### LARGE DISTRICT MEETING INCIDENTS OF THE DAY

#### FOR INAUGURATING METHODIST FORWARD MOVEMENT

Rev. G. I. Campbell and Rev. Dr. J. W. Graham were the Speakers in Sydenham Methodist Church.

The inauguration of the great national Forward Movement of the Methodist church in the Kingston District, took place on Wednesday evening in Sydenham street church at a meeting which was largely attended by clergy and lay delegates from every part of the district. The religious service, which was conducted by Rev. J. D. Ellis was most impressive and inspiring, a number of the lay members leading in prayer, imploring divine blessing upon the great undertaking to the success of which the church calls for consecrated effort on the part of all of its members.

In his opening address, Mr. Ellis announced the object of the great movement which was delayed in Ontario by the referendum. This is a great spiritual revival, already started and growing in momentum daily. He declared it to be the biggest movement the Methodist church had ever undertaken, and it included definite objectives in increased church membership, the active employment of the various branches, the Sunday schools, and missions.

Rev. G. I. Campbell, general organizer, said that the whole conference and the missions were now organized in Quebec, Waterloo, St. Catharines, Montreal, Brockville and Kingston. The programme as adopted was fully explained. This called for 2,326 intercessors, an increase of 1,253 new members, 42 life members and \$42,000. He explained the duties of "key" men and "minute" men and the chain of responsibility throughout the organization. The objectives were set for every church, and the pastors were held primarily responsible for efficiency, and the success of their respective churches in connection with the undertaking. He exhorted his hearers to get a proper vision of the great task. This was the most important thing. Rev. Mr. Campbell concluded with an eloquent appeal for concentrated effort on the part of every individual.

Rev. Dr. J. W. Graham was the next speaker and he held the closest attention of his audience for more than an hour. He told of the beginning of the Forward Movement in the United States several years ago; the Centenary Movement which raised \$175,000,000, and of the inter-church movement for which certain New York banks advanced \$20,000,000. These movements were spiritual and were born in prayer, the source of light and love. But prayer while producing a happy frame of mind was of little real value unless it was associated with something practical. It was therefore necessary to put first things first, to invest in the deepest things, in the midst of the threatened industrial upheaval in Europe Lloyd George was asked whether the great sacrifices of the war were to end in nothing, and he replied, "I know the needs of the world are spiritual. Get that, and the material things will follow." The speaker declared that Lloyd George was one of the greatest men in the world, and he believed that in his heart and in the hearts of the British people there was the spirit of Christ. Henry Watterson referring to conditions in the United States declared "Surely the future looks black enough but it holds the hope that under the constitution, as the bed rock, is the Christian Religion." Consecration to Christ, said the speaker, is the only thing in life.

Dealing with the charges of inefficiency directed against the church, Dr. Graham said that the church was inadequate but it was the only thing in sight. Far from offering apologies for the church, he called upon all to devote their energies toward the accomplishment of the great work she has engaged herself to perform. The problems of the itinerancy were only to be solved by the super-annuation fund and an objective was set in the programme undertaken by the Forward Movement.

At the conclusion of the address questions were asked regarding details connected with the organization which were answered by Rev. G. I. Campbell, general organizer.

The church in launching the Forward Movement has aimed to put in effect the most thorough organization and nothing will be left undone in carrying the work to a successful conclusion.

#### The District Objectives.

The district meeting of the Methodist church met on Wednesday afternoon, with Rev. J. D. Ellis, as chairman. After devotional exercises, Rev. G. I. Campbell, the organizer of the Forward Movement for the Montreal Conference, addressed the meeting. He explained the district organization and announced the different objectives for the district in each department of the movement and its further division to the circuits. The following resolutions were then moved by Mr. Oliver, and seconded by Rev. W. S. Lemmon, and unanimously carried: "That we express our gratitude to Almighty God for inspiring the heads of our Church department in this movement and that we pledge our hearty sympathy and support to the whole project, spiritual and financial."

The district captains were appointed as follows: Rev. T. W. G. Brown, intercessors; Rev. E. R. Kelly, personal workers; Clifford Simpson, Christian stewards; Rev. W. S. Lemmon, Sunday School and Y. People's membership; Rev. J. D. Ellis, life service; J. M. Hughes, finance.

Rev. Dr. Graham, General Secretary of Education, then addressed the meeting on the greatness and worth of this movement.

