## Wellington THE UNIVERSAL PIPE

The Wellington is a storehouse of good smokes—clean, cool and dry. Three things about a Wellington make it so. First, the well catches all moisture and stray tobacco. Second, the top-opening bit sends the smoke up—away from the tongue. And third—which is mighty important—the Wellington is a WDC Pipe, of genuine French briar, guaranteed against cracking or burning through. All good dealers sell Wellingtons in all shapes and sizes \$1.00 and up.

# In the World of Sport

## General Sport

Jimmy Wilde, the English flyweight champion, now in America, has engaged in 300 battles, and has never been put to sleep.

Fred Fulton, the Minnesota heavyweight, is out of luck. His latest setback is the cancellation of his bout with Joe Jeannette at Paris.

Minor league baseball seems to have gone along very well since it was cut loose from the draft rule and other major league affiliations.

As Charley See started his baseball career as a pitcher, Manager Moran, of the Cincinnati Reds, intends to use the \$10,000 Rochester pastime in the box next season.

It is rumored that some of the champion Reds are likely to be nicked for a time, as there is a rule prohibiting exhibition playing by members of the pennant winning outfits.

Four members of the Cleveland professional football team, George Brickley, "Bucky" Sweetland, Ray Trowbridge and A. Pierrotti, hall from Everett, Mass., a suburb of Boston.

"Babe" Ruth, the home-run king, has been pastime in the California Winter League, and incidentally exhibiting to the native sons some of the real thing in hitting.

During his long career as a star in the National League, Bob Bescher, finished a season in the .300 set of hitters only once. In 1918 the speed merchant hit for .333.

Johnny Dundee was going at a terrific pace this fall until he went up against Mel Coogan. No matter how often the pair meet Mel seems always to have it on the "Scotch Wop."

Matt Wells, the one-time light and welterweight champion of England, and who is well known to American fans by reason of his long sojourn on this side, has been making a good showing in the ring of late in England.

Although Pal Moore has been defeated by Jimmy Wilde, another battle between the Memphis scrapper and the English flyweight champion would undoubtedly be a great drawing card.

Pete Herman, the bantamweight champion, believes he can trim Johnny Kibane and by so doing annex the featherweight title. Pete has challenged Johnny to do battle over any distance acceptable to the Cleveland boxer.

The rumor that Lol Solman and Jim McCaffery had been barred from entering Cuba on the grounds that they are a scouting party ahead of Ben Spence is grossly exaggerated.

The Prince of Wales has graciously donated a trophy for competition to Toronto Hunt Club. His father, of course, has the King's Plate as his special encouragement to Canadian racing.

Sam Langford, Boston negro heavyweight, and Jack Thompson, Philadelphia negro, whose fight at Philadelphia was stopped by the referee because the men "stalled," have been fined \$500 each by a representative of the Minnesota Boxing Commission. The money will be turned over to two orphan homes.

Among the directors elected at the recent meeting of the stockholders of the Chicago National League Club was Charley Weeghman, who still takes a lively interest in baseball affairs, though he retired as president of the club a year ago to look after his restaurant business more closely.

A Chicago newspaper printed a story to the effect that Kid Gleason would be named as manager of the White Sox, to be succeeded by Eddie Collins. On the contrary, it is stated Gleason was signed to a new contract at the close of the world's series. So there you are as to the facts in the case.

One of the tales of the week was that the New York Nationals wanted to trade Heinie Zimmerman to the Brooklyn Club for Rube Marquard. Everybody denied it, and Jim himself said he would not play ball again if he was swapped to a team in the Celestial League. He's quit baseball, has Jim. He says so himself.

Eddie McGoorty, who is training Georges Carpentier for his fight with Joe Beckett, reports that the French champion is in good shape. He scales about 175 pounds. Every seat in the Holborn Stadium, where the fight is to be held Dec. 4th, is sold. The seating capacity is about 4,000; the prices run from \$17.50 to \$125. Carpentier will finish his last three weeks of training in England, where he will adopt the American plan of charging an admission fee to watch his training.

