516 OFFICERS AND MEN

AT PRESENT CONSTITUTE THE NO. 8 DISTRICT TROOPS

A Meeting of the 146th Battalion Called—Lieut.-Col. Charles A. Low Will Be Present.

The total number of troops in garrison in the district now is 516 officers and men. This includes the Kingston district headquarters staff, clerks, local units such as the R.C.A. and the R.C.H.A., the administration of the Cobourg military hospital which shows eighty three officers and employees exclusive of nurses. This is the only hospital in the district still under military control.

Capt. McDowall Heads 41st.

At a meeting of the officers of the 146th Regiment in Brockville Tuesday, Captain McDowall, M.C., was unanimously chosen as officer commanding. Captain McDowall is one of three brothers who had distinguished service in the late war, one being a V.C., one M.C., and one M. M. His selection will have to be sanctioned by the general officer commanding the district.

Meeting of the 146th.

Word has been received from Lt.-Col. Charles A. Low, who organized the 146th Battalion, C.E.F., requesting that a meeting of all ranks of the battalion be arranged for Saturday, Feb. 14th, at the G.W.V.A. hall, Princess-street. Col. Low will be present, and all regimental business will be taken up. It will be remembered that Col. Low was torpedoed twice when on his way to Egypt in the Mediterranean. His many friends will be glad to see him.

Military Notes.

The casualty company has removed from the armouries to the hospital building of Queen street, thus releasing another room for the militia units.

The machine gun company had a splendid turnout and practise on Tuesday evening.

A CHINAMAN DIED ENTERING HOSPITAL

Collapsed at G.T.R. Junction Tuesday Afternoon on His Return From Montreal.

Looyack Foy, a Chinaman, sixty-two years of age, expired suddenly while he was being rushed to the General Hospital on Tuesday afternoon. He was the proprietor of a laundry near the corner of Brock and Brock streets and for a time kept a grocery store on Brock street. A short time ago he felt the need for a rest, and went to Montreal to visit friends. He did not benefit, however, and was returning to Kingston. While getting off the train at the G.T.R. junction he collapsed from weakness. A taxi was called and he was rushed to the General Hospital but died in a chair as he was being admitted. Ben Lee and other Chinese friends of the deceased took charge of the body, and the funeral will take place from John Cornelius' funeral chapel. The deceased is survived by a wife who resides in China.

Coroner D. E. Mundell was called in and declared death due to heart failure. An inquest was not considered necessary.

A GREAT INDUSTRY.

Canada is in Third Place in Moving Pictures.

A great many Canadian people, both those who are in the habit of investing heavily, and those who have sought out a safe place to tuck away a few dollars, have found the moving picture field in Canada a most profitable one from an investment point of view. In former years, a great many theatrical enterprises were controlled privately, but of late there have been a number of public stock issues, which have proved very profitable investments for the public.

The results of the enterprises of moving picture promoters in Canada has brought the country's position up to the point where one of its moving picture interests now occupies the third position among all moving picture companies in the world. This company's investments extend to approximately \$20,000,000, and its dividend yields are remarkable. In fact, from one share under the management of this concern, 67 1/2 per cent. in dividends was paid in six years.

Moving picture interests are being extended continuously and offerings of stock in many cases gives the average investor a safe and profitable place for his money.

City Should Break Road.

Many citizens claim that the city should arrange for the breaking of the road to Cataract cemetery whenever it is snowbound during the winter. The burial of the city's dead has to proceed daily, and there are times when the condition of the road to the cemetery after storms is such that undertakers have the greatest difficulty getting through. It would not be a great deal for the civic authorities to see that snow ploughs are put to work on the road on such occasions.

Received Markers.

William Bourdeau, official issuer of automobile licenses for Kingston and district, received his supply of markers for cars and trucks on Tuesday afternoon, after an unavoidable delay in transportation. He began to issue these on Wednesday morning, and has already had quite a number of applications. He is located in an office at 111 1/2 Brock street.

Big Rush For Tickets.

To-morrow morning there promises to be a great rush for tickets for the McGill-Queen's senior intercollegiate game here on Friday evening. Half the reserved seats are being held for those attending the science reunion. The plan opens at the rink on Thursday morning.

A. W. Gray, M.P.P., Dr. J. M. Bell, Ottawa, J. B. Chaille, Principal Taylor, Dean Clark and Mayor Nickle are among the speakers at Queen's science dinner Thursday night.

The student subscriptions to the Queen's war memorial now total about \$10,000.
