R.M.C. CADETS MEET GUELPH

IN THE INTERCOLLEGIATE JUNIOR RUGBY SEMI-FINALS.

Team Has Gone to Play the Game in Toronto—Queen's and R.M.C. Teams For Harrier Meet in Montreal.

The Royal Military College is in the semi-finals of the junior intercollegiate rugby series, and the team left this afternoon for Toronto to play for the championship. It runs up against the Ontario Agricultural College, Guelph, and a rattling good game is promised. The agricultural students are known to have a good team, and will give the cadets a fight. The R.M.C. line-up will be: Evans, flying wing; Carr-Harris, McDougall, Howard, halves; Ballantyne, quarter; Lewis, Bowman, Panet, scrum; Elliott, Carsley, inside wings; McLeod, Vanaistine, outside wings; Holt, Sinclair, middle wings. The officials will be decided in Toronto.

Intercollegiate Harrier Meet.

The team that will represent Queen's in the intercollegiate harriers' meet at Montreal on Saturday left Kingston on Friday afternoon. The try-out for the runners took place last Saturday, and the first five were chosen to go to McGill. They are J. E. R. Smith, K. O'Connor, J. McIntosh, L. McNaught, Trays. All these men made a fair showing at the try-out, and one at least should get into a good position in the big run.

The Royal Military College is also sending a team, and they left for Montreal on the same train as the Queen's men. The cadets have been in training for quite a while, and should make a name for themselves. Their representative team comprises the following: Cadets Sutherland, Bigelow, Zillivan, Lewis, G. D. and Fry.

Teams are also entered from Varsity and McGill. The length of the course will be five miles. Kingston had her first taste of real winter weather on Friday morning. The weather turned quite cold, and snow commenced to fall.

Inspector Fatt has taken over the duties of warden at the penitentiary, and is looking into the grievances of Portsmouth against the government. It is stated that in all likelihood stone from the quarry will be allowed the village for the roads.

BREWER'S MILLS CHILD DIES FROM BURNS

Frederick L. Standen, aged one year and twelve days, son of Mr. and Mrs. Alfred Standen, of Brewer's Mills, was on Thursday playing with fire in the kitchen while the mother's back was turned. His clothes got in the flames which were extinguished by the mother. The child was rushed to the Kingston General Hospital, but passed away Friday morning. The remains were sent to Brewer's Mills Falls afternoon by S. S. Corbett, undertaker.

RUMANIA'S DEMANDS.

Upon Turkish Government For Return of Materials. Constantinople, Nov. 14.—Rumania, it is learned, is making demands upon the Turkish Government for the return of materials alleged to have been taken from the Rumanian factories by the Turks during the occupation of Dobruja, a special delegate of the Rumanian government having been sent here to present the demands. A portion of the material has already been returned to its original owners through the efforts of a commission appointed by Turkey to investigate the Rumanian claims. Legal ownership of certain machinery claimed, however, is asserted by its Turkish possessors, who have produced papers to show that they bought it from the Germans.

Boys' Naval Brigade.

Last evening the boys of the local naval brigade met in the assembly hall of the Army and Navy Veterans and held the first meeting of the boys' social club. For two hours they indulged in games, wrestling, boxing and reading. Lieut. J. Watson R.C. N.V.R., supervised the boys in all their games. The boys' club will meet every Thursday evening during the winter, and will be given entertainments, lectures, sleigh-rides and everything that appeals to the heart of the boy.

Last Tuesday evening the boys detailed for instruction in the compass met at Room 23, in the Army and Navy Veterans quarters, and received their first instruction from Lieut. J. Watson.

Entitled to Wear Riband.

Troops who served in the Expeditionary Force to Siberia are granted authority to wear the riband of the Allies. It is pointed out, however, that this authority and the subsequent issue of the riband (when available) will not be admitted as a claim for the medal if it is ascertained that the individual making the claim is not entitled to it.

Outdoor Rink at Queen's.

The tennis court in front of Queen's science building is now being fixed up to make a rink, and when completed will be 200 x 80 in measurements. Training is going on, and the Queens' men are getting into good shape for the hockey season.

Father Mea Starts For Rome.

The Rev. Father C. J. Mea left Friday afternoon for Montreal en route to New York, where he will sail next Tuesday on the steamer Madonna for Italy. Father Mea will spend the winter in Rome and southern Italy.

Just Arrived From New York.

Ask to see the Royston, the latest style in young men's overcoats. The Lion Clothing House, 347 King street, near Princess.

Good ordinary stove pipes at 20c per length. Lemmon & Sons.

Theatrical

At the Grand.

True to the standard set in her first Goldwyn Picture, Pauline Frederick is again presented under the same auspices in a powerful drama of modern society, "One Week of Life." The story is a pleasing departure from the stereotyped screen play. It's filled to the brim with novel and original situations, and the story is one that you never believed could be written. The play is by Cosmo Hamilton, and is a story of New York's Smart Set, brimming with daring love and exciting adventure. "The Rider of the Law," with Harry Carey in the stellar role, is another big feature picture on the bill. It is a vivid story of the west that compels the admiration of all those who love romance and adventure. This programme is completed by the comedies and other reels and an act of unusually good vaudeville, and will be seen to-night and Saturday.—Advt.

"Experience" Coming.

