

To the Electors of the City of Kingston

Organized labor respectfully solicits your vote and influence at the approaching municipal elections for the under-pose is the common good of the city, and if elected will one and all endeavor to the utmost of his time and ability to make Kingston a greater city—her industries more numerous, her business more prosperous, and her educational advantages broader and more staple—all of which will not only materially benefit Labor, but every phase of Kingston life.

named candidates. Labor is desirous only of a fair representation at the Council Board. They seek only the election of six Aldermen out of the entire field of twenty-one.

There are only two school trustees nominated by Labor—a small number in ratio to the school children coming from the homes of labor.

We aim neither at monopoly nor control. Our candidates are free from any pledge to class legislation. Their pur-

Electors Of Sydenham Ward

LADIES AND GENTLEMEN:

I again ask you for your votes and influence to elect me as one of your three Aldermen for 1920.

May the coming year be the best ever for our good, old city.

HERBERT N. ROBERTSON

TO THE ELECTORS OF SYDENHAM WARD

Your vote and influence are respectfully requested to elect me as your representative in the City Council for 1920.

W. H. CRAIG

Rideau Ward

TO THE PUBLIC SCHOOL ELECTORS:

May I ask your vote and influence to elect me as your School Trustee? Should I receive the honor I pledge myself to devote my time and ability for the best interests of the scholars and the schools, duty safeguarding any unnecessary increase in the taxes.

John William Jones

Electors of Rideau Ward

During the last twelve years you have honored me as your representative on the Board of Education, entirely unsolicited, for which I thank you.

If you desire my services any longer it will be necessary for you to make an X on your ballot on New Year's Day opposite

JAMES CRAIG

TO THE ELECTORS OF RIDEAU WARD

Having been solicited by a number of representative citizens, I offer myself for Alderman for Rideau Ward. I solicit your votes and influence, and if elected, I will do my best to represent all classes, irrespective of politics, class or creed.

Fred. M. Clow

TO THE ELECTORS OF RIDEAU WARD

Your vote and influence are respectfully solicited to elect me as Alderman for 1920.

I shall studiously endeavor to represent all classes and stand for progress and economy.

H. F. METCALFE.

Principal, Kingston Business College.

Rideau Ward

TO THE ELECTORS OF RIDEAU WARD:

Ladies and Gentlemen,—I respectfully solicit your votes and influence to elect me as Alderman for 1920.

Yours Faithfully,

D. Couper

TO THE ELECTORS OF ONTARIO WARD

LADIES AND GENTLEMEN:

Your votes and influence are respectfully requested to re-elect me as Alderman for 1920.

R. E. KENT.

To the Electors of Ontario Ward

LADIES AND GENTLEMEN:

If my record as Alderman has been satisfactory to you, I would respectfully solicit your votes to return me again as Alderman in Ontario Ward.

Yours truly,

C. J. Graham

To The Electors of Ontario Ward

LADIES AND GENTLEMEN:

At the request of several of the business men and citizens, I have decided to offer myself as a candidate for Alderman for Ontario Ward at the coming Municipal Election. I respectfully ask for your support, and if elected will do all in my power to advance the interests of Kingston.

J. B. PHILLIPS

Vice-Pres., Mahood Drug Co.

To the Electors of Sydenham Ward

Your votes and influence are respectfully invited to re-elect me as your representative in Council for 1920.

Citizens' Candidate.

Chas. A. Anglin

TO THE ELECTORS OF SYDENHAM WARD

LADIES AND GENTLEMEN:

If you are satisfied to have me again as one of your representatives as Alderman for next year, kindly mark your ballot in my favor.

ALD. R. J. RODGER.

Electric bulbs lighted from a dry battery form animal's heads on a recently patented muff for women.

To the Electors of Cataraqui Ward

LADIES AND GENTLEMEN:

I respectfully solicit your vote and influence to elect me as Alderman for the year 1920.

Thomas B. Angrove

To the Electors of Cataraqui Ward

LADIES AND GENTLEMEN:

At the request of a large number of citizens I offer myself as candidate for Alderman for Cataraqui Ward, where I am most interested.

As you permitted me to represent you on the School Board the last five years, I hope you will elect me to the Council.

Isaac Cohe

CATARAQUI WARD

LADIES AND GENTLEMEN:

After serving you for three years as your representative in the City Council, I again respectfully solicit your votes and influence for the coming Aldermanic election.

Thanking you for your former support and wishing you the compliments of the season,

Very respectfully,
Yours truly,

FRED. SIMMONS.

TO THE ELECTORS OF

CATARAQUI WARD

Your votes and support are respectfully solicited to elect me as Alderman for 1920.

Yours faithfully,

JAMES NORRIS.

TO THE ELECTORS OF

ST. LAWRENCE WARD

As a citizen desirous of being instrumental in the advancement of Kingston, I respectfully ask for your votes and influence to secure my election as one of your Ward representatives.

