PROF. L. W. GILL APPOINTED

DIRECTOR OF TECHNICAL EDUCATION FOR CANADA

His Post is Under the Department of Labor, Ottawa—Prof. Gill Has Been on Queen's Staff for Years. Official announcement is made of the appointment of Prof. L. W. Gill, Kingston, to the position of Director of Technical Education, Department of Labor. This is a new post.

Prof. L. W. Gill, the creation of which was made necessary by the action of Parliament, in voting the sum of \$10,000,000 to be spent on the encouragement of technical education throughout Canada. The money for the most part is to be spent by the provinces on the basis of agreements to be reached with the Provincial Governments, in much the same manner as Federal votes in aid of agriculture have been distributed. Prof. Gill who will now take up this work, served with the Canadian forces overseas, being in command of the 46th Battery. He has been head of the electrical engineering department of Queen's University for the past fifteen years.

DESIROUS OF AFFILIATING WITH LABOR AND MERCHANTS FOR MUNICIPAL ELECTIONS

The Veterans' Committee Desires to Discuss Policies—Keeping Politics Out of Selection of Candidates.

Plans for the Veterans' Municipal campaign moved a little farther towards completion at a meeting of the Veterans' Municipal Committee held on Saturday evening. A delegation from the Trades and Labor Council attended the meeting for the purpose of discussing a basis of affiliation, and the whole situation was thoroughly discussed. No definite agreement was arrived at, but a committee was appointed from both parties to come together at an early date to discuss policies and possible affiliation.

The committee on candidates reported at the meeting, and asked for one week more in which to complete its work. This committee was also empowered to meet the Retail Merchants' Association and any other bodies desirous of co-operating with the veterans in the campaign. The report of this committee was very enthusiastically received, and comment was made on the fact that politics had played no part in the selection of possible candidates, representatives of both the old parties being found on the list, and support having been secured from men of all parties. One condition imposed on members of the committee is that there shall be no caucus held with either of the two old political parties. The veterans desire to keep politics out of municipal affairs altogether, and believe that this will be in the best interests of the city.

PRINCE SAYS GOOD-BYE

To the People of the U.S. at New York.
New York, Nov. 24.—The Prince of Wales bade farewell to the United States at 2.30 Saturday afternoon, when H.M.S. Renown weighed anchor for Halifax. The Prince stood on the bridge and acknowledged the cheers of the crowds. Whistles of harbor craft shrieked a farewell and the guns of the forts which guard the narrow boom of a salute as the great warship passed out to sea.

The Prince, just before concluding his visit to the United States, decorated 150 British and American war veterans on the quarter deck of H.M.S. Renown.

One of the ever present difficulties of a married man is to account for his absence from home.

APPEALED FOR SUPPORT

OF ST. GEORGE'S PEOPLE OF FORWARD MOVEMENT OBJECTS.

Archdeacon Bedford-Jones Preached in the Cathedral Sunday Morning—Much Required by the Church. Archdeacon Bedford-Jones, of Brockville, was the special preacher at St. George's Cathedral on Sunday morning. He dealt with the Forward Movement of the Anglican church in Canada, and made an eloquent and powerful appeal to the congregation for individual support of the church in the great projects she is committed to.

The speaker took for his text St. Luke xii, 48: "For unto whomsoever much is given, of him shall much be required; and unto whom men have committed much, of him will they ask the more." These words of our Lord are capable of very wide application, for if ever a generation or a people enjoyed special privileges we are that people, declared the preacher. The great war with its enormous sacrifices, and the conclusion of peace with victory ought to render permanent the spirit of thanksgiving, a permanent attitude in our hearts and minds. We in Canada, as compared with other nations of the Allies, are in a more favorable position to repair losses by developing the resources of our country. We have a special gift and opportunity to-day. It is a vision to our church and leaders in the shape of a call to move forward. In a brief survey of the church's work in both the Canadian and foreign mission field the speaker said the time had come to leave the old beaten track and call into being a new and more efficient organization approaching that of an up-to-date business concern. In order to accomplish this it was necessary to place the church on a better business basis.

