HOUSES UNFIT FOR ANIMALS

COMMENT OF AGENT OF CHILDREN'S AID SOCIETY.

Scarcity of Houses to Certain Extent is Cause of This Condition of Affairs.—Dr. A. W. Richardson Re-elected President of Society.

A splendid report on the work of the society during the year, featured the annual meeting of the Kingston and Frontenac Children's Aid Society, which was held in the city council chamber on Thursday afternoon. The report was submitted by the agent, John Polle, and the latter was warmly praised by the members present for his good work. Mr. Polle took occasion to thank the many citizens who have assisted him in every way to carry out his duties. Everything showed that the work of the society is being ably conducted, and all concerned are to be congratulated. Dr. A. W. Richardson was re-elected president. He was unable to be present at the meeting, and Mayor Newman was voted to the chair.

Officers were elected for the county and the city and are as follows:

For the city—President, Dr. A. W. Richardson; vice-president, James Halliday; treasurer, W. Bartels; secretary, Dr. W. W. Sands; honor-ary solicitor, J. L. Whiting, K.C.; executive, his Worship the Mayor, F. Welch, S. T. Lilley, S. R. Bailey and W. H. Graham.

The same officers were elected for the county, with the following as members of the executive: J. W. Bradshaw, Capt. Smith, William Murray and the warden of the county.

On motion of William Murray, a hearty vote of thanks was tendered to the agent, Mr. Polle, for his work, and all the members agreed with Mr. Murray when the latter remarked that he had always been “on the job.” Mr. Polle has carried on his work in a systematic manner, and it is chiefly to his untiring efforts that every ward of the society had been placed in a good foster home. Mayor Newman also had warm praise for Mr. Polle, pointing out that the placing of the wards in good foster homes had been the means of saving much money for the city. In years past the society had been under a heavy expense in the care of its wards.

The report of Mr. Polle showed that during the year five children were committed to the Kingston society, one being returned to parents and four being placed in good foster homes. Nine wards were released from supervision for the following reasons: Request of Kingston society, 1; majority, 3; removed to England, 3; married, 1; died, 1. Four girls were committed during the year, and the same number released. One boy was committed and five were released. The total number of wards at present is 117. There are 59 girls and 58 boys. Twenty-nine of the wards are placed with their parents, the others with the exception of one girl, at St. Mary's Orphanage, are in foster homes.

Twenty-two juvenile offenders appeared before the judge of the juvenile court, J. M. Farrell, during the year, on charges of theft, destruction of property, waywardness, trespassing, etc. Of this number a girl of fifteen, was returned to her home at Ottawa. Two, a boy of fourteen and a girl of thirteen, were committed to the Victoria and Alexandria Schools respectively. Seven boys were whipped, the parents consenting. Two were discharged upon promising to defray the cost of restoring damaged property to its original condition. Two were given suspended sentence and eight dismissed with a warning. This court has no jurisdiction to a police court, and is conducted by the

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation. If your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store at once. This is the old-time recipe, improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Not Fit For Animals.

“There are families living in homes in which the Humane Society would not permit animals to be quartered during the winter months. Scarcity of houses accounts to a certain extent perhaps for this state of affairs. I feel, however, that if landlords would accept tenants irrespective of the number of children in the family, the remedy would be found.”

“Having had during the year slightly over 2,900 interviews with citizens, parents, guardians, children, foster parents and wards, it is a pleasure to be able to report that there has been no friction, and I cannot recall having had one disrespectful word addressed to me or uttered in my presence.”

“I am of the opinion, and submit it for your consideration, that much friction between municipalities would be avoided if Children's Aid officers throughout the province were given to understand that when children are apprehended under the Children's Protection Act, such children, if non-residents, must be returned to the municipality liable for their maintenance to be dealt with.”

“It must prove disheartening to an officer who, by adopting preventive measures, succeeds in his efforts towards avoiding commitments, and keeping apparently hopeless homes intact, to be called upon to find foster homes for wards of another society, whose agent apparently does not realize that breaking up even the poorest of homes is a serious matter, and should be considered only when every other possible remedy has failed.”

RARE TREAT AT THE GRAND

HAWAIIAN SINGERS AND DANCERS DELIGHT AUDIENCE

“Broken Blossoms,” a masterpiece by D. W. Griffith Was Given With Telling Effect—The Bill to be Repeated To-night and Saturday.

There is a rare treat in store for the patrons of the Grand Opera House for the balance of this week. There are two big features, a clever company of Hawaiian singers, players and dancers, and in addition to this is given D. W. Griffith's latest production, “Broken Blossoms,” which holds intense interest from start to finish. It is from a story of “Lonely Night” by Thomas Burke. The advance notices referring to it as one of the most beautiful yet tragic love stories ever filmed, hit the nail on the head, for it certainly is, and the big audience on Thursday night was given much to think over.

The company of Hawaiian entertainers is composed of five; four men and one lady, and they were showered with applause by the audience and compelled to respond to many encores. The music is of the sweetest variety, and the programmes of the very best of its kind yet put on at the Grand.

These entertainers get all that one can possibly get out of their string instruments, and it is the sweetest music of the day. Their singing and dancing calls for special mention. One cannot get too much of a good thing, and so it was that this clever company of entertainers was kept very busy from their first appearance until the end.

As an opener, there was a very amusing skit with the ever-popular Fatty Arbuckle as The Cop, and all through the piece the fun was fast and furious.

With the big picture, “Broken Blossoms,” the Hawaiian entertainers and Fatty Arbuckle it is certainly a big night at the Grand and so let everybody go. The bill will be repeated tonight and on Saturday.

UNION CLUB BANQUET.

In Sydenham Street Methodist Church Hall Thursday Evening.

The banquet held by the members of the Union Club of Sydenham street Methodist church in the bible hall, was a great success. Some forty young men sat down to the tables, which were prepared by the young ladies of the Epworth league society. “The Church, School and Club,” was proposed by Mr. Tancock, and responded to by E. P. Jenkins. The toast to “Our Returned Men,” proposed by Elmer Davis, and responded to by Lieut. Smith, formerly of the 20th Battalion. Mr. Davis stated that he believed it was necessary for the returned men to get together with the men who were not fortunate enough to get across, and then they could accomplish something.

Brig-Gen. A. E. Rose, who was the guest of the evening, told many interesting things which the Canadians had been able to accomplish in France. One point he emphasized was the ability of the Canadian to think for himself and not do things just because a man who happened to be in the army previous to the war said it must be done this way or that way. He described how, when he saw the necessity of having dentists close to the line, he got them there, although the “big guns” said it could not be done.

“The Ladies,” was toasted by Charles Anglin, and responded to by Miss Luella Mayell. H. R. James rendered a solo, and Miss May Posselwhite presided at the piano, while the boys sang popular songs.

Politeness is a coin that passes current in every country on earth.

KINGSTON EVENTS 25 YEARS AGO.

Ontario chambers will be occupied at once. Messrs. Pringle and Campbell will likely be candidates for the warden's chair. R. Kells, of Sunbury, brought into the city 1,000 pounds of milk to the dairy school.

Prinival Grant spoke on “Outdoor Sports in Canada” at St. Andrew's Church on Monday.