F. Ray Comstock and Morris Gest will present George V. Hobart's much discussed modern morality comedy drama of to-day, "Experience," headed by critics, the most wonderful play in America, at the Grand, Tuesday, November 18th. Mr. Hobart has taken the universal adventures of mankind, the struggles, the sins, the temptations—the elements which persuade man for right or wrong, and has woven them into a play of vital reality. He has aptly called it "Experience," for under that title may be included all the attributes of men and women: good and bad, in their relationship to each other. In this unique play Mr. Hobart has written one of the most interesting and thrilling modern dramas. He has directed his appeal and efforts in language and situations so universally accepted as true, that whoever sees or hears the play may know. There are ten scenes, showing his upward career and his final regeneration. The play is handsomely staged, and will be acted by a splendid cast.—Advt.

At Griffin's.

With thousands of men and women appearing in the new photoplay, "Love's Conquest," in support of Lina Cavalieri, the celebrated diva, this is one of the largest picture productions ever made in this country, and was presented with eminent success at Griffin's last evening. Madame Cavalieri is seen as a beautiful widow, superbly endowed, with beauty and talent she makes the most of. Many lavish settings were erected for this production. The scene of the convent and the adjoining cemetery, where Gismonda spends much of her time praying for guidance in the affairs of state, which engage her attention, are exceptionally beautiful. "Love's Conquest" is a masterly production that will live long in the memories of all who see it. In addition to above feature, our special Vod A VII Pictures are also shown, and a splendid Sunshine comedy, which rounds out a most entertaining programme.—Advt.

At the Strand.

It was at the University of Michigan that Hale Hamilton, now one of the most popular motion picture stars, began the study of Blackstone under the pressure of his parents, who had pinned hopes in a lawyer's career for him. At college, however, Hamilton laid aside his law books for the more attractive athletic field, where he excelled in all branches of sport. Almost immediately upon his graduation from college he answered the call of the stage, and his remarkable talents have brought him exceptional fame in the theatre ever since. Some of his most popular successes were "The Ne'er Do Well," "The Porter," "Hater" and "Get-Rich-Quick Wallingford." In the latter play he toured the world, and was pronounced the greatest exponent of the "frenched financier" type. In the role of a daring young New York financier, Hamilton will appear in "The Four Flushers," his latest Metro comedy-drama, at the Strand Theatre to-day. The picture was directed by Harry L. Franklin, under the personal supervision of Maxwell Karger, director general.—Advt.

For Children 200

Children's Natural Wool Vests and Drawers Saturday 59c. to \$1.25 each.

INTERESTING FACTS REGARDING WOMEN'S FEET AND FOOTWEAR

FEET SMALLEST IN CHICAGO

4½ Size Also Average of Women in Atlanta and San Francisco—New York Feet Growing Longer and Narrower.

The honor of possessing the national Cinderella was jointly claimed to-day by Chicago, San Francisco and Atlanta. Inquiry among shoe dealers in many principal cities revealed that the average woman of those three communities possesses the smallest feet in the country—size 4½.

Atlanta dealers said their sales were about equally divided among the intermediate sizes from 3½ to 5½. In Chicago and San Francisco the average size was definitely fixed at 4½. It was indicated that St. Paul owns the largest community foot—size 6.

Since the South and the Pacific coast were conceded an edge in the pedal handicap the honors apparently go to Chicago, once popularly supposed to be the habitat of fairly large feet.

As regards styles and colors, brown and tan laced boots apparently are the most popular just at present, although many cities evince a decidedly cosmopolitan taste, particularly New York.

The announcement was made in New York and Milwaukee that women's feet are growing bigger. Dealers here explained that their customers' feet are becoming longer but narrower, which they regarded as commendable. Milwaukee retailers bluntly declared that "women's feet seem to be growing larger every year" and let it go at that.

The reports by cities follow:

Chicago—Average size, 4½. Heavy tan oxfords, with short vamp and wide toe, worn with wool socks, most popular.

Atlanta—Average, 3½ to 5½, with equal amount of sales on intermediate sizes. Brown most popular color.

San Francisco—Average, 4½. Brown laced boots with French heels the favorite.

St. Paul—Average, 4. Brown boots with military heel most popular.

New York—Average, 4½. Tastes range from blunt toed brown walking boots to silk pumps with French heel. All styles. Low shoes with upper popular.

St. Louis—Average, 4½ to 5½. Brown boots of medium height and conservative style most popular.

Detroit—Average 4½ to 5. High top military heel favorite.

Indianapolis—Average, 3½ to 6; smallest, I.A.A. largest, 10½ A.A.

Milwaukee—Average, 5½. Brown, gray and black equally popular. Nine-inch lace boots with French heel favorite. One dealer said: "Women's feet seem to be growing larger every year. Only a few years back 3½ to 4 were the popular sizes; No. 5 and 5 are in demand, with 5½ leading. We frequently sell sizes up to 11."

Portland, Ore.—Average, 5½. Favorite is high-heeled brown lace boot.

Los Angeles—Average, 5. Black pumps the favorite.

Washington—Average, 5. Brown boots with French heels most popular.

Pittsburg—Average, 5½. Brown walking shoes most popular.

Boston—Average, 5 to 5½. Brown walking shoes with military heels best sellers.

Cleveland—Average, 5½. The favorite is the brown high-heeled boot.

Philadelphia—Average, 5½. Black and tan boots equally popular.

LOCKETT'S, THE STORE FOR BROWN SHOES.
