

# The Eyes of Canada are Upon Kingston and Frontenac

**E**VERY Allied Country has raised a loan from its people since fighting ended. They have all raised loans for the same purpose---to finish paying for Victory.

Of all that were in the war (from the beginning) Canada is the only one to come out of the struggle stronger than she went into it.

Canada has found herself----spiritually and materially. With reason and pride we can look to the future and proclaim Canada indeed A Promised Land.

The Victory Loan which is needed to finish paying war obligations is the very barometer of our confidence in the future. In the measure of its over-subscription---we will reap the future benefits.

Come through and come through handsomely.

It was fine enough to buy Victory Bonds when war was on the threshold, but it is the bigger thing to buy them now---when the tumult is over.

Let's show the stuff Kingston and Frontenac are made of--Let's finish the job and let's see it through.

Let every citizen of Kingston and Frontenac to the limit of his ability
