

YEAR 86: No. 235.

KINGSTON, ONTARIO, FRIDAY, OCTOBER 10, 1919.

LAST EDITION.

TRADES UNIONS AGAIN RESTLESS

Following the Refusal of Lloyd-George to Nationalize the Mines.

A STERN FIGHT IS AHEAD

NO STRIKE BILL AFTER THE 22ND OCTOBER.

When the Committee Will Report to Trades Union Congress—Private Ownership System Claimed Unjust to Miners.

(Canadian Press Despatch) London, Oct. 10.—Miners and other trades unionists in all parts of the country are very restless to-day following the definite declaration of Lloyd-George to a committee yesterday that the nationalization of mines would not be considered by the Government. It is thought there will be no strike, however, till after Oct. 22nd, when the committee will report to the Trades Union Congress in Glasgow.

It appears to be the impression that if extreme action is necessary to enforce the demand. It will not only be miners who will strike, but trade unionists generally. It is becoming increasingly evident that apart from the arguments claiming that nationalization would be beneficial to the community, there is a strong feeling among workers that the present system of private ownership carries indefensible injustice to the miners. This feeling clearly rankles in the minds of the workers.

THE WORLD'S TITLE GOES TO CINCINNATI

"Hod" Eller Pitches Reds to Victory in the Deciding Game.

Chicago, Oct. 10.—The world series baseball championship pennant for 1919 will fly from Redland Field, Cincinnati, next season. Pat Moran's athletes invaded hostile territory yesterday and annexed the eighth and deciding game against the Chicago Sox by a score of 10 to 5.

The Reds, after dropping two games of their own grounds, permitting the Sox to get back in the running for the big emblem, started the deciding game at the outset. They descended on Claude Williams' left-handed offerings with a determination which sent him into secunation before the third man was out, and Bill James, who hurls from the other side, was trotted out. Three runs were scored by Williams and one off James. It was the latter's first appearance in the series, and he led a terrible life until the sixth, when, with two men on the sacks, he was given the beckoning finger by Gleason, and Roy Wilkinson, also a right-hander, came in to remain through the holocaust.

The invaders continued their onslaught and sent three runs across the rubber. In the seventh the ransy hurler was somewhat wild and walked two men, but no runs were scored by the leg-weary champions-to-be. In the eighth they annexed another, and let it go at that. Their position was so secure that they appeared indifferent, even bored, at the Sox rally, which had the effect, largely, of merely stretching the contest out into the longest of the series, namely, 2 hours and 27 minutes.

The remarkably good weather of the series was again in evidence, and 22,920 persons paid to see the massacre of the local idols. The attendance for the series was 236,928, and the receipts, exclusive of war tax, \$732,414. Of this the players received \$260,349.70 of the amount taken in during the first five games. The winners' share is \$117,157.68 which will give \$5,207.01 to the participating athletes. This is more than the salaries of most of them. It is said. The Sox players will distribute 24 shares of \$3,254.20 each. Yesterday's summary: R. H. E. Cincinnati (N) 410013010—10 16 2 Chicago (A) . . . 01000040— 5 10 1

United Ins Company. Montreal, Oct. 10.—A strong and influential circle of Montreal business men have succeeded in organizing a company to be known as the United Ins of Canada, with a capital of \$1,000,000, and a federal charter is being applied for. It is planned to erect as well as select points, first through the Province of Quebec and then elsewhere in Canada, lines of such type and construction as will suit the particular location of each giving as much comfort to guests as possible.

The collection of Canadian art landscapes coming to the University during the Convocation week will be under the personal care and direction of C. W. Jeffries, F.R.C.A., in conjunction with Barker Fairley. There are some wonderful landscape studies of Ontario and the west. The Russian north-western army on October 5th took 100 prisoners from a Red division in the Pakov sector.

TRAVELLING ROAD TO FINANCIAL RUIN

(Canadian Press Despatch) London, Oct. 9.—Forecasting another British loan to replace the nation's floating debt, the financial editor of the Mail declares it is the opinion of business men that Great Britain is still travelling the road to "ruin" and drifting on without evidence of real reform in the government's wasteful extravagance.

EARLY SOLUTION OF FIUME AFFAIR

(Canadian Press Despatch) Trieste, Oct. 10.—General Graffio, former commander of the Italian garrison at Fiume, left Trieste on his way from Fiume where he was sent by the government to confer with Gabrielle Annunzio. He appeared confident and cheerful and said an early solution of the Fiume difficulty would be reached.

