### A BANQUET AT ST. JAMES'

TO WELCOME RETURNED SOLDIERS OF THAT CHURCH

Rev. Dr. Hague Toronto, and Bishop Bidwell Were the Chief Speakers—Several Returned Officers Also Spoke.

St. James' church welcomed her returned soldiers with open arms on Monday evening at a banquet given in their honor in the school house. It was a men's banquet held under the auspices of the Men's club and 150 sat down to supper, of whom forty were returned soldiers. The honor roll of the church contains the names of eighty-six volunteers of whom fourteen were killed in action or died while on service, leaving thirty-two unavoidable absent, which was very much regretted. The supper was served by the ladies of the church while Salisbury's orchestra played throughout.

At the conclusion of the supper, all stood and sang "God Save the King." Rev. T. W. Savary, who acted as chairman then introduced the speakers and for two hours all enjoyed an intellectual treat. Francis King, was called upon to propose the toast to the "Returned Soldiers." On behalf of the members of St. James' church he tendered a very warm welcome that he knew came from the hearts of each one of the congregation.

Major Frank Partridge, who spent two years in France, and whose brother was killed in action there, responded on behalf of the soldiers present. He thanked Mr. King and the congregation for the very warm welcome and gave a most interesting account of the soldiers awakening to a new consciousness.

Rev. Dr. Dymon Hague was the next speaker and he gave an admirable address in which he paid the highest tribute to the men who had served in the Canadian Army.

He referred to the Forward Movement now engaging the attention of the church which called for the most earnest co-operation on the part of all her adherents. The war was won because we stuck to the game and all are now called upon to stand by the church and promote in every way the great task before her.

Bishop Bidwell was the next speaker, and he welcomed the returned men to his diocese and told them how much was expected of them by the church which in grappling with the task before her found that she had to adapt herself to the new conditions calling for greater efficiency that demanded more co-operation possible on the part of every layman. The bishops were handicapped in their work by lack of funds and in many important enterprises were obliged to pay their expenses themselves or fall in their work.

Captain F. Lowe moved a vote of thanks to the ladies of the church who had given as only soldiers give them. Captain Sidney McCann moved a vote of thanks to the speakers of the evening. He said that as soldiers they had done their duty and were only too glad now that they were home once more to resume their places as citizens. Captain Tompkins sang "O'Canada" and all joined heartily in the chorus.

### Theatrical

**At the Grand.**  
"The Blindness of Divorce," is a brilliant William Fox photodrama of social conditions of the hour, which has so much human interest in it, that it cannot fail to entertain every one. It is a virile, vital message to every one. The play is the work of that cinema master, Frank Lloyd, who not only directed this film, but is also its author. The production has an all star cast including Bertha Mann, Rhea Mitchell and Charles Clary, and will be found one of the strongest ever presented on the stage or screen. There are also a number of other excellent films, including one of the famous Mutt & Jeff cartoon comedies, and Mardo and Davis in their clever singing, talking and dancing act of polite vaudeville complete the bill. This programme will be seen to-night and Wednesday, matinee and night.—Advt.

**At Griffin's.**  
"Love Insurance," Bryant Washburn's latest photoplay attracted a large audience to Griffin's last evening, and judging by the tumultuous applause and loud laughter they thoroughly enjoyed this picture, which concerns the adventures of a young insurance agent who was sent out by his company to promote a wedding between an English nobleman and an American heiress, the company having insured the wedding for a large amount for the Nobleman. A highly interesting situation develops when the young agent himself falls in love with the girl, then the fun starts.

"Love Insurance" abounds in unique and important character parts, and the leading actors and actresses who play them have ample opportunity to do their best work. The scenes are laid in a beautiful spot in Florida, and Bryant Washburn, likeable insurance agent, while beautiful Lois Wilson is the woman in the case. Don't miss this picture.—Advt.