H. E. PENSE.

TO THE ELECTORS OF

ST. LAWRENCE WARD

LADIES AND GENTLEMEN:

Your votes and influence are respectfully solicited for my election as School Trustee for the year 1920.

L. T. BEST.

St. Lawrence Ward

TO THE ELECTORS:

With appreciation of the privilege of serving in the City Council of 1919 and I trust to the satisfaction of the electors, I am again a candidate for Aldermanic honors and respectfully ask for a continuance of your support.

W. Y. Mills

TO THE ELECTORS OF

ST. LAWRENCE WARD

Your vote and influence are respectfully solicited to elect me as your representative in the City Council for the year 1920.

NOBLE STEACY.

TO THE ELECTORS OF

VICTORIA WARD

LADIES AND GENTLEMEN:

If you think my services in the City Council in the past have been of value to you, I would be pleased to again act as one of your Aldermanic representatives for 1920, and ask for your votes and influence to elect me.

Wishing you all a Happy and Prosperous New Year,

Yours faithfully,
JOHN W. LITTON.

Percy B. Chown

Alderman for Victoria Ward, asks for Re-election

THE VICTORY AT SEA.

(Continued From Page 9)

its depth charge, set to explode at seventy feet, its radio meantime sending signals broadcast for assistance. Immediately after the mushroom of water arose from this charge a secondary explosion was heard; this was a horrible and muffled sound coming from the deep, more powerful and more terrible than any that could have been caused by the destroyer's "ash can." An enormous volcano of water and all kinds of debris arose from the sea, and half way between the Christabel and the spot where it had dropped its charge. This secondary explosion shook the Christabel so violently that the officers thought at first that the ship had been seriously damaged and a couple of men were knocked sprawling on the deck. As soon as the water subsided great masses of heavy black oil began rising to the surface, and wreckage appeared. In a few minutes the sea, for a space of many hundreds of yards in diameter, was covered with dead fish—about twenty in number, the officers reported, as could have been killed by the usual depth charge. The Christabel and the ship she was guarding started to rejoin the main convoy, entirely satisfied with the afternoon's work. Indeed, they had no reason to be: a day or two afterwards a battleship submarine, the UC-55, crept painfully into the harbor of Santander, Spain; it was the boat which had had such an exciting contest with the Christabel. She was injured beyond the possibility of repair; besides, the Spanish Government interned her for the "duration of the war"; so that for all practical purposes, the vessel was as good as sunk.

THE MAN ON WATCH

Now that the Montreal "spirit route" is to be again opened, there will likely be a smaller demand for ouija boards.

Cigarette smokers are declared to be a danger to dances in the city hall, as some well-groomed boozers think nothing of tossing a lighted "smoke" into inflammable things. They are as bad as firebugs.

Someone asks the Lampman what are the chief qualifications required to be an alderman or a school trustee. Answer: Common sense and good judgment.

It would be better if the Ontario Government would prohibit farmers and others possessing dollar a dozen eggs than to declare it a crime to be in possession of some dearly-bought liquor.

No doubt the Board of Education would be toned up a bit by the addition of a preacher or two.

A shortage of teachers is reported. The reason is that the salaries are somewhat short in making ends meet.

If all the provincial hangings were to be performed at Port Hope, Halton's Bay would at last have need of a grand stand.

Portsmouth people call the Rockwood rink the "U.F.O."—"Us For Ourselves"—meaning that the asylum authorities do not care to have outsiders use the ice.