PROUDFOOT IS GIVEN CONSERVATIVE HELP

The Government Forces Won't Put a Candidate in His Riding.

Seaford, Oct. 10.—At a large meeting of Centre Huron Conservatives here, it was decided not to place a candidate in the field against William Proudfoot, the late member and leader of the Opposition. Delegates felt that some recognition was due Mr. Proudfoot "in view of the way he joined hands with Sir William Hearst in the extension of the life of the legislature till after the war, and because he assisted greatly in the formation of Union Government," as the wording of the resolution said. Mr. Proudfoot declares that he will be in the field as an independent, but has yet to be nominated.

CANNOT STAY POISON'S WORK

Leukart Children in Detroit at Point of Death.

Detroit, Mich., Oct. 10.—Two children, one a girl five years old and the other a boy, both pathetically weak, joined in a simple prayer in a little white-tiled room in Providence Hospital. It was the prayer of the two Leukart children, Shirley and Edna, aged eight and six, doomed to die by slow poisoning by the act of their mother, Shirley, the eldest girl, sank into a semi-coma. Her death may come at any moment, say the doctors; Edna, the younger, for whom the physicians had at first held out a slender thread of hope, also was weaker and no longer asked for the tissues and mother, her pretty story-book with the colored pictures.

Dr. H. W. Yates, the attending physician, stated that nothing in medical science could stay the progress of the poison, corrective sublimate of mercury. Neither can it be counteracted, because it already had been absorbed in the system. The symptoms are swelling of eye-lids and abdomen, while a general lassitude comes over the patient. The poison goes through a process of degeneration, killing the cells and destroying the kidneys and intestines. It is only a question of days before the damage is accomplished. The mind remains clear until the end.

Roy Leukart, the father, sat all night and all day to-day between the two little cots, keeping his death vigil.

KILLED AT SAN FRANCISCO.

Nelson Dunning, Formerly of Ottawa, Meets Tragic Death.

Ottawa, Oct. 10.—To survive the frost and shell on the battle-fields of France and then die from a bullet wound while engaged in civil pursuits, was the sad fate that befell a former well-known and popular young Ottawa man, Nelson W. Dunning, who had entered upon a promising business career in San Francisco. Nelson Dunning met his death at the hands of unknown assailants, while returning home in an automobile with his brother, William D. Dunning, manager of the Little River Redwood Company, of San Francisco.

It appears that the shooting was a direct result of a longshoremen's strike in San Francisco. Nelson W. Dunning, who was forty-three years of age, was a few short years ago one of the capital's most prominent football and hockey players.

CAPITAL'S OBJECTIONS

To Sympathetic Strikes, Blacklists and Boycotts.

(Canadian Press Despatch) Washington, Oct. 10.—Opposition to collective bargaining and closed shops were among twelve fundamental principles outlined by a group representing capital and presented today to the National Industrial Conference here. Sympathetic strikes, blacklists and boycotts were declared to be indefensible, anti-social and immoral.

Noted Britishers Dead.

London, Oct. 10.—The deaths are announced of L. P. L. Oppenheim, Cambridge professor of International Law; Major-General Sir Charles Henry Scott, colonel-commandant of the Royal Artillery, and William Carnelley, formerly chairman of the noted firm of Rylands at Manchester.

Labor Troubles At Sarrebruck.

(Canadian Press Despatch) Paris, Oct. 10.—A French major and three soldiers were wounded in a riot at Sarrebruck in occupied Germany. The riot is described as having grown out of labor demonstrations against the high cost of living in which the Spartacists joined.

FIRST ONTARIO GOVERNMENT HOUSE WEDDING IN 44 YEARS.

Miss Enid Strathern Hendrie, daughter of Sir John Hendrie, Lieutenant Governor of Ontario, was married to Colonel Hugh Owen, O.B.E., of Montreal, on Wednesday at Toronto. The new government House is shown above, with Sir John and Lady Hendrie in the foreground.

TELLS WHY WINE WAS IMPORTED

J. D. Flavelle, of License Commission Board, Makes An Explanation.

REPLY TO DEWART CHARGE

ABOUT TORY ATTEMPT TO CAPTURE JEWISH VOTE.