The objectives in the Forward Movement for the Kingston district are: Intercessors, 2326; Personal Workers, 2326; Christian Stewards, 1163; new Sunday School pupils, 1,163; new members of Young People's Societies, 582; new members of church, 1163; volunteers for life service, 42; financial objective, \$41,625.

At Peterboro on Tuesday Major Gen. Y. A. S. Williams presented certificates prepared by the Board of Trade to the next of kin of city and county soldiers who gave their lives during the war. Gen. Williams was guest at night at a Peterboro G. W. V. A. smoker.

#### HAS READ WHIG SEVENTY-FIVE YEARS

"The Whig has been read by members of my family for seventy-five years," was the statement of Hiram Walker, of Yarker, to a Whig representative on Tuesday. Mr. Walker said he could well remember when the Whig was published in a building on Bagot street. "No matter where I go, I try to have the Whig accompany me," he said. A few years ago he paid a visit to the United States, and while there the Whig reached him regularly.

#### DOG BIT CHILDREN

#### At Central School—Boys Secured Animal With Rope.

A large bull dog that has been constantly prowling about the Central school grounds, this morning bit a number of the children and tore the clothes from one of the little ones. He was captured by some of the larger boys who secured him with a rope and took him to the secretary of the school board, John McDonald. Mr. McDonald notified the police and the animal was taken away. One of the boys is suffering from blood-poisoning in the arm from a bite given him by this same dog. The school authorities complain that the owner of the dog was notified several times that he had bitten children at Central school but took no notice of it and failed to shut the dog up.

#### MADE A PRESENTATION.

Mr. and Mrs. Edward McGarvey Rememored by Friends.

A number of friends of Mr. and Mrs. Edward McGarvey, and Mrs. Chesney, gathered at their home on Thursday, November 6th, to bid them farewell, on their removal to Dufferin. The evening was very pleasantly spent in games and dancing. During the evening, Mr. and Mrs. McGarvey were made the recipients of two very beautiful leather chairs, and an oak table. An address was read by Michael McGarvey and the presentation was made by William Patterson. Mr. McGarvey responded with a neat speech, in which he tendered the sincere thanks of Mrs. McGarvey and himself, for the kind remembrance. The gathering was brought to a close with the singing of "He's a Jolly Good Fellow."

#### Staff Defeats G.W.V.A.

The headquarters staff team beat the G.W.V.A. on Wednesday in an indoor baseball game at the armories by a score of 21 to 2. The game was a very one-sided affair and the better side won. The batteries for the two teams were: G.W.V.A. Thibbets and Brightman; Staff, Dunkerley and "Pat" Carey.

Carey is a new player in the Staff line up and played a wonderful game. Edwards, the G.W.V.A. short stop played splendidly, and his play in the fifth innings drew forth applause.

#### For Colds or Influenza.

and as a preventative take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 30c.

Anyway, if a man's in debt it proves that he once had credit.

#### WHY DRURY WANTS NICKLE

Kingston Lawyer Would Give Character to the New Government.

Referring to the call to W. F. Nickle, K.C., to be attorney-general in the new Ontario Cabinet, the Toronto Star says:

"Owing to the lack of parliamentary experience of the Premier-elect and nearly all his followers, it is felt that the man selected as attorney-general will give character to the whole administration. Mr. Nickle has made a name for himself as a new type of politician, one who has enough personality to shake off the restraints of partyism and wrote according to his sense of what is good for the country."

"Mr. Nickle is known to be a great admirer of the Beek policies. A prominent Conservative on Saturday expressed the opinion that Mr. Nickle would not join a Farmers' Labor Government. But the ideals which have governed Mr. Nickle's conduct in public life tend to fit him for a place in a progressive, non-partisan administration such as Mr. Drury is seeking to provide. And Mr. Nickle must have some doubt that there is much of a future of public service for him in either of the political parties."

#### Salvation Army Event.

There was a special production given at the Salvation Army Temple on Wednesday that is receiving much favorable comment. This was the tableaux "The Life of Moses," which was conceived and put on by the junior sergeant-major, R. W. Hunter. The characters of Pharaoh, Moses, the queen and princess, were strikingly presented, and the robes were very fine. The work was carried out by children who all did splendidly.

We will rent you a piano, and at end of six months if you feel like purchasing instrument we will allow the six months' rental on purchase price, and arrange easy terms on balance. C. W. Lindsay.
