Lad Falls Off Precipice. Port Arthur, Oct. 15.—Farley Thompson, aged sixteen, son of H. A. Thompson, manager of the Molsons Bank, Port Arthur, was killed by falling from a precipice on Mount McKay, Port William, late Monday afternoon. Young Thompson was one of a party of forty, nearly all fellow-students of his, of the Port Arthur Collegiate, spending the day at the mountain. With three or four other venturesome lads he got onto a ledge at the precipice when the footing gave way.

Thomas Bell, a returned soldier, was crushed to death under the wheels of a freight train at the foot of Yonge street, Toronto. Will You Cast Your Vote for More Drug Fiends?

DO YOU REALIZE that the fiendish drug habit is spreading through the fair Province of Ontario at an alarming rate?

DO YOU REALIZE that doctors and apothecaries are so appalled by the insidious growth of this terrible evil that appeals are being made to the authorities to take most drastic action?

DO YOU REALIZE that this canker worm is eating its way through every strata of society, high and low, poor and rich—men and women of all grades and conditions in ever increasing numbers are becoming addicts of the terrible habit?

DO YOU REALIZE that these poor unfortunates are being supplied, by vast importations of opium, cocaine, morphine, heroin, through the dark ways of the underworld that baffle the police?

DO YOU REALIZE that this terrible condition is due largely to the sudden enforcement of a too drastic prohibitory legislation? The Toronto Telegram only a few days ago quoted

a prominent physician as declaring: "Some of the addicts have stated that when cut off from alcohol they had drifted around to the use of drugs."

DO YOU REALIZE that in voting for the continuance of The Ontario Temperance Act you are voting for the continued spread of this deadly traffic? The despicable creatures of the underworld who live by pandering to the weakness of their drug-victims, are hoping for a solid four "No's" on the ballot. The responsibility must rest with you,

ROLL CALL OF NEW NATIONS.

Henry Noble MacCracken in the October Yale Review. The peace treaty does not tell what is in our minds about the new free peoples of the world. In prosy, solemn fashion it declares that Germany recognizes them as peoples when, if it is to tell us truly if the Peace, this Treaty should need, with the sound of trumpets, the voice of Milton, to name with majesty and with due greeting the roll call of our new world; only his voice could make the names ring out with all the meaning that they carry—Finland, Estonia, Latvia, Poland, Czechoslovakia, Jugoslavia, Armenia, Palestine, Syria, Arabia, and the rest. This is an epic theme, and the Treaty does scant justice to it.