If There Was Any Irregularity, Chairman Flavelle Says That the Guilty Parties Can Be Dealt With. In connection with the charges made by H. H. Dewart, at his nomination meeting in Toronto, to the effect that the Government had endeavored to capture the Jewish vote in his constituency by issuing thousands of liquor orders through a special vendor, Chairman Flavelle, of the license board, has supplied to the press the following explanation: Toronto, Ont., Oct. 9.—In view of the allegations and charges made by Mr. Dewart at a meeting at Toronto last evening regarding the sale of wine to members of the Jewish community for communion purposes, I have to say that by the provisions of the Ontario Temperance Act the Board of License Commissioners, of which I am chairman, are authorized to appoint such persons as may appear desirable for the purpose of importing into this province, under the provisions of any statute of Canada or any Order-in-Council passed thereunder, wine for use in religious service. On the 30th of September, at a regular meeting of the board, the chief rabbi of the Jewish community of Toronto waited upon the board, and after hearing his application the following resolution was passed: "Whereas representations have been made to the Board of License Commissioners by the chief rabbi of the Jewish religion in Toronto that it is necessary that suitable wine should be provided for the use of members of the Jewish community in Toronto during the feast of the tabernacles for the year 1919, under the direction of the rabbi of each congregation, and an application has been made to the board for authority to import such wine as may be necessary; for that purpose during the said feast, being a religious observance extending from Tuesday, the 7th day of October, until noon of Thursday, the 16th day of October, 1919, and it appearing desirable that such application be granted there resolved that the said wine shall be obtained from the Jewish government dispensary at Toronto by the said vendor, who shall distribute the same under the directions of the rabbi of each such congregation as aforesaid. (Signed) J. D. Flavelle, Chairman."

SCARCITY OF CARS

More Canadian Cars in U. S. Than U. S. In Canada.

Ottawa, Oct. 10.—Mr. Lavigneur is drawing the attention of the Government by a question in the House to the circumstance that the lumber trade of Canada is suffering from a great scarcity of cars, owing to the fact that 44,000 Canadian cars are withheld in the United States, as against 23,250 American cars in Canada. He wants to know if it is the intention of the Government to fix five dollars per day as the charge which companies are obliged to pay for every car on their line belonging to other companies, instead of the seventy cents per day railway companies are now obliged to pay.

CARDINAL MAN DISAPPEARS.

Breckville, Oct. 10.—There is anxiety in Cardinal over the disappearance of James Levers, an employee of the Canada Starch Company, who left his work at that factory on the evening of Wednesday last week, and who has not since been seen. Levers served on the Canada Guard at the commencement of the war, and had several sons on active service. At the time of his disappearance he was apparently in good health. The steamer Weimar has arrived at Leth, Scotland, from Hamburg, with only 150 tons of German goods.

100 FRENCH OFFICERS TO GO TO BERLIN

(Canadian Press Despatch.) Paris, Oct. 10.—Premier Clemenceau stated in the Senate yesterday that one hundred French officers would be sent to Berlin immediately after the peace treaty to see that Germany carries out disarmament measures.

DON'T FAIL TO REGISTER

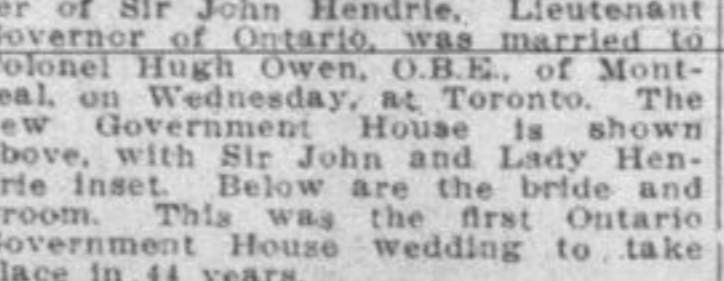

While only one candidate is in the field at the present time there is the opportunity of further nominations being made. In case an election should be held for the Dominion House, those who have failed to register will not be able to vote. The Voters' List is now being revised before the Judge at the Court House and the last chance that the qualified elector will have to get his name on the Voters' List will be this evening from 7.30 to 9 p.m., and to-morrow afternoon from 2 to 5.30 p.m. Every citizen interested in the city and its progress should qualify as a voter. This is the last opportunity. If you are entitled to vote, don't neglect to go to the Court House to-night or Saturday afternoon—or, if you cannot go send someone in your place. Remember that after 5.30 p.m. on Saturday no further names can be added to the list. Don't run the chance of not being privileged to vote in case an election is held. Quality now.