**Was Allowed His Freedom.**  
The young French-Canadian, who was gathered in for trespassing on the property of the Grand Trunk railroad, was allowed his freedom on condition that in future he would stay off the company's property.

On Monday when the young man who was unable to speak a word of English, was handed over to Justice of Peace Hunter, he got in touch with Chief of Police Robinson who after questioning the young man learned that he had been working in the lumber camps, but had the misfortune to have part of his foot cut off and he was trying to make his way to his home.

**Weather Notes.**  
An important disturbance is centred this morning over the Ottawa Valley, causing rain in Eastern Ontario and Quebec and the Maritime Provinces. In the west, the weather has been fair, with somewhat higher temperature.

### SUBSCRIBES \$10,000,000 TO THE VICTORY LOAN

The Canada Life Assurance Company Makes a Notable Investment.

One of the first and largest subscriptions to the new Victory Loan is that of the Canada Life Assurance Company for ten million dollars.

This subscription means that the Canada Life will have included in its assets of \$70,000,000, more than \$20,000,000 in Government war loans. The annual income upon this large amount is considerably over \$1,000,000 and will be a source of dividends to policy holders.

A message to the policy holders of the Canada Life recently raised the following interesting question:

"Do you pay your life insurance premiums in the same spirit you pay taxes? If so, consider this:

"Almost immediately your premiums in the same spirit you pay taxes? If so, consider this;

"Almost immediately your premium reaches the Home Office it is invested in some safe, interest-bearing security like Victory Bonds, first class farm mortgages or municipal bonds. These investments are held as security to guarantee that your policy will be paid when it matures or becomes a claim.

"In other words, you have indirectly made a high class investment with this important distinction: The Canada Life (with over \$70,000,000 assets) guarantees that should you die before you pay another premium, the amount of your policy will be paid to your estate, your family or other beneficiary. Is there any better investment in the world?"

### ASK FOR CLEMENCY FOR MRS. THOMPSON

The City Council Decides to Petition the Department of Justice.

The Kingston City Council will petition the Minister of Justice to have the death sentence of Mrs. Lovice Thompson, convicted at the recent sessions of the Supreme Court, for murdering her baby, commuted to life imprisonment.

The motion was introduced by Ald. Corbett and Ald. Patterson, at the meeting of the City Council Monday night.

Ald. Corbett said he considered it was a matter that the council should take action on. Any person who had heard the evidence, and knew the condition of the accused woman, would favor such action.

Ald. Mills, while being heartily in favor of the move to seek clemency, raised the question as to whether the council should put itself on record in such an appeal.

Ald. Corbett said that the judge trying the case had stated that he would ask for clemency, and he felt that a resolution from the council would serve to strengthen his hands.

Ald. Chown, Litton and Peters also spoke in favor of the resolution, and it was carried.

### GAVE PRINCE BOX OF FUDGE.

Little Queen Street Girl Made Presentation to H.R.H.

A little Queen street girl presented His Royal Highness the Prince of Wales with a box of fudge, while he was in the city. She was standing near the big gate at Tete de Pont barracks when the Prince went by, on his way to the Royal Military College. She bowed and His Royal Highness gave her one of his prettiest smiles. When the Prince was on his way back again to the city, the little girl was again standing near the gate at the barracks, waiting to see the Prince, and as she got another smile from him Sunday night she went with several other girls to see the Prince in his private car, and His Royal Highness recognized her at once. Then the little girl handed His Royal Highness a box of home made fudge, and he thanked her very kindly for her gift.

One Kingston lady presented the Prince with a bottle of preserves.

### Cases Were Adjourned.

The case of Snook vs Clarke, which was adjourned from the last County Court, came up before Judge Meadon Tuesday morning at the Court House. On application it was further adjourned until next Tuesday. One other case on the docket, was also adjourned until the next general session on December 9th.

The farmers' committee of nine went into session at Toronto Tuesday morning to formulate their report on leadership and policy, following their conference with the labor men at Hamilton Saturday.
