P.S.—How about an OVERCOAT for FATHER?

GLASSES that were not made to fit the exact measurements of your eye-deficiencies are worse than useless and should not be worn. The crystalline lenses from another person's eyes would not give you the proper sight if they were placed between the pupils and the retina of your eyes. Neither will glasses that are not made to your eye measure benefit you. We are competent to serve you.

"The House of Better Glasses" Opposite the Post Office Phone 609. KINGSTON.

HOCKEY AND BASKETBALL HAS RECORD FOR ESCAPING

A BIG HOCKEY MEETING IS HELD AT QUEEN'S.

Addressed by Principal Taylor, Prof. Malcolm and Nick, Bawlf—Result of the Sunday School Basketball Games.

At a mass meeting of all students interested in hockey, held at Queen's University on Tuesday afternoon, Principal Taylor, Prof. Lindsay Malcolm and "Nick" Bawlf, the hockey coach, told the men what must be done if Queen's teams are going to make a good showing this winter.

Principal Taylor, who was the first speaker, told the gathering that although not a player himself, they could always depend on him supporting them in sports. He assured the students that he would do everything in his power to see that the university gets better places for the playing of the various games.

Prof. Lindsay Malcolm, who is one of the outstanding men in sports at the university, reviewed what the teams representing the college had done in past years. Some may say that Queen's teams were not doing what they should, but the professor said he would remind their critics that if they themselves were not doing anything to help Queen's make a better showing they had no license to talk.

Professor Malcolm stated that he attended a meeting of the intercollegiate rules committee in Toronto recently, and in view of the fact that the rugby rules have been so changed, he will arrange that the players have practices next spring before the college closes, so that they can get acquainted with the new rules.

Coach "Nick" Bawlf, when called to speak, said that the success of the teams will depend entirely upon how the students get down to the game. He stated that he was going to make certain training rules, and if the players were to make a success of the game, they would have to live up to these rules. He reminded the players that if they were to get physically fit, they would have to make some sacrifices. In closing, he said he not only expected the boys to become good hockey players, but at the same time to be good students, as they were in the university to get an education.

After the hockey meeting adjourned, at the suggestion of Professor Malcolm, it was decided to hold the annual meeting of the rugby club. The election of officers for the ensuing year took place as follows: Honorary president, Prof. Lindsay Malcolm; president, F. Ellis; vice-president, W. Ellis; secretary-treasurer and manager of first team, J. Coombs; assistant secretary-treasurer and manager of the third team, J. Doherty.

Sunday School Basketball. St. Paul's and Young Hebrews Association were the winners in the senior S.S.A.A.A. basketball games at the Y.M.C.A. gymnasium on Tuesday evening. St. Paul's won from Bethel by a score of 20 to 17, while Young Hebrews won from the Sydenham street Methodists by a score of 23 to 14. Both the games were real good exhibitions.

St. Paul's and Bethel clashed in the first fixture. Both teams played real good ball, but the Anglicans seemed to have a little the better of conditions. During the last half of the game it was so even at times that it was a toss up which would pull out victorious. The teams lined up as follows:

St. Paul's—Lyons, Bunt, McKay, Rooney and Fleming. Spare, McCallagh.

Bethel—Wilson, Fred Hafner, Bruce, A. Hafner and Holland.

The second game was one of the hardest contested games witnessed at the Y.M.C.A. gymnasium in many weeks. At the start of the game it looked as though the last half of the game it was so even at times that it was a toss up which would pull out victorious. The teams lined up as follows:

Young Hebrews—Morris, F. Morris, Freedgats, Abramsky and Seigel.

Sydenham Street Methodists—Anglin, Tancock, Moore, Cross and Searle.

Roy Day handled both games to the entire satisfaction of all the players.

MERCURY TOOK DROP TO TEN BELOW ZERO

Kingston Had the Coldest Weather of Season on Wednesday Morning.

The mercury took a big drop on Wednesday morning, and as a result Kingston had the coldest day of the winter so far. The thermometers registered ten below zero, but citizens were of the opinion that it was about thirty or forty below, while still others thought that the bottom had dropped out of the thermometer.