The French Ministry of Agriculture has just issued some interesting

figures concerning speculation in the mutual booth for the months of May, June and July. During that time the pari-mutuels handled the tremendous sum of 327,167,999 francs, of which 9,088,719 francs went to the three big clubs which govern the sport in France.

### VARSIITY GRANTS PERMITS

To Four Players to Play With Dentals.  
Toronto Mail and Empire: Had not the University of Toronto Athletic director yesterday afternoon at their meeting granted permits to Bill Box, of Smylie, Louis Hudson and Stan. Brown to play with the Dental Hockey Club this year the latter would have gone out of existence. Therefore the hockey fans have the 'Varsity authorities to thank for keeping the Dentals in the game this year. With these four players the Dentals have the nucleus of a strong team, as Mac Sheldon, Charles Stewart, Leroy Kennie and Vern Forbes are not members of the University of Toronto, and therefore require no permit to play with the Dentals. The decision of the director, however, means that Bill Carson, White, Langtry, Miller and other students who have been turning out with the Dentals will have to play with the 'Varsity teams this season.

Manager Bill Box of the Dentals appeared before the directorate, and stated that the boys had played together for the last three years, and as he expected he would be the last year they would be able to play together asked that permits be given to Brown, Smylie, Hudson and himself. Only these four names were submitted, and the directorate took a broad-minded view and gave them permits. Of the four given permits, Brown and Smylie will be the only two back at 'Varsity next year, and they will now be eligible to compete in 'Varsity sports next year.

The University of Toronto directorate announced some time ago that henceforth any students playing with outside teams without receiving permission would be barred from 'Varsity sports. This they intend to rigidly enforce.

Manager Bill Box of the Dentals is on the trail of two more local players, and in the opinion of the Dentals will land them. As Dalton Meeking of Barrie turned out last night with the Dents, it is presumed that he is one of them.

### BECKETT AND CARPENTIER.

Americans Think the Frenchman is a Quitter.

The Beckett-Carpentier fight is arousing widespread interest in Great Britain and France; also on this side of the Atlantic Ocean. Beckett has ruled favorite over the noted French champion for several weeks, and will be heavily backed. But Carpentier also has a loyal and confident following. He is getting into condition rapidly, and Sparrow Robertson sends word that he will be the first class shape when he enters the ring. It's a cinch that Carpentier, at his best, will be a more dangerous antagonist for Beckett than Eddie McGoorty proved to be when the British champion recently put him away in the seventh round. In that affair Beckett, according to Americans at the ringside, was slow and clumsy, though remarkably strong and packing a heavy wallop in each hand.

Carpentier is a skilled boxer, but is he game? Americans who saw him fight Gunboat Smith in London before the war broke out still insist that the Frenchman wanted to quit under fire, and that when he was declared the winner on a supposed foul the winner was the victim of cold blooded "robbery." If that mill has been allowed to continue by the referee, eye witnesses declare that Carpentier would have been knocked out.

Is Beckett, as capable a fighter as Gunboat Smith used to be? Has Carpentier gone back as a result of his long absence from the ring? These questions will be answered, no doubt, when the British and French champions answer the gong.

### WORLD'S SERIES IN EAST.

Such is the Announcement of the N.H. League.

It was announced at the N.H.L. meeting that there would be a series of twelve games in each of the four cities, making twenty-four in all for each of the clubs on the loop. The season will start about Dec. 23rd, and close early in March. The split schedule will be carried into effect again with the winners of the first and second sections playing off at the close. The world's series will be in the east.

There was no session of the National Hockey Association, and President Calder announced that none would be held until the present lawsuits had been wound up.

