Mums Are Done Enter Narcissi

The Narcissi are a large and beautiful family of sweet scented bulbous flowers, ranging through the polyanthus varieties, such as the Paper Whites and Chinese Sacred Lily, to the double varieties or Daffodils. The Narcissi is used perhaps as extensively as any other bulb in commercial forcing and vies in importance with the Hyacinth and Tulip, while it has a decided advantage in alling in between the Chrysanthemum and the many other flowering plants, which Christmas brings.

NEW SPEAKER'S EXPERIENCE

NELSON PARLIAMENT'S QUALIFICATION FOR THE POSITION

What Hartley Dewar has to Say About the E.F.O. Bargaining With Liberal Members.

Toronto, Dec. 5.—Nelson Parliament made the following statement after the premier's announcement that it was the intention of the government to present his name for the Speakership when the legislative assembly meets:

"A short time ago a proposal was made to me on behalf of the government to accept the Speakership of the legislature. I assume that the proposal was made because only two members of the United Farmers' delegation in the assembly have had any experience as members. One, Mr. Bowman, has become a minister of the crown, the other, Mr. Widdifield, sat through only one session before dissolution. I have been a member of the house for five sessions and from the point of view of the necessary experience am, I assume, qualified to fill the Speakership."

"I was elected for Prince Edward as a Liberal with United Farmers of Ontario endorsement and support. The platform of the Liberals and United Farmers in the legislature are so nearly alike that I feel no violence is being done to my political convictions by the acceptance of the speakership."

"I have not entered into this negotiation without the knowledge of Mr. Dewar, the Liberal leader, nor shall I agree to accept the office as speaker without the goodwill of my constituents, whom I shall call together for consultation, immediately on my return home."

Nelson Parliament was returned by a majority of nearly a thousand in what he claims is now a Conservative constituency. He was first elected to the legislature in 1914 by a majority of 11. He was born at Ameliasburg March 11, 1877, and educated at Bellville College. His ancestors were of United Empire Loyalist stock. He is a farmer and a Methodist.

Mr. Parliament's election to the speakership will deprive Hartley Dewar of a supporter, and leaving him out the following will be the composition of the new legislature: United Farmers, 45, Liberals, 23, Conservatives, 25, Labor, 11 and Independents 1.

Thus the U.F.O. Labor and Independent vote combined will be 57, giving a majority of four over the 53 Liberals and Conservatives.

Hartley Dewar had the following to say recently regarding the speakership: "Is it fair to secretly bargain with an elected Liberal member for his appointment as speaker, with the knowledge that he is still attending the private conferences of Liberal members? Every fair-minded man in the province of Ontario will resent any appeals to Liberals or Conservatives to detach themselves from their respective parties to augment the Farmer forces by the promises of preferment and office."

There is an allowance of \$2,500 per annum attached to the Speakership, but as the office is not regarded as one of emolument under the crown, Mr. Nelson's appointment will not necessitate him seeking reelection to the legislature. Dr. Jamieson was Speaker in the Hebert administration.

A SQUARE DEAL AND THEN SOME—THAT MAKES OUR CUSTOMERS BOOST

There's No Such Thing As Pretty Good Clothes

They're either good or bad—you can argue the merits of quality till the cows come home, but quality stands on performance, not philosophy; if it isn't there neither are the Clothes. LION OVERCOATS haven't risen to where they are on "say-so;" they haven't won a place by every fireside in Kingston through the agency of glowing adjectives or promises which read well but work the other way. Performance made LION OVERCOATS, not another thing under the sun, for there's one great proof of quality and that's finding it. LION CLOTHES are their own best argument.