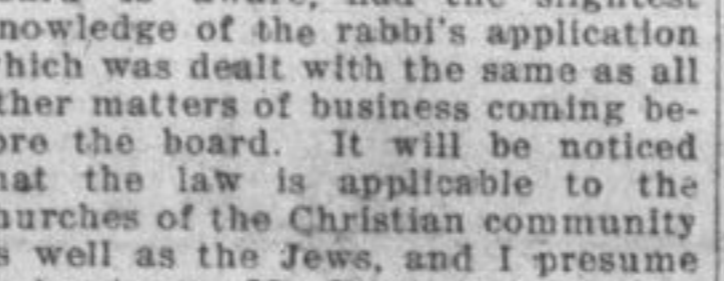

Miss Enid Strathern Hendrie, daughter of Sir John Hendrie, Lieutenant Governor of Ontario, was married to Colonel Hugh Owen, O.B.E., of Montreal, on Wednesday at Toronto. The new government House is shown above, with Sir John and Lady Hendrie in the foreground.

FARMERS' HOPES RUNNING HIGH

Anticipate Being Official Opposition in the New Ontario Legislature.

65 LIBERALS NOMINATED

IN CONSTITUENCIES AND MORE ARE TO BE NAMED.

There Are So Far Eighty-two Conservative Nominations and Sixty-five Farmers Contesting.

Toronto, Oct. 10.—Political leaders of the United Farmers of Ontario make no secret of their ambition to constitute that party to be the official Opposition in the Ontario Legislature, by electing a sufficient number of their members, at the elections on October 20th, to seats in the provincial house. Indeed, some of the agricultural stalwarts declare that they have a fair chance of being elected to power, by returning more candidates than either of the old-time parties.

As an earnest of the U.F.O. aspirations, it is pointed out that they have already placed, in unofficial nomination, candidates for sixty-five of the so-called U.F.O. constituencies and of the one hundred and eleven seats in the Ontario House and they promise several more selections to be nominated on Monday next, the official nomination day. It should be pointed out, however, that some of the labor-soldier-tenant farmer variety who could hardly be expected to give very strong support to U.F.O. leaders.

The Conservative (Government) organizations have now nominated candidates for eighty-two seats and will probably have nominees for every constituency by Monday next. The Liberals have sixty-five candidates now in the field and, in addition to the U.F.O. list, there are promised as independent soldier or labor men, candidates for thirteen seats.

THE CARDINAL'S CHEESE BEAT GERMAN WITS

Cardinal Mercier Tells New York Association of Sending Note by Ruse.

New York, Oct. 10.—In the course of a speech to the Merchant's Association at the Hotel Astor Cardinal Mercier told them a story of a round Dutch cheese that, as an instance of top-grade business acumen and efficiency set every practical man through. Following the suggestion of J. E. Tremble, Quebec, that Dr. Tobin be asked to speak on the topic, Delegate E. K. Knolton, Vancouver, and G. E. Gibbard, Toronto, opposed the hearing, the former stating that German propaganda was still in operation in Canada, in his opinion. The vote was then passed. The address of Dominion President E. Nesbit, Winnipeg, formed the theme of a discussion and "asperin" was the principle subject.

Although there was some little difference of opinion at the convention, it was virtually in accord with the idea that the patent protecting the name of "asperin" from general use should be cancelled in Canada as it had been in the United States. Victor Ross Returns. Toronto, Oct. 10.—Victor Ross, formerly financial editor of the Globe, has given up his duties as assistant to the president of the Standard Oil Company, of New Jersey, in order that he may devote his attention more fully to the affairs of the International Petroleum Company, of which he is vice-president, and the Imperial Oil Limited, of which he is a director. He is also a director of the Intercolonial Pipe Line Company. Mr. Ross will again take up residence in Toronto.

TOTAL ABSTAINERS.

Alcock and Brown Prohibitionists for Three Months. New York, Oct. 10.—Sir Arthur Brown and Sir John Alcock, who made the first non-stop airplane flight across the Atlantic, became total abstainers three months before the flight, according to statements made by Sir Arthur, who is lecturing in New York. He said that this course was adopted so that "when we were flying, a small quantity of brandy would have the same effect."

