MATHIEU'S SYRUP OF TAR & COD-LIVER OIL

CURES

Coughs, Colds, Grippe, Bronchitis, Whooping Cough, Asthma, Etc.

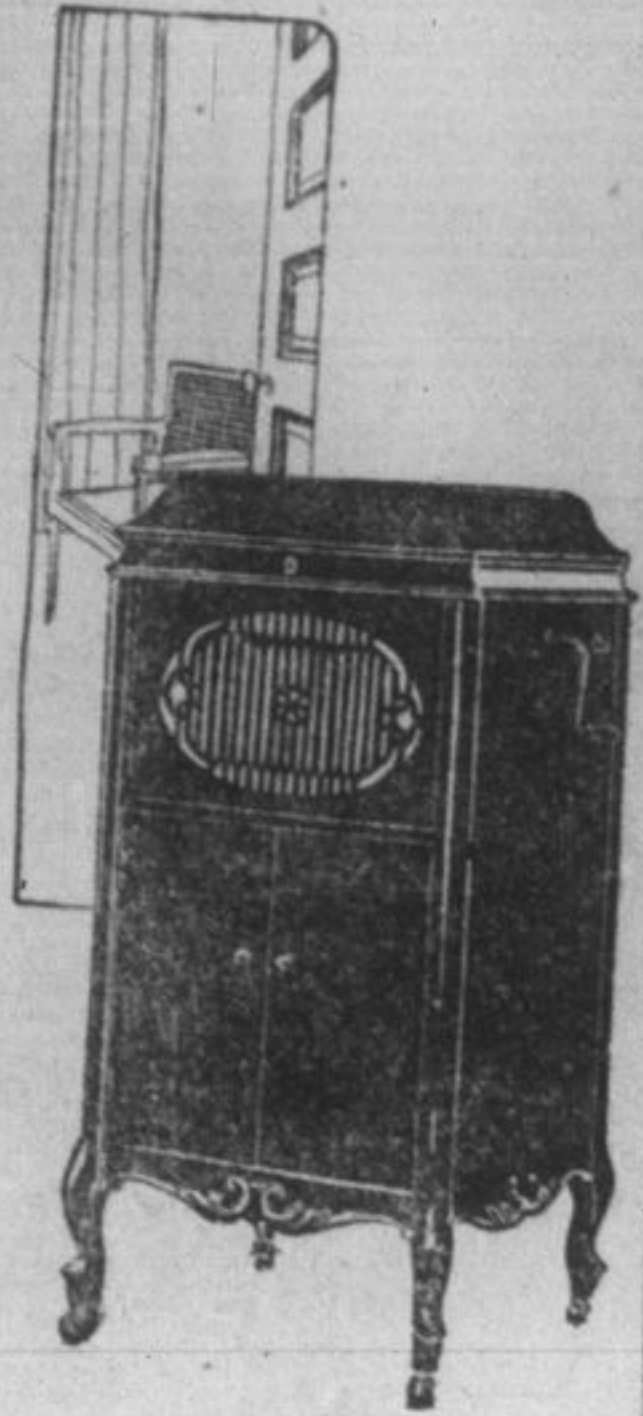

MATHIEU'S SYRUP is a sovereign tonic combining the curative properties of TAR and the strengthening virtues of COD LIVER OIL.

Colds, when neglected or badly treated give rise to consequences of such a grave character that you should not risk using inferior preparations.

MATHIEU'S SYRUP is the only genuine remedy whose reputation has caused to crop up many imitations of doubtful value.

STILL ANOTHER DEFEAT

QUEEN'S INTERMEDIATES TRIMMED BY THE R.M.C. CADETS.

The Score Was 43 to 5, on Wednesday Afternoon—The Soldiers Were Too Much for the Men of the Gown.

Queen's went down to another defeat on Wednesday afternoon when their intermediate rugby team met the Royal Military College on the Athletic grounds. The superior weight of the cadet team told throughout the game, continually breaking up the scrimmage work of the tricolor. The first period was fair, Queen's tried to score, but failed. R.M.C. broke through a scrimmage and after a magnificent exhibition of passing, Russell, their crack half-back, made a touch-down and was converted.

Shortly after, White, of the R.M.C., after being tackled by half a dozen Queen's men, got through and brought the score up to 11-0. With only a few seconds to go Russell, of R.M.C., made yet another touch-down, and converted by Dunbar, brought the score to 17-0 in favor of the Cadets.

Quarter time called, teams quickly changed sides and got going again. The whistle had hardly blown when Dunbar connected with a return kick from Queen's and was away down field like lightning. He connected with the best touch-down of the game, and then converted it.

