IT'S ENJOYED
WE ENJOY YOUR BAKING!
FOLKS say they enjoy our baking. They know that no bread baked is superior to the bread we make, and they know our pastry is quite tasty. They know our buns are the ones that please and tease their appetite and that all the cake we make is just exactly right.

The narrow minded man is quite likely to carry his partisan ideas to the extreme. Usually there is a pay day following those things that you and I get for nothing.

The Value Of The Home
The man who can afford to own a home—and the average man of reasonable earning capacity can—should make it his first concern to solve the problem. He will be aided in that task by studying the real estate offerings closely and investigating those which impress him favorably. He will thus be serving himself, his family and his city. To every such man, we would say "Get a home to rely around."

PRaises Lloyd Harris.
Has Hoisted Canada's Trade Banner in New Fields.
London, Oct. 23.—Referring to the dinner recently tendered to Lloyd Harris, the Times pays a tribute to his remarkable work as chairman of the Canadian Trade Mission. He has "carried the Canadian trade banner and hoisted it in places where hitherto Canada has been but a name," the Times says. "If his success in this respect has been notable his missionary preaching of the gospel of the Empire in the mother country has been no less important."
His work, the Times thinks, points a moral for the British Governments, its results being precisely those

The Times adds: "The Government would do well to study the methods of the Canadian Mission; and even better, to call some great business men of the Dominion with their virility, energy and enterprise, to assist in a consultative capacity in the vitally important task of developing British trade in fields where they themselves have prospered."