He said the number 13 had no superstitious terrors for the fliers. Work on the plane was begun February 13. It was the thirteenth of its class. There were thirteen members in the expedition to St. John's and the fliers arrived at St. John's on the 13th, Sir Arthur said. The Bolsheviks have suffered a severe defeat in the Pakov sector. The Russian Northwestern army has taken many prisoners.

TO FORM PROVINCIAL FEDERATION OF LABOR

Legislation Demanded in Saskatchewan Includes Four Chief Items.

Regina, Sask., Oct. 10.—The formation of a Provincial Federation of Labor for Saskatchewan to replace the Saskatchewan Executive of the Trades and Labor Congress is contemplated, it was announced by the executive yesterday. A convention for this purpose will probably be held in Regina next spring. The demands of Saskatchewan Labor for legislation at the approaching session of the Provincial Assembly were presented to the Government. They include the application of proportional representation in Provincial and municipal elections and they ask for a standard eight-hour day, the recognition of Labor unions, and the right to collective bargaining.

The Labor men exclude the agricultural industry from the operation of the proposed eight-hour legislation, and in reply to the suggestion that such legislation would make farm labor scarce they state that it will force improved working conditions on the farm. The Executive is also asking the Government to elevate the Bureau of Labor, which is at present a branch of the Agricultural Department, to the status of a department under a responsible Minister.

BONUSES IMPOSSIBLE ACCORDING TO WHITE

Raising of Gratuities Would Hurt the Credit of the Dominion.

Ottawa, Oct. 10.—A further statement of the difficulties facing the government which make the payment of \$200,000,000 or more in gratuities a difficult matter for the administration to face was placed before the special committee on soldiers' civil re-establishment by Sir Thomas White, former minister of finance. The former minister of finance called attention to the very heavy expenditures which the government was called upon to face from the forthcoming Victory loan. Without any new debts being incurred, the major portion of this loan would be taken up in bank debt and other obligations.

"Canada's financial position," he said, "while it should not be called critical, is still sufficiently serious, because of five years' war expenditure to call for most careful consideration. The policy of all the nations which were belligerents will be toward retrenchment for the next few years."

In regard to the forthcoming loan, Sir Thomas said he had no misgivings. It would probably be well over-subscribed, but he could see that from present indications a further loan would be necessary next year. Canada had had to borrow money to finance purchases by Britain and her allies in order that Canada's own trade might not suffer.

"I do not see how it would be possible for the government to raise any such further sum as is suggested, if its credit is to be maintained," said Sir Thomas. The ex-minister expressed the view that should the government decide to grant a large amount of additional aid to soldiers the money would mostly have to be produced by domestic loans.

DISCUSSION ON ASPERIN.

Toronto Doctor Delegates Asked to Leave Convention.

Winnipeg, Oct. 10.—Dr. B. W. Tobin, of Toronto, was requested to withdraw from the Canadian pharmaceutical convention by a unanimous vote of the delegates following a discussion about "asperin." Dr. Tobin is the Canadian representative of the Bayer interests. New York, original dispensers of asperin. Following the suggestion of J. E. Tremble, Quebec, that Dr. Tobin be asked to speak on the topic, Delegate E. K. Knolton, Vancouver, and G. E. Gibbard, Toronto, opposed the hearing, the former stating that German propaganda was still in operation in Canada, in his opinion. The vote was then passed. The address of Dominion President E. Nesbit, Winnipeg, formed the theme of a discussion and "asperin" was the principle subject.

Although there was some little difference of opinion at the convention, it was virtually in accord with the idea that the patent protecting the name of "asperin" from general use should be cancelled in Canada as it had been in the United States.

Jail for Bootlegging.

Calgary, Oct. 10.—Resolutions asking that second offenses for bootlegging be punishable by jail sentences, that equal parental rights be established in the Province, that widows be given greater power under the Dower Act, that a living wage be incorporated in the Factory Act, that hotels and lodging houses be licensed to bring them under police regulation, and that marriage licenses be issued only from the Court House by responsible parties, and the lists published every day, were passed by the Provincial Executive of the National Council of Women.

To Head Disarmament Commission.

Paris, Oct. 10.—According to the Temps, General Fayolle, one of the distinguished French army leaders during the war, and head of the army which entered Mayence after the armistice, will be placed at the head of the Inter-Allied Commission to supervise the disarmament of Germany, as provided for in the Versailles treaty.