Then the R.M.C. got away on Queen's and scored another touch by McDougall, bringing the score up to 23-0. This seemed to get Queen's "goat," for they turned round and after a fine run, Dolan, of Queen's, scored the first for the tricolor, making score 23-5. Just after R.M.C. scored again and converted, then the whistle blew leaving the score of 34-5 in favor of R.M.C.

In the third quarter Carr-Harris of R.M.C., replaced Adams, who was badly hurt in the face. Queen's made a fine attempt to score, but weight told and they were repeatedly repulsed. Russell of R.M.C., scored the one touch down in this quarter making the score 40-5.

The last quarter was very slow, both teams seeming to be kind of tired. "R.M.C." scored a rouge and a touch, and Queen's failed to score at all. Final score was 43-5 for R.M.C.

Young Lyons, of Queen's, played an exceptional game and with some training should develop into a first class player.

The teams lined up as follows:

Queen's—Campbell, flying wing; McCartney, Gov. halves; Gregg, Dolan, quarter; Anderson, Gray, and Denman, scrummers; Farquarson, Flukie, inside wings; Ellis, O'Gorman, middle wings; Blakeney, Veale, outside wings.

R.M.C.—Dunbar, flying wing; Mundell, McDougall and Russell, halves; Ross, quarter; McKenzie, Adams and Birmingham, scrummers; Winter and Hamilton, inside wings; Sinclair and White, middle wings; Walker and Rutherford, outside wings; Panet, Holt, Howard, Carr, Harris, spares.

Officials—referee, Capt. Roberts. Judge of play, Capt. Brownfield, who left at half time and Prof. Lindsay Malcolm carried on.

Princess to Kick the Ball Off

The teams that are to play at the cricket field on the occasion of the visit of the Prince of Wales on Saturday next have been selected from the Army and Navy Veterans and the G.W.V.A. The Prince will kick off the ball at 11.20 a.m. and while His Royal Highness will not be able to remain to see the game through, it is expected to be one of the best ever played in Kingston. Some of the 21st players will be on both teams as well as several of the vocational champions. The referee has not yet been decided upon.

A meeting of the executive of the Military Baseball League will be held soon when arrangements will be made for the presentation of the challenge cup by J. R. Forster to the District Depot team winners of the championship.

PRINCE TO KICK THE BALL OFF

Record Entry List for Intercollegiate Meet at Montreal

Record entries for the revival of intercollegiate track and field championships, to be held at the McGill Stadium on Saturday afternoon, have been received. This will be the first championship meet held since the autumn of 1914, when intercollegiate sport was abandoned for the duration of the war. It will also be the first intercollegiate meeting in Montreal since 1911, when the sport was last held here.

Queen's, McGill and Toronto University have entered full teams in each event. A team consists of three, although only two of that number can compete for the honors. The Toronto aggregation is headed by Captain Carruthers, who captained the Canadian team in the intercollegiate sports held in Paris early in the season. Carruthers won the allround championship of Toronto University at the meet a week ago.

The Queen's team will be headed by R. W. Frank, who won the allround championship of his college last week. From the time made by Carruthers in winning the 120 yards hurdle race at Toronto, it is likely that a new intercollegiate record will be established. Carruthers won the hurdle race in 16 2-5 seconds, while the intercollegiate record is nearly a second slower than that.

The McGill team will be led by W. R. Kennedy, who won the allround title at the Montreal meet last week. Kennedy, on his performance in the high jump, should set another mark.

NO R.M.C. TEAM ENTERED IN THE INTER-COLLEGE SPORT

There has been considerable surprise expressed in sporting circles that the Royal Military College has not entered a team in the intercollegiate track sports to be held in Montreal on Saturday next. It is a well known fact that the R.M.C. will be very much on the programme of the visit of the Prince of Wales, and do not like to have any of their men away. However, in view of the excellent showing of their team in the recent track sports held at the college, it is thought that they should have sent one or two of their best men to the meet. Two such men as Dunbar and Russell would have done the greatest credit to the college, in practically every run.

WESTERN FOOTBALL

Manitoba, Alberta and Saskatchewan teams.

Football throughout Western Canada is enjoying a splendid season at this year. Senior competition in Manitoba and Saskatchewan gave up senior play in 1915, owing to gridiron players joining the army almost in a body. This season Manitoba and Saskatchewan made early preparations for the resumption of senior competition and the respective leagues are now well advanced. Calgary officials were a little slow in getting things going, but they now have their league under way and it promises to be very successful, as there are two teams in Calgary and two in Edmonton.

