Rains Interfere.
The heavy rains have greatly interfered with the work of the Victory Loan canvassers in the county, making travel over the roads difficult. Farmers throughout the county, who have not been reached, are requested to write their banks to arrange for their applications for bonds.

Cannot Keep Them Out.
The protest of the Kingston musicians over American orchestras coming to Kingston to play at dances and entertainments was sent to Ottawa, but there it little likelihood of the protest succeeding, owing to the provision of the Canadian Immigration laws. It has been pointed out that these laws permit the entry of any person who has on his or her person the sum of fifty dollars, and the local inspector has no right to debar respectable people. The Kingston musicians are determined to protect local rights and declare that if there is nothing in the laws to meet this particular case they are going to see that the laws are changed in the interests of Canadian musicians.

May Have Three Teams.
A great deal of interest is being manifested in the reorganization of the Frontenac Hockey Club. Owing to the war, the club had to suspend operations, but as practically all the players are now home, it is expected that the club will get into line again. The prospects are good for entering three teams, senior, intermediate and junior, so was stated on Thursday morning. The meeting of the club will be held in the City Council chamber on Monday night.

All Gussed Wrong.
Tom Cary, member-elect in the Ontario Legislature for South Renfrew, is the victim of a story going the local rounds.

As soon as he was elected, the new legislator decided to take a run down to Toronto. He had not visited the Ontario capital for a number of years, and, anyway, he wanted to mingle with other prospective Parliamentarians.

When the member-elect was leaving the Union station he was met by the usual gathering of hotel toots.

"King Edward!" called one.
"Prince George!" called another, pointing at the man from South Renfrew.

"You're all wrong," he replied, according to the story. "I'm the man who has just licked Tom McGarry in South Renfrew."

At Rednersville, on Nov. 5th, Samuel S. Brown and Helen Scott, both of Richmond township were quietly married.

In Belleville on Nov. 5th, Rev. A. S. Kerr united in marriage, Mrs. Gladys Weese, Rosmore, and William Welbourne, Peterborough.

Suburban Locomotive Derailed.
The G. T. R. suburban locomotive had another accident on Wednesday afternoon. It was running into the inner station light, when it fouled the switch at the foot of Brock street and the tender became derailed. After an hour's work, and by the aid of the Locomotive Works test engine, the G.T.R. engine was placed on the tracks. The accident was due to a half open switch, and held up the removal of a new engine from the Locomotive Works.

Dandruff Heads Become Hairless
If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
