INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent, Ont. It was this kind that almost killed Mrs. Edw. Warman, of Kent, Ont.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak, and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published.

This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralise and enrich the blood, and therefore does cure the worst cases. Mr. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is CURE, order to-day, 50c per box, or six for \$2.50, sold by all dealers.