### New Skating Rink For Oshawa.

Plans are said to be maturing for the erection of a large skating rink on the property of the General Motors in the locality of Ritson Road, Oshawa. This follows close upon the organization of the Athletic Association of the McAllan and Chevrolet plants. The rink will be an open-air structure, with two rinks for hockey and a fine skating course bordering these. The plans are for a rink 200 feet square laid out in the shape of a figure eight, the oval or shape of the numeral being the party loops in the numeral being the party laid out for the puck chasers. This will allow for four teams to be engaged and two games to proceed at the same time without interference. Hockey rinks will be measured 150 feet by 75 feet.

Hugh Lehman, considered one of the best goalkeepers in professional hockey, has signed to play for Vancouver this season. Lehman started for Vancouver in the Stanley Cup series played here in 1918.

A girl who can bake bread from dough Who can cut out her own garments and sew & wash and cook. Should a husband look. For she knows all a wife needs to know.

## McGILL HOCKEYISTS PLAN A LONG TOUR

They Expect to Play Exhibition Game in Toronto During Christmas Week.

With the termination of the football season, athletic activity at McGill has turned to hockey, and plans for the season are already past the chrysalis stage. The local collegians intend to open the 1919-1920 season with a Western barnstorming journey, in which games will be played at Toronto, Hamilton, Sault Ste. Marie, Fort. William and Winnipeg. The tour will start with the commencement of Christmas week, and will terminate in time to bring the students back to Montreal in time for the resumption of lectures in January.

Already the McGill Hockey Club has received acceptance from prospective opponents in Sault Ste. Marie and Fort William, while similar notices are expected from Hamilton, Toronto, and Winnipeg daily. Two games will be played in Fort William, one on the westbound journey and the second as the team returns East. A two-night stand will be played in Winnipeg, should the arrangement turn out favorably, while single games will be the order at the Soo, Toronto and Hamilton.

Coach Shaughnessy announced that he expects a good strong turnout for hockey at the University, and anticipates no difficulty in producing two sextettes of senior calibre. "Definite arrangements for the Western trip will be closed in a very few days," stated Shaughnessy. The McGill coach also made mention of the possibility of an American tour of short duration, arrangements for which are also pending. The McGill hockey squad has commenced outdoor training.

### CHALLENGE FOR DEMPSEY.

Fred Fulton Anxious to Meet Heavyweight Champion.

Fred Fulton, Minnesota's giant heavyweight pugilist, has returned to New York from England, after winning four fights, but without being able to lure Joe Beckett, the British champion, into the ring. Fulton looked anything but a champion when he stepped off the Mauretania, showing the effects of continued sea sickness on the trip home. He also carried ten pounds of fat, an unwelcome addition to his weight, and nursing a painful swelling on his right arm which may necessitate an operation. Despite his unsatisfactory physical condition and his inability to sweet Fulton, Fulton issued a deft to Jack Dempsey even before he left the ship.

### New Sprinting Star.

By the time the Olympic games approach it is not known how many sprinters capable of doing "even time" for the hundred yards or hundred metres will have been developed. A new aspirant to a place among the foremost of flyers is an Australian, R. R. Burgess, a newcomer at sprinting. At the Queensland track and field championship Burgess did the hundred yards in 9.10 seconds, and won with such ease that oldtime athletes predict he will be the next man to be chronicled in 9.3-5 seconds. Burgess is a tall fellow with wonderful stride and like lightning of his mark.

As the Australians have already begun to prepare a team for the Olympic games, they are overjoyed at the sudden appearance of so good a sprinter.

Budding genius doesn't always bear fruit.

## Kill the Germs of Catarrh

BY ACTING TO-DAY YOU CAN QUICKLY CURE CATARRH AND AVOID BRONCHITIS, PERIAPHS CONSUMPTION

Most Agreeable and Surest Cure is Catarrhosone, Which Cures Every Curable Case.

Catarrhosone proves especially good in those chronic cases where mucus drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths through the inhaler are needed to clear the passages and where there is coughing and sore bronchial tubes, the soothing, healing properties of Catarrhosone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhosone at work you can be sure of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

The complete \$1.00 Outfit of Catarrhosone is sufficient for two months' treatment, and is guaranteed. Smaller size, 50c at all dealers.
