MAKES \$100,000,000 GAIN INCIDENTS OF THE DAY

NOTABLE STATEMENT OF THE ROYAL BANK OF CANADA

At the End of Golden Jubilee Year Bank Reports Assets of Over \$500,000,000, an Increase During the Year of Over \$100,000,000.

Montreal, Dec. 22.—(Special).—The Royal Bank of Canada is out with an annual statement that will, in many respects, be regarded as the most notable it has ever forwarded to its shareholders.

At a time when all Canadian banks are reporting important readjustments because of special financing undertaken on behalf of the Government during the war period, the Royal Bank has not only forged steadily ahead, but is even able to report a gain in assets for the twelve months of well over one hundred million dollars.

With this achievement the Royal is able to announce to its shareholders that at the close of its Golden Jubilee year its assets are away beyond the \$500,000,000 mark.

Under the conditions that have prevailed during the past year this achievement is nothing short of remarkable and must be attributed to the business producing organization which The Royal Bank has built up with its system of over 600 branches.

Growth of Assets.

An examination of the general statement of assets and liabilities shows that total assets now stand at \$533,647,084, being up from \$427,512,982 at the end of the last fiscal year. Of this amount liquid assets total \$273,908,862, against \$224,982,088, while loans and discounts have gained to \$233,834,879, as compared with \$183,748,392 a year ago.

Total deposits now stand at \$419,121,329, as compared with \$331,991,717. Of this amount deposits bearing interest amount to \$259,465,169, up from \$197,348,439, and deposits not bearing interest \$159,656,229, as compared with \$135,243,278. A closer study of liquid assets indicates a gain of approximately \$50,000,000.

Big Gain in Earnings.

The Profit and Loss Account this year makes a most interesting exhibit. Following the issue of new capital made, the capital of the Bank now stands at \$17,000,000, and the Reserve Fund at \$17,000,000. With the larger resources at its disposal there has been a considerable gain in net profits and for the twelve months' period those amounted to \$3,423,264, equal to 10.87 per cent on the average capital and reserve for the year. This shows a gain of approximately \$600,000, as compared with the previous year, when total profits were reported at \$2,809,848.

With the total profits added to the balance of Profit and Loss brought forward, the amount available for distribution this year is \$3,959,021. Of this amount \$1,866,196 was paid in regular dividends, \$240,000 as a bonus of 2 per cent to shareholders to mark the fiftieth Anniversary of the Bank, \$100,000 transferred to Officers' Pension Fund, \$400,000 written off Bank Premiums Account, and \$156,406 War Tax on Bank Note Circulation, leaving to be carried forward to Profit and Loss \$1,096,418, as compared with \$535,757 at the end of the previous year.

ARE BEING WELL RECEIVED

THE VETERANS' MUNICIPAL COMMITTEE IS HARD AT WORK

The Candidates Are not Running on a Military Ticket—To Have a Meeting To-night in the G.W.V.A. Hall.

The enthusiasm of the Veterans' Municipal Committee was well demonstrated by the splendid meeting of the members of the committee with the ward workers and committees on Saturday evening in the Army and Navy Veterans' rooms. The ward committees reported that the candidates were being very well received.

Some discussion took place on the attempt which is being made to give the committee the name of a military league, and to refer to the candidates as a military ticket. The committee expressed itself very strongly against such a name, as it was clearly pointed out in the beginning that this was not a military party. The members of the committee were civilian citizens prior to the war, and have since been demobilized and have taken their places as citizens in civilian life. It was decided to make it perfectly clear that the name of Military League was very misleading and not the correct name of the organization.

The question of endorsing a large number of candidates was also discussed, and it was pointed out that there was no intention to do this, so as to avoid any idea of an attempt on the part of the committee to dominate matters. A reasonable number of candidates was selected and the committee is working for their election, without any idea of trying to run the city.

Arrangements were made for a joint meeting of the two veterans' organizations and of leading citizens to be held in the G.W.V.A. rooms on Monday evening at nine o'clock. Many leading citizens are being invited to speak, including Elmer Davis, Principal Bruce Taylor, A. B. Cunningham, Col. MacPhail, J. M. Hughes, and also the veterans' aldermanic candidates. The G.W.V.A. were asked to have their band on hand for the occasion, and a very enthusiastic meeting is looked for.
