## Upon Your "To-day" Depends Your "To-morrow"

WHAT you can save to-day is the foundation upon which you will lay your life-work.

The man with capital, even be it small, is the man who is ready when opportunity arises.

The savings habit is not as easy to acquire as the spending habit, but most things worth while require an effort to attain, and the capital for your day of opportunity can only be obtained by hard work, economy and saving.
