

Columbia Records

"Oh! What a Pal Was Mary"

Here's a good old-fashioned ballad song that's making one of the biggest sentimental hits on record. Henry Burr sings the appealing words and beautiful melody with sincere and tender feeling. Coupled with "Waiting" (from "Listen Lester"), by Charles Harrison.

MACDONALD'S PRINCE OF WALES

Western football followers would like to see a gridiron contest between the winner of the "Big Three"—Harvard, Yale and Princeton—and the champions of the western conference.

BRINGING UP FATHER

By GEORGE McMANUS

General Sport

Quite a few wrestling critics are of the opinion that Joe Stetler, the Nebraska grappler, is in championship form.

Eddie Cady, and Eddie Mahan, two of Harvard's football wonder workers, hail from the same town, Natick, Mass.

The major baseball leagues closed early this season, but a large number of the big leagues kept right on playing through the month of October.

Football teams of St. Mark's and Groton, two of New England's best-known prep. schools, have met annually for the past 39 years.

Tim Hendryx and Dixie Davis, stars of the Louisville Colonels, will most likely be pastiming in the big circuit next season.

Willie Ritchie, former lightweight champion, is in hard training at San Francisco with the expectation of re-entering the ring in the near future.

World's series games always have their goat as well as their star. Right now Claude Williams, the White Sox pitcher, seems to be the Angola.

A THOUSAND FOOTBALLS SHIPPED TO SIBERIA

One thousand American footballs are on their way to Vladivostok in the hold of the good ship Marica, which sailed from Brooklyn Monday for the Panama Canal, San Francisco, and the Siberian seaport. The footballs are part of a general Knights of Columbus cargo of creature comforts and athletic and other recreational equipment for the American troops on police duty in the Russian hinterland.

"They have plenty of football weather in Siberia," said William P. Larkin, K. of C. overseas director, who bought the footballs. "We are sending enough material to equip a team for each company in Siberia, and sufficient footballs to give the Bolsheviks a taste of the sport, although it might be just a little too rough for them."

Mr. Larkin could not answer a query as to whether it was legitimate in Siberian football to tackle a Bolshevik by his beard.

"There is a genuine full-length American gridiron at Vladivostok," he said, "and Garry McGarry, K.C. supervisor there, and other K.C. workers with the troops are old college football players, so, with plenty of boxing and movies, the Knights will help the boys get through the long Siberian winter."

Hockey at Toronto University.

University of Toronto hockey candidates will not be able to get on the ice until December 1st at the earliest, according to a statement handed out by President Daffoe of the U. of T. Hockey Club. The arena authorities have decided to keep the ice clear of all puck-chasers until that date.

To date 120 names have been placed on the lists of candidates for the U. of T. teams. One-third of these are eligible for the junior series. Several good men have signed up, which makes the hockey outlook an excellent one.

Major Roy Thomas, the Blue and White star goalkeeper in 1917, and veteran coach of the U. of T. teams, has consented to coach the seniors. The ability of Thomas is well known, and he can be counted upon to place the Blue and White at the top. The first intercollegiate game is scheduled for January 25. A Christmas trip to the United States is being arranged for the seniors with Yale, Boston and New York St. Nicholas teams as opponents.

Watches Presented to Champions.

The members and manager of the Belleville Grand Trunk baseball team, champions of the Ontario Amateur Baseball Association, were presented with gold watches by the citizens of Belleville in recognition of their good work during the past season. The presentation was made by Alderman Charles Hanna. The cups of the two leagues were also formally presented to the champions.

Bowling at Belleville.

At a meeting of the Y. M. C. A. Bowling League in Belleville the following officers were elected: President, R. J. Wray; secretary, D. Walsh; treasurer, M. P. Duff. Team captains and committee of management—M. P. Duff, W. B. Riggs, R. J. Wray, C. Stapleton, Charles Sulman, Rev. A. S. Kerr, D. Hovey, J. Murphy, K. Sutherland. A schedule has been drawn up, lasting from now until Dec. 28.

Three thousand people turned out at Petrolia on Saturday to see the home team beat Sarnia. Rugby is enjoying a great revival in Western Ontario.

INTER-YEAR SOCCER GAME AT QUEEN'S

An excellent inter-year game of soccer was played on Queen's campus on Wednesday afternoon when the Juniors defeated the seniors by the score of 3 to 2. In the second half the juniors made a strong fight and won out. The field was very slippery and many of the players measured their length on the ground. The juniors have a good heavy team and showed very good footwork, and their passing was also fine.

Basketball at Queen's.