On Tuesday the thermometer registered three below zero, but on Tuesday night the weather man got busy, and early in the evening it had every appearance of being a real cold night.

FRANK CLEMENTS, WHO GOT AWAY FROM ROCKWOOD

Sentenced to Seven Years For Assaulting and Robbing Hamilton Banker—Made Sensational Get-away From Train Travelling at High Speed.

The Toronto World of Tuesday has the following:

The Toronto police department have been notified that Frank Clements, alias Cassidy, notorious fast breaker, has escaped from Rockwood asylum, Kingston. Clements was sentenced last spring to seven years in Kingston penitentiary for assaulting and robbing a Hamilton bank manager in his summer home at Burlington. After serving a short term in the penitentiary, Clements was examined by two doctors, who reported him insane. He was later removed to the Rockwood institution and escaped. The Toronto and Hamilton police were not informed of the escape of the prisoner until Monday, and just how long Clements has been at large Inspector of Detectives Guthrie could not say.

Cassidy has a long record both here and in the United States for escaping from prison. Last February he was arrested in Toronto for the police of Nashua, New Hampshire, on a charge of jail breaking. While being taken back for trial he broke away from the officer and leaped from the window of the train while it was traveling at a high rate of speed. Several weeks later Clements wrote to the chief of the Nashua police informing the chief how easily he had got away from him, and that he was still in Canada.

He obtained employment as a guard at the Hamilton asylum and on his off night robbed a house at Burlington and threatened to shoot the Hamilton banker and his wife. While visiting the Hamilton asylum several weeks later, the banker's wife identified Clements and he was arrested. He was held in the Milton jail and had taken off the bars of the cell window and was about to escape when the police caught him.

The detectives at headquarters have been instructed to look out for Clements, but they are sure he would not come to this city.

CAPT. E. W. SKINNER Candidate for Alderman in Rideau Ward.

ON THE HUMOR OF THE SCOT

PRINCIPAL DR. BRUCE TAYLOR AT CANADIAN CLUB LUNCHEON

Delivered Entertaining Address Tuesday Afternoon—Second Event To be Held by Club This Season.

Principal Dr. Bruce Taylor, of Queen's University, was the speaker at the Canadian Club luncheon at the Grand Cafe on Tuesday afternoon. Dr. Taylor had intended speaking on the subject, "Some Problems of Canadian Citizenship," but changed over to "The Humor of the Scot," remarking that he desired to set aside things of controversy and turn his mind to the old and happy land, and for about an hour the speaker told humorous stories and kept this audience in roars of laughter.

Principal Taylor takes first place as a story teller, and his Scotch stories of wit and humor were most entertaining and the address was listened to with keen interest. There was a good attendance at the luncheon and all voted it one of the most enjoyable ever held by the club.

The president, J. G. Elliot, presided, and at the close on behalf of the Club, tendered a vote of thanks to the speaker. This marked the second event to be held by the club this season.

FARMER PICKED UP BOY.

And Boy Picked Up Farmer's Money and Skipped Out.

On Tuesday afternoon a resident of the county was in the city for the purpose of trying to locate a nine-year-old boy who, he claimed, stole some twenty dollars from his home. According to the story of the boy, the farmer picked him up on the street on Monday and took him to his home where he remained until Tuesday morning, and then skipped with the money. The lad says that he took fifteen dollars in bills and a fifty-cent piece which he found on the floor.

When the farmer located the lad he still had ten dollars in his possession and he handed it over to the owner. The farmer asked the father of the boy to pay the amount which the lad had spent, but the father absolutely refused to pay the money, as he claimed the farmer had no license to take the boy, and more than that he claimed he had worked the lad.

They Couldn't Find Any More. "Hello, Brown! Wasn't it a fine day yesterday?"

"It seemed so. They fined me once for speeding, and once because my lights were out."—Cartoons Magazine.

The man who doesn't have the services of the great teacher, experience, may live to a green old age.
