NEW IRISH HOME RULE SOLUTION

As Regards Ulster the Scheme is Based on the "Clean Cut."

WHOLE OF NINE COUNTIES

TO BE EMBRACED IN THE NORTHERN PARLIAMENT.

Forty Members Are to Be Nominated in Equal Numbers by the Two Parliaments.

London, Nov. 6.—Under the new Home Rule solution adopted by the sub-committee of the Cabinet, which provides for the creation of two Parliaments for Ireland, one for Ulster and the other for the remaining three provinces, it is proposed that there shall be a Council of Ireland, consisting of about forty members, to be nominated in equal numbers by the two Parliaments.

These propositions, according to the Daily Telegraph, are understood to have been favorably received by the full committee. The next step will be to elaborate details of the scheme.

Until matters shall be further advanced nothing can be said as to the services likely to be reserved to the Imperial Parliament, but an important feature of the plan is that it contemplates the delegation of some of the reserved power, after a time, to the Council of Ireland.

As regards Ulster, the scheme is based on the idea of "The clean-cut" county option being entirely ruled out. Ulster would, in fact, be treated as a geographical unit, and the whole of the nine counties in the province would be embraced within the administrative area of the northern Parliament.

H.R.H. DROVE ROYAL TRAIN INTO TRENTON

Montreal, Nov. 6.—At Flavell, twenty miles west of Trenton, the Prince of Wales boarded the locomotive of the C.P.R. train and personally drove the train into Trenton. Before doing this he took the opportunity of shaking hands with each individual of the C.P.R. train crew and staff, to whom he made the following brief address: "Sorry not to have met you all before, but you had your work to do, and I have had mine. I called you to say good-bye and good luck, and I will send you all an autographed photograph to remember me by."

ANOTHER LITTLE WAR IN EMPIRE'S OUTPOST

Six British Infantry Brigades Are About to Advance Against Afghans.

London, Nov. 6.—Britain is not yet free from war. There are sinister reports of fresh enterprises against the Afghans on the Indian frontier. The Afghan troops are still in occupation of the important position of Wana, which is in the Mahand-Waziri country, and is a considerable distance in the British side of the northwest frontier of India. One of the first conditions of the armistice that preceded the peace with Afghanistan has thus been violated. This condition was that no enemy troops should remain on the British side of the frontier.

It is suggested that in Waziristan the Afghan regular troops never entirely withdrew from British territory. A British expedition, consisting of six infantry brigades, is about to advance into Waziristan, the declared object being to attack the Mahand and other Waziri tribes that are molesting British convoys and raiding villages in the administered areas.

THE WETS LIKELY HAVE IT.

Ohio Has Not Gone For Prohibition as Reported. (Canadian Press Despatch) Columbus, Ohio, Nov. 6.—Later returns to-day from Tuesday's prohibition election in Ohio seemed to shatter the election night prediction of secretary of State Smith that the dregs had carried the four prohibition proposals. A fairly complete unofficial returns from fifty-nine of the eighty-eight counties gave a vote of 14,000 on the repeal amendment; of 27,000 on beer proposal; and 48,000 on ratification; and of 78,000 on Crabbe bill.

BIG TRIUMPHS FOR BOLSHEVISTS

(Canadian Press Despatch.) London, Nov. 6.—A Russian Bolsheviki communication, received here, reports the capture of Ishim, seventy-five miles north of Petropavlovsk, with 4,200 prisoners. The communication claims also the capture of 40,000 prisoners at Ustbuzuluk.

PLANNED TO WIPE OUT DIPLOMATIC CORPS

Tokio, Nov. 6.—The explosion of the bomb outside the official residence of Foreign Minister Uchida on Friday, by which, as earlier reported, no lives were lost, occurred only two hours before the dinner given to the diplomatic corps in honor of the birthday of the emperor. The dinner was attended by many notable personages of the Empire. There are indications that the culprits tried to hurl the bomb over the high wall surrounding the residence of Minister Uchida, but that the missile fell short and dropped into the ditch, where it exploded.

KILLS THE "PHANTOM OF THE NORTH WOODS"

White Deer of Adirondack Mountains Brought Down by Expert Hunter.

Saranac Lake, Nov. 6.—"The phantom of the north woods," a white deer, one of the curiosities of the Adirondack mountains, was killed by a hunter, and is on exhibition here, attracting wide attention of hunters except for a few tufts of brown on the head. The doe weighed 100 pounds, and was estimated to be two years old. The "phantom," for that was what it came to be called near St. Regis Falls, where it had eluded hunter two seasons, fell with a bullet through its head.

Fred Forsyth, of Carmel, brought the much-prized deer to earth with a remarkable shot when out hunting near his camp. Fred Cheney, a registered guide, who is one of the best woodsmen in the vicinity of the Falls, and who is proprietor of the Red House, had charge of the party, and when the hunter fell he had much to tell of it. His sons, he said, had seen the queer animal several times bounding through the woods like a white flash, and many hunters had shot at it. This was borne out by marks on the animal's hide made by bullets. The shot that gave Forsyth the prize was a direct hit.

