram Davidson were married at the Olivet church on Wednesday afternoon. Miss Ella Gilbert returned home last week after an absence of two months; also Miss Gwen Coleman, our popular junior school teacher.

#### Lennox and Addington

#### NEWBURGH.

Sept. 12.—Mrs. Charles Carter was taken to the Kingston General Hospital on Sunday for an operation for appendicitis. She is doing well at the time of writing. A large number from here are arranging to attend the Kingston Fall Fair, beginning Sept. 22nd. Mrs. J. Gehan spent the week in Kingston with her aunt, who is in the Hotel Dieu for treatment. Dr. Joseph Gandier and wife and family of Clinton, spent a few days with their parents here. Roy Samson has a new Chevrolet car.

tween Kingston and Toronto to purchase supplies. He was unable to procure a certain line of canned goods used in every household, in any store in town except one. This man, a retailer, and I think a wholesaler in a small way, took him to his residence, which was packed full of cases of goods, and a large quantity of it was the kind the storekeeper wanted, and some of it has been there three years. The young man told what the goods were a case three years ago, and the profit was enormous. If the householder in the cities could take an X-ray into the basements of even small wholesalers, in their cities they would be astonished.

Again, I was showing a resident of Ottawa some calves we were shipping next day, and he gasped when I told him the price. He said, "why son of-a-bitch are you rolling in wealth." He had been a farmer himself until he was forty years old, so I said, "when are you going to come back on the farm and get rich?" "Oh!" he said, "you will never see me back on the farm again." His reason was obvious: he liked the eight and nine hour day of town better than the twelve and fourteen hour day of the farmer with its chances of failure, as well as success. The man who produces the farmer his success to-day, but there is a class who would still like to see us "users" of wood and drawers of water used to be. But those days are like the day of the buffalo and the Indian war-parties—gone forever. We farmers are doing all we can do to increase production and it has been truthfully said that the top six inches of Canada will have to pay the enormous national debt. But conditions are not to be righted so we can afford to be poor here. Young men do not own land are still rushing to the city because the manufacturer can pay much better wages than the farmer, and the people who have all day long lived in the city would as soon go to penitentiary as to work of the farm.

So if the Government cannot make it profitable for a farmer to hire the laborers already living in the rural district at good wages bankruptcy is the end and are in debt many billions of dollars.

#### Died at Colebrook.

Mrs. Nancy N. Purcell, aged seventy-five years, wife of Henry R. Purcell, died on September 9th, at her old home near Colebrook. Mrs. Purcell had been in poor health for some time and a great sufferer. Mrs. Purcell was a daughter of the late Joseph Brown, Moscow, and lived all her life in the township of Camden. She leaves a husband, to whom she was married about fifty-three years ago, two sons, Reuben, Evesham, Sask., and Edward, Colebrook. There are also four sisters and two brothers living. Her sister-in-law, Mrs. C. Brown, along with the family, was with her when she died. The funeral was held at her old home on Sept. 11th, and thence to Friends Cemetery, near Moscow.

A quiet wedding took place at the home of Mrs. Absolom Gibson, Perth, on Sept. 6th, when her third daughter, Edith Mary, was united in marriage to George E. Code, one of the popular young men.

Miss Timm, Westmeath, has been engaged as science teacher in the Newburgh High School, and assumed her duties.

### Nothing Like It For Bronchitis And Weak Throat

Remarkable Cures in the Worst Cases Reported Daily

#### CURES WITHOUT USING DRUGS

Doctors now advocate an entirely new method for treating bronchitis and irritable throat. Stomach dosing is no longer necessary.

The most approved treatment consists of a healing vapor resembling the pure air of the Adirondacks. This soothing vapor is full of germ-destroying substances, and at the same time is a powerful healing agent. It is sent to the bronchial tubes and lungs through a skillfully devised inhaler that can be carried in the vest pocket. Simplicity itself is the keynote of this splendid treatment.

CATARRHOZE is the name of this wonderful invention that is daily curing chronic cases of weak throat, bronchitis and catarrh. Every breath through the inhaler is laden with soothing, healing substances that destroy all diseased conditions in the breathing organs. It can't fail to cure because it sees where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken in the stomach. Catarrhoze is a direct, breathable, scientific cure.

There is no sufferer from a grippe, cold or any winter ill, that won't find a cure in Catarrhoze, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and cost \$1.00 and is guaranteed; small size 50c, sample size 25c; all storekeepers and druggists.
