

OBITUARY

Late Mrs. John Hanley.
 Death came suddenly to Sarah Balls, widow of the late John Hanley, Battersea, Monday, February 2nd, in her sixty-fifth year, after a lingering illness of about three years. The late Mrs. Hanley was a woman of a very kindly disposition and bore her illness with Christian patience. She was a life-long member of the Anglican church. Mrs. Hanley was predeceased by her husband seven years ago. She is survived by her two sons and one daughter: Clarence of Kingston, Fred and Maude at home; also two brothers and one sister, Thomas Balls of Kingston, John Balls, and Miss E. Balls, Sunbury. The funeral, which was largely attended, took place from her late residence, Wednesday, at 1 p.m., to Sand Hill cemetery.

JOBS FOR TEACHERS.

Instructors in English Required to Live Among Foreigners.
 Manitoba will be offering profitable openings to teachers who are willing to take up work among the foreign settlements in that province very soon, according to Mr. Ira Stratton, special school organizer of the Manitoba Department of Education.
 "I will give teachers \$900, a house and fuel to start with," he stated. Mr. Stratton is on an extended visit to this province and has been addressing various congregations and meetings.
 The work in Manitoba is more in the nature of mission work than regular academic tuition. Forty-two and a half per cent. of the population is of other than British birth, very largely of Slav origin. Mr. Stratton is attempting to provide the children of these immigrants with an education in the English language and Canadian ways and customs at the same time. To do this he is having his teachers go and live among the people, in cottages which he provides. He finds that the foreigners are anxious to secure the knowledge he offers them and told to-day of many cases where very average immigrants have already become Canadianized citizens of excellent quality. He calls the teachers who undertake his work, "the Apostles of Canadianism."

Marriage Disrupts Greek Royal Family.

Geneva, Feb. 5.—Former King Constantine of Greece has broken off relations with his mother, Queen Mother Olga, and his brother, Prince Christopher, owing to the marriage of the latter to Mrs. W. B. Leeds last Sunday. It is reported here. King Constantine, it is said, still dreams of returning to Athens.

SHE DARKENED HER GRAY HAIR

Tells How She Did It With a Home-Made Remedy.
 Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement:
 "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Orif Compound and 1/4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp; is not greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."

HOW VERONA WON.

Verona, Feb. 5.—On Wednesday, Feb. 4th, Verona hockey team journeyed to Sydenham to play the first game in the semi-finals for the Edwards trophy, taking with them about one hundred ardent supporters. The game started at 7.30, and before fifteen minutes of the first period was played Williams on a line shot netted the first goal for Verona, which was followed shortly afterwards by a tally for the home team. In the second period Verona found the net for one more tally. In the final period Sydenham began to rough it and evened up the score, holding it thus until one and a half minutes before time was called, when Trousdale secured the puck in a corner of the rink and cork-scowed through the whole Sydenham aggregation, scored for Verona, and winning the game by 3 to 2. George Vanhorn of Kingston referred the game to the satisfaction of both players and spectators. He found it necessary to hand out penalties to only two players, those being Sydenham men. Considering the smallness of the rink and roughness of the ice, the game was as fast as could have been expected.