The day of victory and peace brought its vision and inspiration and we must translate the lessons of the war—sacrifice, generosity and devotion to a great cause—into our religion; and transfer something of that enthusiasm into the cause of Christ. Archdeacon Jones outlined the objects of the Forward Movement, and indicated what the people were called upon to do. There was a financial side, but the war had shown that nothing was impossible. The war called for men, supplies and money, and the people responded in a manner never before dreamed of. The church must now wake up her people to the need of their work and assistance.

FOREIGN MINISTER HAS RESIGNED.

Tomasso Titilli, Italian foreign minister, has resigned, and Vitrio Solalola, minister without portfolio, has been named to succeed him, according to the newspapers.

DEMAND THAT BRITAIN GIVE FRANCE SUPPORT

Keep Pledge Regardless of United States Action, Urges London Press.

London, Nov. 24.—The suggestion of Andrew Bonar Law, Government spokesman, that Great Britain's participation in the proposed Franco-British-American defensive alliance depends upon acceptance of the agreement by the United States, aroused a storm of protest in the London press Saturday.

The Times refused to believe that Bonar Law meant exactly what he said and rebuked him for "careless wording." Bonar Law's statement is sure to cause alarm in France, the Times declared.

"What France wants is a clear, unambiguous statement that whatever the American Senate may do to the Franco-American treaty, Great Britain will do her part," the Times said. The newspaper expressed hope that a "fuller realization" in the United States of all that is involved in the peace treaty and the League of Nations will lead to a change in the Senate's attitude.

JAMES T. IS COMING

Hopes To Sail From England About December 1st.
Capt. James T. Sutherland expects to sail for Canada about December 1st, and reach Kingston before the middle of the month, in time to play Santa Claus at Christmas functions here. "Gee, won't I be glad to see the old town and friends once more," writes James T. to his friends of the Whig.

"Canada," a journal published in London under date of November 8th has the following:

"To mark the closing of their departmental duties in the Buxton area, Capt. Sutherland, Inspector of the area, entertained the staff of the Quartermaster-General's Inspection Department, O.M.F.C., recently. In order to show their appreciation of the esteem in which he is held by all members of the staff, the captain was presented on their behalf by S. Q.M.S. Young with a set of black briar pipes."

Returned Man Is Inspector.

The Moosejaw News says Melvin M. Barr has been appointed Government Inspector over Gordon Ironsides & Fares' packing plant. Sgt. Barr returned home from overseas last May after three years' active service with the C.E.F. Following the signing of the armistice, he was with the army of occupation in Germany for five weeks, spending Christmas in Bonn. His former home was at Westport, Ont.

Prince at Halifax.

(Canadian Press Despatch.)
Halifax, Nov. 24.—H.M.S. Renown, bringing the Prince of Wales from New York to Halifax, arrived in port at 3 a.m. His Royal Highness was greeted with a salute of twenty-one guns from the Citadel and a tremendous din from the steamer sirens and factory whistles.

