Another backer has been found for Proportional Representation: It was strongly endorsed by the National Conference in Ottawa last week.

Two murder trials are being heard before the Supreme Court of Ontario, sitting at Kingston this week.

Manager Bushell has demonstrated that he can give Kingston the biggest and best fair this city ever saw.

While we in Canada are growling about high prices, the people in Russia have to pay two dollars a pound for sugar and eighty cents each for eggs.

A Nebraska balloonist intends to ascend 90,000 feet, at which altitude he expects to signal Mars.

The one thing that is causing food commissioner O'Connor to worry is the fear of so great a slump in food prices that dislocation of business will result.

Those who fear the results of a universal eight-hour day should be reminded that nearly fifty per cent. of the persons employed in Canada already have a day of eight hours or less.

"The love of talking and boasting that is inborn in Germans," is given as a cause on their ultimate defeat, says General Ludendorff in his memoirs.

The Hamilton G.W.V.A. is complaining of the overlapping in work by the Soldiers' Aid Commission and the department of Soldiers' Civil Re-establishment.

Inasmuch as coal miners in the United States demand a 60 per cent. increase in wages, shorter hours and a five-day week, it does not look as if a reduction in coal prices could be expected.

Kingston loses a popular and progressive young business man in the removal to Toronto of Arthur Craig, of the firm of W. G. Craig & Co.

THE VALUE OF THE HOME: In these days, when homes are scarcely obtainable at any price, their value and importance is doubly emphasized.

In the course of the discussion in the Chamber of Deputies on the Peace Treaty, Foreign Minister Pichon upheld the right of the British Dominions to membership in the League of Nations.

The Parliamentary Committee of the Trades Union Congress has drafted a demand for presentation to the Government dealing with the nationalization of the mines.

comple of rooms, often in an undesirable locality. In a recent address the governor of a western state emphasized the great need of the country for more homes and less transient abodes and mere "places to live."

There is no more hopeful sign of these times than the growing resolve of people to own their own homes. When a man becomes a home owner he takes on new value as a citizen to his community.

A man who owns his home makes it his personal concern that the neighborhood in which it is located shall not deteriorate.

The man who can afford to own a home—and the average man of reasonable earning capacity can—should make it his first concern to solve the problem.

A FRIEND OF THE COMBINES: "I charge that the government of the province of Ontario in power at that time (1905-6) knew that there were combinations in restraint of trade, in respect to every article that went into a man's house or into the household, and that there was sufficient influence brought to bear to cause the government to desire the prosecutions to end, and the prosecutions did end with my resignation."

The charge outlined above was made by J. W. Curry, K.C., former crown attorney for Toronto. The public has not forgotten this gentleman's vigorous efforts to break up certain combines, nor the fact that he resigned his position when he found that those higher up were throwing the mantle of protection about the men who were carrying on a wholesale campaign of profiteering in Ontario.

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monachheim, Germany. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

Abundant Satisfaction—No Regrets: That's how you like to think of your silverware, isn't it? And that will be your experience if you buy HOLMES & EDWARDS "Silver Inlaid" or "Super Plate."

In the "Silver Inlaid" the wear points on back of handle and bowl have a piece of Sterling Silver welded in. In the "Super Plate" the same wear points receive a heavy extra coat of pure silver.

Look for the name HOLMES & EDWARDS on the back of spoons and forks—it is your guarantee of satisfaction.

Set of Six Teaspoons: Silver Inlaid, \$4.25; Super Plate, \$3.25. Other Pieces in Proportion. Manufactured exclusively in Canada by The Standard Silver Company of Toronto, Limited.

THE PARLIAMENTARY COMMITTEE OF THE TRADES UNION CONGRESS HAS DRAFTED A DEMAND FOR PRESENTATION TO THE GOVERNMENT DEALING WITH THE NATIONALIZATION OF THE MINES.

Canada—East and West

Dominion Happenings of Other Days.

Each summer thousands of tourists visit the beautiful United States city of Detroit. The most cordial relations exist between Canada and the citizens across the border—relations much more intimate since the two nations have fought side by side on European fields of battle.

That was in 1813, when the American city had come into the hands of the British. Gen. Proctor was stationed there to hold the city with a small force. He was a gallant officer, who had won great fame as a fighter in the war of 1812-1814.

where Proctor had burned the public buildings and a few days later he left Sandwich in pursuit of the British. He overtook the straggling army at Moraviantown where a bitter fight took place. The great Tecumseh was slain there on Oct. 5, and the army of Proctor was destroyed almost.

Since that time Detroit has remained in the hands of the Americans and has grown to be the great city of the present.

NIGHT: The day is long and dreary, and sluggishly it goes; and we are spent and weary, and soon we'll have repose; the night, upon us creeping, will have us in its keeping, and we shall find in sleeping the balm for all our woes.
