LOOK FOR AMERICAN MONEY IN THE NORTH

The Exchange Situation May Help in the Mining Development.

Cobalt, Feb. 7 .- The present high rate of United States exchange is expected to cause an increased volume of American money to flow in this direction, and particularly in connection with the precious metal mining industry of Northern Ontario.

With exchange at the normal rate, the amount for money coming in for the development of silver and gold mining properties in Cobalt, Gowganda, Porcupine, Kirkland Lake, Boston Creek and other districts was POSITION OF GLASS GENERALLY very considerable. Now, with American money at a premium of 18 per cent. at the time of writing, the in- Great Britain Wants No Help and is London Telegraph Says That View centive to acquire and develop property here is greatly increased.