TAOKLES HECKLERS IN GREAT STYLE

Addressed as Your Ladyship, Lady Astor Says "Wash That Out."

London, Nov. 6.—Lady Astor's replies to hecklers have been a feature of the daily newspapers. They relate, among other incidents, that Lady Astor was accosted by a woman with an electoral question which the woman introduced with "your ladyship." To this Lady Astor retorted, "Please wash that out." Lady Astor told the story of how she saw a young American sailor looking at the outside of the House of Commons. She asked him if he would like to go inside, to which the sailor replied with dignity, "you are the sort of woman my mother told me to avoid." After loud laughter by her hearers had subsided, Lady Astor added: "You know we've got to take risks. You know, nothing risked, nothing won."

EX-KAISER CALLED AN IMBECILE.

Copenhagen, Nov. 6.—The Berlin Lokai Anzeiger, a copy of which has been received here, reports that Premier Hoffman of Bavaria has protested against the proclamation of a public celebration Nov. 7, on the occasion of the first anniversary of the German revolution. Premier Hoffman, the newspaper says, declared that reaction was on the march and that suppression of the celebration emanated from the bourgeois society, which was responsible for the war because it had "maintained an imbecile monarch on the throne."

The corners of Bayview avenue and Merton street are shown at the lower right, and the direction the wounded man took when he crawled south-east for 200 yards across the open commons to the home of Mrs. Turner, on whose doorstep he was found.

LUSITANIA SECRETS ARE NOW REVEALED

Capt. Turner Admitted Having Disobeyed the British Admiralty Instructions.

London, Nov. 6.—A Parliamentary paper, made public yesterday, containing secret evidence in the inquiry into the sinking of the Lusitania, revealed that Captain W. T. Turner of the Lusitania admitted that he disobeyed the instructions of the Admiralty in steaming only at the rate of 18 knots an hour. The captain testified, however, that he had gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it, owing to tidal conditions.

An enterprising real estate man at Altoona, Pa., dropped thousands of handbills from an airplane, but was fined \$20 on the charge of throwing advertising materials on the public thoroughfares.

A candle which overturned and set fire to mourning draperies surrounding the coffin ended a wake in a New York tenement house.

The Supreme Council at Paris has agreed to secure for rioting at the German and Austrian delegates to the International Labor Congress at Washington. These delegates were unable to secure them.

HARD ON THE COLLEENS.

Irish Girls Who Fall in Love With Englishmen May Lose Hair.

Dublin, Nov. 6.—Love making by the girls of Ireland with members of the British Government forces has been proscribed by the Irish republican army. Any girl keeping company with a Government soldier or policeman will be penalized by having her hair cut off. One girl has already suffered the full penalty, losing her locks for walking out with a soldier.

HATES DRUM KIND OF IMPERIALISM

Lord Milner Does Not Like Bombast of Drum and Trumpet.

HAS GREAT FAITH HOWEVER

IN BRITISH SHREWDSNESS TO SET THINGS RIGHT.

British Workmen Have Been Put Off By Claptrap About Jingoism and of Flag-Waving, Milner Says.

London, Nov. 6.—"I simply hate the bombast of drum and trumpet Imperialism," declares Lord Milner, colonial secretary, in an interview in the Chronicle, "but I have seen in many lands how our Empire makes for peace and justice. What worried me is the thought of the chances we are now missing, for the immediate outlook is not good. There is much more trouble ahead before the industrial situation can be straightened out. It will doubtless come right in the end. I must admit I can give no logical reason why I think so, it is just instinctive confidence in British shrewdsness and their inborn sense of the falsehood of extremes. Deliberate forerunners of trouble may try to induce the British workmen to cut his throat, but in the end he won't succeed. I do not believe working men would be less proud of the Empire than any other Britons if only they were given some practical illustration of what it stands for, but they have been put off by claptrap about jingoism and flag-waving. I do not say that in building the Empire we have not been serving our own interests too. There is going to be a rare scramble among the industrial nations for raw materials and it is our good fortune that we have not yet made of those lands under our own control."

VOCATIONAL COURSES

Applications Must be Made Within Three Months.

Ottawa, Nov. 6.—Ex-members of the Canadian forces who desire to take advantage of the vocational re-training courses conducted by the Department of Soldiers' Civil Re-establishment, and who have not yet made application, must do so before February 1 next. This is the effect of an order-in-council, which states that any ex-member of the Canadian naval or military forces shall not be entitled to the benefits of re-training under the Department of Soldiers' Civil Re-establishment unless application for courses of re-training is made within three months after the first of November, or three months after date of discharge from such forces, whichever is the later.

Nearly Asphyxiated.

Bellefonte, Nov. 4.—Police Officer J. Trulach, of this city, his wife and six children, had a narrow escape from asphyxiation from coal gas, which came from a coal stove. The officer was awakened at an early hour this morning by one of the children crying. He was so overcome by the gas he could scarcely reach the child. The other members of the family, especially Helen and Nora, two little girls, were severely affected. It was only by the prompt arrival of physicians that the lives of some members of the family were saved.