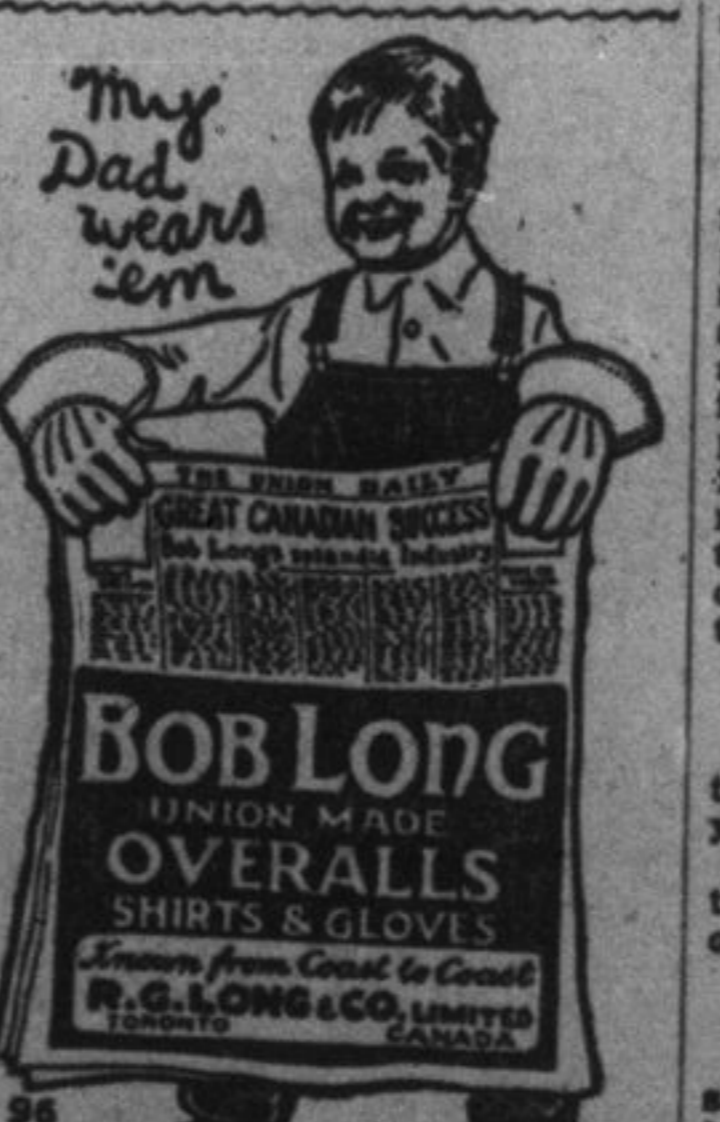

If the Lampman were old and friendless, he would desire nothing better than to live in Kingston's Home for the Aged, for the old folks down there are comfortably housed, well fed and splendidly entertained. Kingston has need to be proud of its home for old people and of the board of management and superintendent.

The civic health committee did not live up to its name when it dumped garbage down on the Cataraqui ward park at the foot of Bagot street. No wonder Brother Simmons raised a hoiler.

If Mayor-elect Nickle is able to carry out half the programme he outlined to the electors on nomination day, he will win the gratitude of the people. He might also try and get the Scotch kirk clock to keep going during the wintry weather and to strike according to schedule.

—THE TOWN WATCHMAN.

A new automobile ambulance resembles a limousine when closed, the tire rack dropping down to form a step when the back is opened its full width.

TO THE ELECTORS OF FRONTENAC WARD

As I have been requested by a large number of citizens to again stand as a candidate for Alderman, I have decided to meet their wishes. If my services in the past have met with your approval, I shall be glad of your votes and influence to again elect me. If elected, I shall seek to represent all the people, and not merely one class.

J. W. SMITH.

MAKING BRIQUETTES.

Plant to Manufacture About 30,000 Tons a Year.

After studying the coalfield conditions in the Middle West, chiefly in southwestern Manitoba, Commissioner R. A. Ross, chairman of the Lignite Utilization Board of Canada, returned to Montreal.

The immediate result of the investigations is the decision of the board to erect a plant to manufacture briquettes from Manitoba coal at a rate of 100 tons a day, or about 30,000 tons a year. This is a purely experimental idea, according to Mr. Ross, and the intention is to test the commercial possibilities of the manufactured briquettes. If a success, larger plants would probably be started, and operated, either by the Government or by private commercial interests.

In the meantime, Mr. Ross is of the opinion that competition with the United States and the anthracite coal interests is useless in that part of the country—at least for the present, and more than probably in the future as well. The Manitoba coal is a very soft, and the manufacture of briquettes is the only way in which it could be utilized with satisfactory results. The briquettes would probably be sold easily enough in the Manitoba coal country, and possibly even in Winnipeg, but freight rates being high, where the American coal concerns could transport their anthracite to the lake ports, the Canadian interests would be at a certain disadvantage.

The provinces of British Columbia and Alberta have plenty of domestic coal as have the Maritime Provinces and most of Quebec, there is no hope, however, according to Mr. Ross, that these will be any great coal output in Central Canada at the present, or that matter in the future.

Canada's Trade Returns.

Canadian trade returns are available for the first seven months of the present fiscal year, beginning April 1. Exports for the period were valued at \$688,839,909, compared with \$720,132,222 in the seven months ending October 31, 1918, and imports were \$543,670,887, compared with \$560,074,027. Rising prices may conceal a decrease in the quantities this year greater than the ratio of the decrease in values, but the showing is not unmanufactured, considering that last year there were great exports of war material. The reasuring feature is the continued excess of exports over imports in a year when trade is almost on a peace basis again. The favorable balance—favorable in view of Canada's position as a debt-ridden country—is the past seven months was \$145,219,022. The favorable balance in the corresponding period in 1918 was \$160,065,925, but the difference may be wholly accounted for by the cessation of the shipping of munitions. Measured by money trade for the seven months, April to October, this year was greater than that in any twelve months before the war.

