Mums Are Done Enter Narcissi

The Narcissi are a large and beautiful family of sweet scented bulbous flowers, ranging through the polyanthus varieties, such as Paper Whites and Chinese Sacred Lily, to the double varieties or Daffodils. The Narcissus is used perhaps as extensively as any other bulb in commercial forcing and vies in importance with the Hyacinth and Tulip, while it has a decided advantage in filling in between the Chrysanthemum and the many winter flowering plants, which Christmas brings.

BEAVER PLENTIFUL IN NORTH COUNTRY

The Hunters are Reported to Be Making Quite a Harvest There.

Cobalt, Dec. 3.—There has been a heavy beaver catch in the north so far this season. Hunters are reported to be making quite a harvest of this valuable fur-bearing Canadian builder.

Beaver increases rapidly and during the few years that it has been unlawful to take beaver, the wisdom of such prohibition has been shown by a remarkable increase.

The fear now is that they may be slaughtered too quickly. If game wardens do their duty and none be allowed to trap unless they hold licenses and none be allowed to take more than their license calls for, there will be a heavy revenue to Canada through the growing sale of these furs.

In Northern Ontario there are hundreds of millions of acres of lands and waters suitable for fur-bearing animals, chiefly beaver. The waters of the Northland are so connected that, with short portages, trappers can canoe for hundreds of miles. One trapper was heard to remark recently that he and his partners were trapping in three townships and did not expect to get home until May. He said they would go by canoe through Temagami on down the Sturgeon River to Nipissing. In the early days when the north was the home of the Hudson Bay, there was no doubt even less fur here than at present. There was no closed season, and the fur-bearing animals were about exterminated when civilization made its inroads.

At present prices, fur trappers will make a lot of money this season.

The following patronesses have consented to be present as chaperones at the Victory Club dance at the City Hall, Thursday evening, Dec. 4th: Mrs. John M. Hughes, Mrs. F. J. Hoag, Mrs. George B. McKay, Mrs. F. Everett Birdsall.

Mistaken Identity Discovered at Last Moment Saves an Innocent.

Montreal, Dec. 3.—A case of mistaken identity came to light in the Court of Sessions, Judge Decarie presiding, yesterday, when John Harrison, alias O'Brien, was charged with theft. J. E. Lynde had been committed for trial on a charge similar to that lodged against Harrison.

Inquiries by the police established beyond a doubt that Lynde had been committed for Harrison's crimes. Lynde, who has been out on bail, was ordered discharged at once. Harrison was sentenced to eight years' imprisonment.

The Canadian Mining Institute.

In 1898 an act to incorporate the Canadian Mining Institute was adopted by the Parliament of Canada. The founding of the institute was for the following purposes:

First, to promote the arts and sciences connected with the economical production of valuable minerals and metals, by means of meetings for the reading and discussion of technical papers, and the subsequent distribution of such information as may be gained through the medium of publications. Second, the establishment of a central reference library and a headquarters for the purpose of this organization. Third, to take concerted action upon such matters as affect the mining and metallurgical industries of the Dominion of Canada. Fourth, to encourage and promote these industries by all lawful and honorable means.

In March, 1905, an annual general meeting of the institute was held in Montreal and bylaws were adopted. To-day the Canadian Mining Institute is the one strong national mining organization of Canada. Its annual general meeting is one of the events that mining engineers and others interested in the development of the Canadian mining industry look forward to. It is now planned to have two annual general meetings, one to be held in the east and one in the west.

Members of Prof. Tipaldis' celebrated New York orchestra, who are engaged by the Victory Club, will stop at Chateau Belvedere.