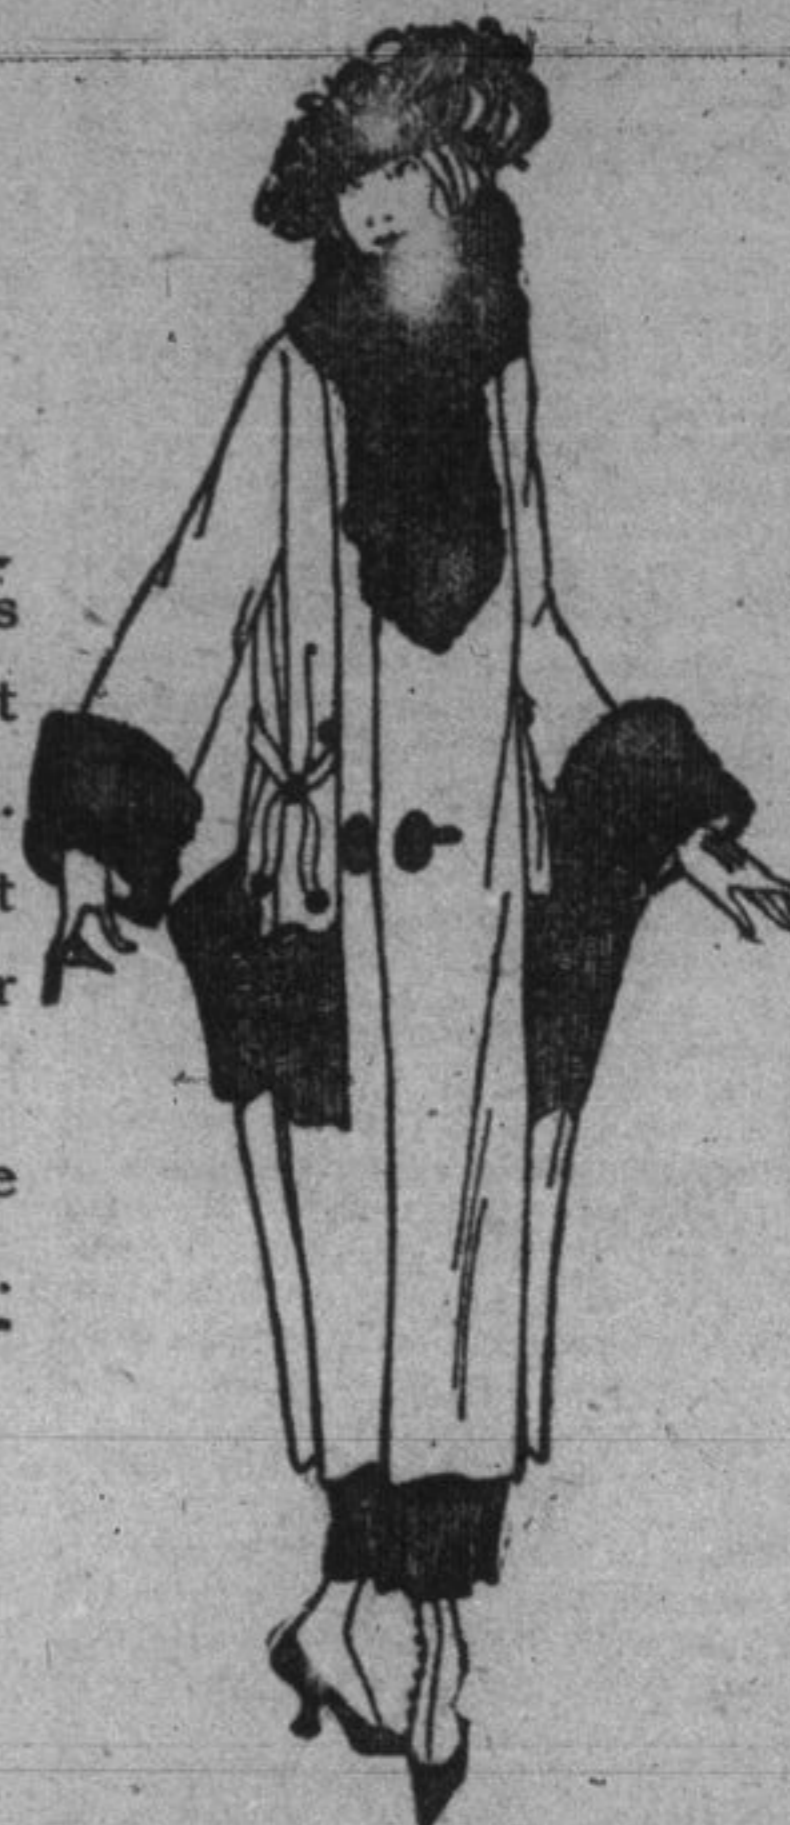

Anette Lapointe, eight years of age, was burned to death when sparks from the open fire ignited her clothing at her home in St. Cyrrien, Que.