It is imperative that production be maintained in Canada so as to keep up the level of the export trade. It is the only method by which we can meet the interest on our outside borrowings and bring down the adverse rate of exchange, which is a heavy tax on the raw materials we must buy in the United States. Greater production is the solution of most of our material problems, and it will aid in solving others.

Teachers Organize.

Ten thousand men and women Public School teachers of the Province of Ontario are to become organized shortly. They are to be formed into the Federation of Male and Female Teachers of Ontario respectively, but will co-operate whenever their mutual interests become affected. Headquarters for the time being have been established in Peterborough.

The Male Teachers' Club of Ottawa is the latest organization to join up with the new Federation of Men. A substantial donation has just been forwarded by the secretary to the executive, to be devoted to the organization fund. The women teachers are also going to join and will shortly undertake a financial grant.

Both the men's and women's organizations in many Ontario towns are already part of the federations. Brant County, Brantford, Hamilton, Woodstock, Ottawa and other places are now represented, and it is anticipated locally that within a very short time fully ten thousand teachers will have been enrolled.

Developing Pulp Industry.

An important movement for the further development of the pulp and paper industry in Canada will be started in the Province of Quebec shortly. The manufacture of pulp and paper is now one of the greatest industries of Canada, the daily output of paper in this country being 2,500 tons. With the erection of the new plant a new town will spring into existence. The site is about three or four miles east of Chicoutimi and the town will be called Saguenay.

Right vs. Might.

"Why did you turn out for that truck? According to the traffic rules you had the right of way."
"Yes," answered Mr. Chuggias, patiently. "But the truck had the right of weight."

Not Too Healthy.

"It is healthier to be cremated," says an English physician. Maybe so, but for our part we know we should never be the same man again.

Disappearing Type.

"Do you believe a gun could be made to shoot around a corner?"
"No, but the sight of a creditor often has that effect upon a man."

A bill brought before the Spanish cabinet provides the right of all women to vote, and also provides for two election days, the women to vote on the first day and the men the second.

Mrs. W. C. Booth, Brockville, in her nineteenth year, fell down stairs, and suffered the fracture of both arms at the wrist, a laceration of the skin at the right wrist and a cut over the right eye.

VETERANS' MUNICIPAL COMMITTEE

Our Platform

- 1—Capable men as aldermen for every ward.
- 2—No acclamations by arrangements or "slate making."
- 3—A representation in the city council of the Veterans of Kingston without seeking to create a privileged soldier class.
- 4—City government and administration for the whole of the people.
- 5—The selection of the best possible material for the Board of Education and the Board of Health.
- 6—To see that every nomination centre in the city is properly manned on nomination day so as to make impossible such acclamations as may result in the city council or the Board of Education.
- 7—To co-operate with all classes of citizens for the purpose of establishing and maintaining an efficient and creditable municipal government in keeping with the requirements of our city.
- 8—To secure the appointment and maintenance of an industrial commissioner whose entire time and energy shall be spent in seeking and securing new and profitable industries for the city of Kingston.
- 9—To have the city council take advantage of existing federal legislation and establish a "fair prices" committee to prevent unjust inflation and exaction in all things essential to decent living.
- 10—To stand for fair, honest and equitable assessment of all property, so that the burden of taxation shall be equally distributed, and to ask from the Dominion Government reimbursement for all losses in taxation on Government property, following the treatment of the city of Ottawa in this particular.
- 11—To favor any practical and possible scheme which will provide homes for our needs and provision for a greater growth in our population.
- 12—To secure the co-operation of the public press in every effort to awaken the public conscience to the need for a bigger and better city, which we feel confident is possible.

Our Candidates

The following candidates have been selected by the Veterans' Municipal Committee because of their ability and fitness to render to the city of Kingston the best possible service. They are pledged to work for the interests of all classes, and we solicit your support in their election.

For Mayor
Hugh C. Nickle

Utilities Commission
R. F. Elliott
George Y. Chown

For City Council

Sydenham Ward:
William H. Craig.

Ontario Ward:
Randolph Crocker

Cataraqui Ward:
Thomas Angrove

Frontenac Ward:
James Angrove

Rideau Ward:
E. W. Skinner

Victoria Ward:
Harry Sargent

St. Lawrence:
Harry E. Pense

Board of Education

Sydenham Ward:
Frank Smythe

Rideau Ward:
John W. Connor.

St. Lawrence:
Rev. Dr. Wilson

Victoria Ward:
J. F. Macdonald

We appeal to every citizen of Kingston to assist us in creating a BIGGER and BETTER KINGSTON. If our platform appeals to you, vote for our candidates.

BEAVER BOARD

WASTE space is "slack" space—put it to work. The empty attic might just as well be a den, play room, study or extra bed room. Even the basement can be transformed into a workroom or laundry. In business buildings Beaver Board also provides the practical way to permanently restore old walls and ceilings, partition offices, build extra rooms, and utilize unused lofts or other waste space.