Some very keen competition is being shown in basket ball circles at Queen's. The inter-year and inter-faculty teams are going strong and the practices are well attended. Year '20 has an exceedingly strong line-up and they will put up a good fight for the championship for which games will shortly be played off.

MONTREAL COLLEGE ACCEPTS SOCCER AS A CLASS SPORT

Montreal Star: To show the large steps that association football has made during the past four years, especially among the Catholic colleges in this province, it is announced that Montreal College, the oldest place of learning in Montreal, has accepted association football for their pupils. A few years ago, the game was introduced at St. Mary's College by members of the Spalding League, and two regular organized leagues have been in operation at that place, since then.

ORDER ENGLISH SHELLS FOR CANADIAN CREWS

At a meeting of the Executive Committee of the C.A.A.C. held in Toronto, negotiations were commenced for the purchase of the necessary shell boats for the 1920 Canadian Olympic crews and every endeavor is being made to secure these boats in England.

The committee were very optimistic as to the available material for the crews. These will probably be chosen at the 1920 Canadian Henley Regatta. Joseph Wright of Toronto has been requested to act as coach for the crews, and no man is better fitted to bring a crew together and into perfect condition than Mr. Wright.

Brockville Hockey Team.

The Brockville hockey club and a city hockey league were formed at an enthusiastic meeting of players and lovers of the winter sport. The consensus of opinion among those present was that Brockville should be able to place a representative team on the ice this season in competition with other towns of the district, and the decision was reached to hook up with the Central Canada League of the Ottawa Valley.

The city hockey league of last season was a big factor in bringing out much good material, and the best of the several clubs comprising that organization will go to make up the big team. The local league will again be in existence with a membership of at least eight clubs. The officers elected were: President, N. J. Cole; vice-president, W. H. Comstock; treasurer, A. A. Birks; secretary, B. Amond.

Trenton to Erect Rink.

The skating rink proposition has become very popular in Trenton, and before long the town will have a splendid rink, such as was not dreamed of a few weeks ago. The old grounds of the Miller Canning Co. is the site.

The joint stock company, who are the sponsors, is composed of clerks, men, lawyers, doctors, merchants, bankers, druggists and other citizens of both sexes. The material which is being used is from the aviation camp at Deseronto.

The company will be known as the Trenton Arena Co. The provisional directors appointed are Mayor Ireland, Rev. (Capt.) Clarke, Councillor Tripp, W. House and W. McClung.

Unique Method to Cure Fumblers.

Thirty members of the football squad at the University of California are "toting" a football every place they go. Andy Smith, who formerly coached the University of Pennsylvania, and is now in charge of the Berkeley eleven, gave each man on the squad a pigskin with orders to keep it with him all the time, under penalty of being barred from the squad.

At meals, at classes, at dances, parties, on the street, every place, even in bed at night, the men keep the football tucked under their arm. "They fumble the ball too much," explained Smith. "If they live with the ball for a while, maybe they will quit fumbling."

When a man has no more money to burn, his old flames soon desert him.

SHAG TO CHANGE TEAM FOR VARSITY GAME

A shake-up in the McGill team, in preparation for the game with Varsity, which swings the college title.

The lanky McGill coach was far from satisfied with his listless football club showed on Saturday. While the grounds were very bad, resulting in a greasy ball and little chance for running, the club played below its standard.

Heney, who made good in his first tryout on Saturday, will likely become a regular on the half-line. Another change likely is Flanagan, for Lafoley. Flanagan is the best half-back in the McGill squad, and has fully recovered from the injury received at Toronto. The line will also be strengthened up for the game on Saturday. Ambridge, who has been out of the game for two weeks, will start practice again this week, and will, no doubt, be ready for Saturday. He will take his place at inside wing. Norman Williamson, another man on the alling list for the past two weeks, will turn out this afternoon, and will be played on the wing line.

TIGERS WERE ASKED TO THROW THE GAME

A Hamilton paper says: When Hamilton Tigers' O.H.A. team was fighting it out with Dentals, of Toronto, in their group games last winter, three members of the team complained to the management that they had been approached by local gamblers and asked to "throw" a game. Needless to say, they turned the gamblers down cold. Tigers' rugby team has met with the same menace.

Coach Wally Barron stated that previous to Saturday's game with Montreal three members of the team had been approached by local men and asked to "fess" the game to Montreal. These men, the players said, had stated that they were waging heavily on the visitors and were prepared to make it worth the players' while.

The players absolutely refused to have anything to do with the gamblers. Instead, they tipped the management off to what had been said to them.

Forty-five round boxing bouts are to be held at Sonora, Mexico, just across the line from Binbrook.
