CURLING AND HOCKEY GAMES

KINGSTON RINKS GO TO TORONTO NEXT MONDAY.

To Compete in the District Curling Games—Results of Curling Games on Tuesday.

Two rinks skipped by R. N. F. McFarlane and J. M. Elliott, representing the Kingston Curling Club, leave for Toronto on Monday next to compete in the district cup series. The games were to have been played in Toronto this week, but had to be called off on account of the mild weather.

On Tuesday a number of club games were played at the curling rink, and resulted in J. Gibson winning from J. A. McFarlane by 15 to 9; L. Sleeth from E. Green by 13 to 11; T. J. Rigney from J. J. Baker by 16 to 11; J. Matheson from H. D. Bibby, 11 to 3; and A. Strachan from W. H. Wormwith by 9 to 8. The rinks were:

No Winner Declared.

The local curlers are waiting for a winner to be declared in the eastern group of the Central Ontario Curling League. Kingston, Napanee and Brockville are all tied, having won two and lost two games. The outside clubs have been communicated with, and it is very likely that some settlement will be arranged. It is understood that Napanee is anxious that all the games be replayed so as to declare a winner, but Kingston would not be so favorable, as it requires the players to be away from the city, and many of them cannot afford the time. The matter is in the hands of the executive, so it will likely be decided very soon, as the winners of the eastern group are billed to play the western group winners on February 17th.

Hewitson Incapable.

The students of Queen's University who saw the Queen's-Varsity hockey game in Toronto last Saturday claim that the sporting writer of the Toronto Mail and Empire who wrote the sensational story about the "game" made a lot out of nothing. They do not deny the fact that Carson of Varsity and O'Gorman of Queen's got in a mix-up, but when referee Robert Hewitson compares the game to a prize fight, he makes statements which are not true.

The students who have had occasion to see Hewitson referee games in Kingston this winter are convinced that if he had shown any ability to control the Toronto game no fight would have resulted. When he refereed the Belleville-Kingston game here, the Belleville players got away with a lot of rough "stunt" that should not have been permitted. Kingston hockeyists would prefer not to have Hewitson referee again here.

Ladies Curling.

There is closely contested race in the Kingston Ladies Curling Club series. At the present time Mrs. Geo. B. McKay is leading, having played nine games and won seven. Mrs. Dawson is second with eight games played and six won.

On Wednesday morning the ladies played points. Miss Betts was first and Mrs. Macfarlane second.

Intermediate Intercollegiate Hockey.

This evening at the covered rink, R. M. C. and Queen's will clash in the intermediate intercollegiate hockey series. Both teams are confident of victory so a real good game is expected.

The colder weather will be welcomed by the hockeyists as the ice has been rather rough in the last couple of games.

Sunday School Basketball.

Two games in the senior S.S.A.A. basketball series, scheduled for Tuesday evening, did not materialize. It was expected that Bethel would have to default to Baptist owing to several of the players being sick, but as Baptists failed to put in an appearance the game will have to be played off at a later date.

Brock street Methodist defaulted to Sydenham street Methodist. This game going to Sydenham puts that team in good place for tying up the league providing that they do not get put out by St. Paul's or Baptist in the next games.

Theatrical

At the Grand.

To-night will be the last showing of the feature vaudeville bill from the B. F. Keith Vaudeville Exchange now running at the Grand, and will be the conclusion of the four-act policy, as this is being discontinued. Williams and Taylor, colored comedians, have a splendid act of comedy and dancing; Howard and Ross offer a highly entertaining musical act of exceptional merit; Cleo and Thomas have an extra good act of musical comedy and piano; and the Adroit Brothers have one of the best novelty balancing acts ever seen here. The feature picture is "The Gray Wolf's Ghost," starring H. B. Warner, and is one of the best that this popular star has as yet appeared in. The story is one of the old-time Spanish south-west, and deals with the superstition of the natives of that country at the time the first railroad was being put through the west. There is a very funny comedy, and a reel of

the popular Pictorial Life, which completes the bill seen for the last time to-night.—Advt.

"When the Clouds Roll By." Obstacles as a rule do not bother Doug. very much, for he has the happy habit of either jumping over them or smashing them down with a straight blow clean from the shoulder. Speaking of obstacles, "When the Clouds Roll By" is full of the brim with them, and Fairbanks has broken away from the traditional screen story and has produced a rip-roaring comedy on entirely different lines. There will be a number of new faces in this Fairbanks production, but every one of them a well-known personage. Playing the same dates, the management offer June Elvidge in "Love and the Woman." Miss Elvidge takes two distinct roles in this production, and they are of distinctive type, entirely different from each other, but both of the sort which give her splendid opportunities as an actress. There is also an extra good Sunshine comedy, which will complete the bill, for Thursday, Friday and Saturday of this week.—Advt.

At Griffin's. To-night will be the last chance to see the great mystery play, "The Thirteenth Chair," which has proven so entertaining to all who have seen it, during the last two days. The "Thirteenth Chair" is a story that attempts to find the murderer of a man at a spiritualistic seance, during which the man seeking the murderer is killed in the same manner as the first. To add greater mystery to the situation there was someone present each time, but no actual witnesses to the deed. A young girl who turns out to be the supposedly lost daughter of the clairvoyant, is one of the many suspected of the crime. The author leaves out a single loophole out of which one could extract a satisfying conclusion, as to the real perpetrator of the mysterious crime. Not until the final reel is one able to hazard a guess at who is the criminal. Don't miss the picture to-night and also Larry Semon in "The Star Boarder," his latest laugh maker.—Advt.

To Manufacture Yarns.

J. A. McArthur and Harry Taylor have formed the Renfrew Yarn Company, and will commence the conversion of wool into yarn, making a start with eight or ten employees. At the outset they are to operate a one-set mill; later they expect to have something larger. Mr. Taylor has had considerable experience in Renfrew and elsewhere in woolen manufacturing, while Mr. McArthur has for years been a dealer in woolen goods. On the start they will manufacture domestic yarns.

Science Re-union.

The annual science dance and dinner are to take place at Grant Hall, Queen's University, on Wednesday and Thursday evenings respectively. A large number of graduates are expected in the city from outside points. The officials of the Engineering Society which is in charge of the arrangements this year are T. R. Dawson, president, and R. J. Young secretary.

The formation of a world-wide steel trust is believed by certain British industrial leaders to be the solution of the mystery of J. P. Morgan's visit to Europe, or, if not a trust, an international trade agreement.

R. H. Brown, president of the Mortgage Corporation of Nova Scotia, Halifax, N.S., died suddenly on Monday.

The governor-general has cancelled his visit to Northern Ontario because of the prevalence of flu.