With senior play again flourishing throughout the West, the popular Western Canada Football Union has come to life once more. President Ralph Patterson is working out plans for a play-off for the championship. It is Alberta's turn to stage the final, and it is Manitoba's turn to go to Saskatchewan for the semi-final match.

Shrubb Coaches Oxford Men.

A London despatch says of Alfred Shrubb, who left Toronto some weeks ago to engage in middle distance professional running races in the British Isles.

It has come as an extraordinary surprise to experienced athletes to learn that Alfred Shrubb, the famous long-distance runner, has been appointed athletic coach to the Oxford University Athletic Club. The Horsham man was a remarkable runner, possessed of a splendid style so far as carriage of the body, head and arms are concerned, and also as regards his stride. He was wonderfully lacking in judgment, however, and a most difficult man to train, according to his mentor, Harry Andrews, to whom Shrubb owes so much for his earliest success.

NEW HOME RUN KING OF BASEBALL

"Babe" Ruth, the new home run king of baseball, will be a natural 400 batsman next season," said Ed Barrow, manager of the Boston Red Sox, in discussion of the ability of the baseball Tarzan as a batsman.

"Ruth will shorten his swing next season, and while he will not make as many home runs, he will punch out more singles and his average will jump accordingly. Harry Hooper agrees with me, that if Babe shortens up and is content to just meet the ball he will develop into one of the greatest hitters—already he is the greatest of all sluggers—the game has ever had. There is no question in our mind but that he will be a 400 hitter in 1920. He has the ability and the very powerful wrists, arms, shoulders and back. Then, 400 of course, he has the eye and the confidence."

Hockey at Sarnia.

With the success that hockey proved as an attraction during the past winter, there is every reason to believe that the Sarnia City Hockey League will expand to an eight-team series this coming winter.

Numerous industrial teams will again compose the league, along with the Point Edward and Collegiate teams.

Prospects for O.H.A. hockey here are anything but bright as the fans have popularized the hockey by their acquaintance of every player in the city league and it was not unusual to see a picked rink for games last winter.

Football Ban Lifted by Columbia.

Final action in removing the restrictions placed on football at Columbia University five years ago was taken by the University Council today. It was announced to-night.

The Morningside Heights institution is now once again permitted to arrange games out of town and to meet Harvard, Yale, Princeton, Cornell and Pennsylvania.

Between Famous Men.

After Nick Altrock had introduced Hughey Jennings as the famous manager of the Detroit Tigers to General Pershing there appeared to be no one to introduce Nick.

"And," said Nick to the General. "I'm a famous man, too. I think us famous men oughta know each other. We oughta stick together."

And then the General laughed.

Two International Pictures.

At a recent meeting of the League Management Committee having charge of soccer in Great Britain, it was recommended to play the interleague soccer match with Scotland and England at Glasgow, on March 29th, 1920, and the interleague game between England and Ireland in England October 13th.

Victory of the Arab.

When the 300-mile endurance race for cavalry horses finished Sunday at Camp Devens, Mass., it was found that three pure-bred Arabs had finished one, two, three. The only Morgan to finish was Castor, and he received the lowest rating from the judges. His condition which was marked 30 on a basis of 50, pulled him down, as did also his feed, score on which he obtained only 6.493 points out of a possible 25.

The importance of these comparisons is that it proves the contention of Arab breeders that the Arab will do more work on less feed than other breeds. Kamela, the winner, travelled 304 miles of the test on 29 pounds of oats and 44 pounds of hay, carrying 200 pounds, an extraordinary performance from the view of general efficiency.

The Goal from the Field.

In all of the football games on local gridirons this season that use local and spectacular play, the goal from the field, has been almost entirely overlooked. The possibility of its frequent successful execution is repeatedly attested by the somewhat recent decision of the Rules Committee to lower its value in points to three. Very often the employment of the play will turn defeat into victory. Not enough attention is paid by coaches to the development of drop-kickers.

Dispensary For Brantford.

Brantford, Oct. 23.—It was intimated here yesterday that in the event of there being no change in the Ontario Temperance Act as indicated by the returns, a dispensary for the dispensing of liquor on medical prescriptions will be opened in this city by the Ontario License Department. At present all prescriptions made out in Brantford have to go to Hamilton to be filled.

RECORD ENTRY LIST FOR INTERCOLLEGIATE MEET AT MONTREAL

Record entries for the revival of intercollegiate track and field championships, to be held at the McGill Stadium on Saturday afternoon, have been received. This will be the first championship meet held since the autumn of 1914, when intercollegiate sport was abandoned for the duration of the war. It will also be the first intercollegiate meeting in Montreal since 1911, when the sport was last held here.