SHOULD THEY TRADE WITH THE GERMANS?

London, Nov. 6.—British merchants are very much in the air on the point as to whether they should trade with the Germans or not.

There is not so much bitterness in opposition now as there was a few months ago. Then the textile trade section of the London Chamber of Commerce passed a resolution deciding to have no trade relations with Germany for at least ten years. Lately, however, the mover of that resolution proposed at a meeting of the section another resolution of an exactly opposite effect, expressing the opinion that the resumption of business with Germany and other enemy countries should be regarded as properly open to members of the section, but consideration of the motion was deferred.

AND ONLY EIGHTEEN

A Girl Accused of Series of Bold Robberies.

New York, Nov. 6.—An eighteen year old golden haired girl stood behind the bars of a West Side station while the police were checking up on twenty-three robberies which she and a male companion aged twenty-four are charged with having made in the last two weeks. The girl, who was expensively gowned, and her companion were armed with revolvers when arrested.

They are alleged to have carried on a systematic campaign for the robbery of apartment houses by visiting furnished rooms advertised for rent, making note of the surroundings and returning to rob those that offered attractive plunder. A search of their home is said to have revealed stolen articles valued at thousands of dollars.

CLAIMS COAL HELD BACK

Ontario Fuel Administration Watching Situation.

Toronto, Nov. 6.—With 100,000 tons of soft coal destined for Canadian points already held at the border by United States railroads, which refuse to turn the consignments over to Canadian lines, a situation has been created which Fuel Administrator H. A. Harrington is bending every energy to relieve.

FERGUSON MAJORITY CUT.

He Now Holds Grenville by Vote of 81 More Than Opponent.

Brockville, Nov. 6.—The recount in Grenville county, which has been concluded before Judge J. K. Dowley at Prescott, gives Hon. G. Howard Ferguson a majority of 81 over G. Arthur Payne, the U.F.O. candidate. The returning officer's count gave a majority of 105 to Ferguson, but on recount Ferguson gained two and lost two, while Payne gained sixteen and lost two, making a net win for Payne of fourteen. In addition, in one of the polling places an error in addition gave Ferguson ten more than he was entitled to.

WON'T STAND FOR MORE GRATUITIES

If Commons Votes Additions it Will Have to Find New Cabinet.

COL. CURRIE AND DR. COWAN

COME TO BLOW IN CORRIDORS OF THE COMMONS

Senator Longhead Favors Acquiring the Grand Trunk—The People Demand Public Ownership, He Declares.

(Canadian Press Despatch.) Ottawa, Nov. 6.—If Parliament decides upon further general distribution of gratuities for the veterans of the Great War, it will have to find another administration to carry on. That was the intimation to the House of Commons yesterday of Hon. James Calder, Minister of Immigration, and chairman of the special committee on the Soldiers' Civil Re-establishment Bill.

Col. Currie and Dr. Cowan, two members of parliament came to blows over an argument in the corridors of the House, yesterday.

Before the Grand Trunk Railway bill was taken up Senator Donnelly directed attention to the fact that Ontario was entitled to twenty-four Senators, and was now three short. In view of that province's interest in the railway question, he demanded the vacancy be filled. (Ironical laughter.) Sir James Longhead gave no sign.

Senator Longhead said that not a member could be elected in Canada as an opponent of public ownership. This was a sign of the times, and those who represented capital against public ownership would have to become as active as their opponents. For himself he favored acquisition of the Grand Trunk or any other road which would complete Canada's railway system.

The suggestion will be thrown out in the Senate that the Government dissolve and go to the country on the issue but no one expects the challenge to be taken up. If there is one thing, above all, which is not desired it is an election at this time and, while the Government and its supporters have the more to fear when dissolution does come, opposition to it, at this juncture, is by no means limited to one political party.

"WORK" TO SOLVE THE WORLD PROBLEMS

The Farewell Message of the Veteran Premier to People of France.

Strasbourg, Alsace, Nov. 6.—The solution of the many problems of the world is now facing what is summarized in the single word "work." Premier Clemenceau declared in his key-note speech for the Government in the parliamentary elections campaign, delivered here yesterday. The speech also was the farewell message of the aged Prime Minister on the eve of the retirement from political life, which he contemplates. The Premier's address, he declared, was not a message meant for France alone, but was an appeal to the entire world to renew its labors as they had been performed before the war and produce for the world's needs.

M. Clemenceau briefly reviewed the treaty of Versailles, and said that although France had been apparently parsimoniously treated as to reparations, he hoped confidently that the allies had not abandoned France. He said that England and America had not bargained for their blood and would not grudge financial help to France.

Practically the entire intellectual, religious and military world in Alsace were present at the function, which was most impressive. Admission to the hall was limited, but a crowd of five thousand stood outside. Nisier welcomes may have been accorded other speakers, but none which the correspondent has witnessed has shown deeper feeling than the welcome which greeted "the liberator of Alsace," as M. Millerand introduced him.