Three in Trenton.

Belleville, Oct. 10.—J. W. Calloway, Trenton, president of the Trenton Labor Council, is a candidate for the Labor party and U.F.O. in West Hastings. Mayor W. H. Ireland, Trenton, is the Conservative candidate and Col. O'Flynn the Liberal candidate.

PEACE IN EFFECT IN A FORTNIGHT

Ratification By the Three Powers Is Expected By Then.

THE CONFERENCE TASKLESS

LEAGUE COUNCIL AND REPAIRATION COMMISSION PROBLEMS.

The Bulgarian, Hungarian and Turkish Treaties Are Still Hanging Fire and Will For Some Time.

Paris, Oct. 10.—With the completion of the peace treaty by ratification of three Great Powers which, it is generally believed in Paris, will take place within two weeks, the work of the Peace Conference and the Supreme Council will be greatly changed. Many questions at present before the Supreme Council will be transferred immediately to the Permanent Reparations Commission. In fact, the Supreme Council has already turned many of the reparations questions over to the commission, which recently has been investigating the amount of property belonging to all the Entente Powers, and the effect the Rumanian confiscations will have on Rumania's share in the total reparations.

Many questions relating to the Sarre valley, Danzig and Silesia are of such pressing importance that they will undoubtedly be taken up at the first meeting of the Council of the League of Nations, which, according to plan, is to be called by President Wilson in a fortnight after the treaty is formally ratified by three Great Powers.

A plebiscite in Upper Silesia must be held as soon as possible, because of the strained relations there, where the Poles and Germans are holding each other at bay, and there is a general disposition in conference circles to give Poland relief at the earliest moment, as the Silesian coal supply is urgently needed in Central Europe.

Until the United States ratifies the treaty, it cannot participate in any commissions created under the treaty. A plebiscite in Upper Silesia must be held as soon as possible, because of the strained relations there, where the Poles and Germans are holding each other at bay, and there is a general disposition in conference circles to give Poland relief at the earliest moment, as the Silesian coal supply is urgently needed in Central Europe.

Problems For League. Recently there has been a disposition on the part of several delegations to refer to the various foreign offices all business which would normally be handled by themselves, and the Supreme Council will be able to speed up this long-drawn-out process as soon as the League of Nations comes into existence, as many of its most annoying problems will properly go to the league.

The Supreme Council will instantly lose much of its importance as soon as the German treaty is in effect. However, it still has the Bulgarian, Hungarian and Turkish treaties hanging fire, and the indications are that it will be many months before these can be disposed of because of the unsettled conditions in Hungary and Turkey.

The German peace treaty, in consequence of its ratification by royal decree of King Victor Emmanuel of Italy, will become effective in fifteen days, according to the interpretation of the French press. There is considerable uncertainty, however, whether the decree must be approved by the Italian Parliament before it is finally effective.

NEWS IN BULLETIN.

Lieut. Maynard arrived at Cheyenne, Wyo., Thursday night in his coast-to-coast flight.

The Berlin bomber Atlantic, from Nova Scotia, was compelled to land ninety-five miles from New York City, having run out of gasoline.

According to Helsingfors reports the Germans are now marching on Riga.

Premier Lloyd George refuses the demands of the British miners for Government control of mines.

Jail for Bootlegging. Calgary, Oct. 10.—Resolutions asking that second offenses for bootlegging be punishable by jail sentences, that equal parental rights be established in the Province, that widows be given greater power under the Dower Act, that a living wage be incorporated in the Factory Act, that hotels and lodging houses be licensed to bring them under police regulation, and that marriage licenses be issued only from the Court House by responsible parties, and the lists published every day, were passed by the Provincial Executive of the National Council of Women.

To Head Disarmament Commission.

Paris, Oct. 10.—According to the Temps, General Fayolle, one of the distinguished French army leaders during the war, and head of the army which entered Mayence after the armistice, will be placed at the head of the Inter-Allied Commission to supervise the disarmament of Germany, as provided for in the Versailles treaty.

Three in Trenton.

Belleville, Oct. 10.—J. W. Calloway, Trenton, president of the Trenton Labor Council, is a candidate for the Labor party and U.F.O. in West Hastings. Mayor W. H. Ireland, Trenton, is the Conservative candidate and Col. O'Flynn the Liberal candidate.
