HOCKEY GAMES TO-NIGHT

THE KINGSTON TEAM EXPECTS TO DEFEAT PETERBORO.

The Soft Ice Will Make the Playing Slow—Queen's Hopeful of Defeating McGill.

The change in the weather will have a telling effect on the three Kingston teams which are playing very important games this evening. The forward lines of the three local teams are rather light and for that reason the soft ice will have the result of slowing them up. Although the mild weather is somewhat against them, all three teams are confident of victory.

The cadets of the Royal Military College who play Cobourg in the semi-finals of the junior O.H.A., left for that town on the mid-night train on Wednesday. The management realized that the team had a very hard game ahead of it, and for that reason they went up in lots of time. On Thursday they had a chance to look over the rink where the game is to be played, and got a good rest. The boys are quite confident that they will win the round, as they have a five-goal lead. The team will be as follows: Goal, Mundell; defence, McDougall and Wright; centre, Rutherford; wings, McKens and Wright.

The Kingston intermediate hockey team left for Peterboro on Friday noon to play in the semi-finals of the intermediate O.H.A. this evening. The local team is quite confident that they will be able to hold the Peterboro team down so as to be able to put it over them here on Monday evening. The team will be: Goal, Toban; defence, Brown and Elmer; centre, Jimmie Stewart; wings, Smith and Cook; spares, Ruby Millan and Derry.

The Whig has made arrangements to have a good report of this game, so its readers will be able to get a good idea as to how the Kingston boys played.

The McGill team arrived in the city on Friday noon to play the return game of the senior Intercollegiate hockey series with Queen's at the covered rink this evening. McGill defeated Queen's in Montreal in the opening game of the Intercollegiate hockey series by a score of 3 to 1. The Queen's boys are quite confident that they will be able to hold the Peterboro team down so as to be able to put it over them here on Monday evening. The team will be: Goal, Toban; defence, Brown and Elmer; centre, Jimmie Stewart; wings, Smith and Cook; spares, Ruby Millan and Derry.

The Whig has made arrangements to have a good report of this game, so its readers will be able to get a good idea as to how the Kingston boys played.

TWO SPLENDID PICTURES

Are Shown at the Grand Opera House For the Week-end.

June Elvidge, from whom Lieut. Badgley, of Ottawa, lately obtained a divorce, appeared in "Love and the Woman," and Douglas Fairbanks, the darodevil of the screen, in "When the Clouds Roll By," on Thursday, making one of the best picture entertainments ever shown at the Grand Opera House. In "Love and the Woman," June Elvidge has a splendid vehicle for her highly artistic temperament. It is one of the best character pictures produced. Douglas Fairbanks appears as the victim of the machinations of an escaped lunatic who poses as a doctor and secures the assistance of innocent persons in his experiments by suggestion upon the victim chosen. In the meantime many strange situations develop. The picture is thrilling throughout and has an appropriate love story running through the plot. In addition to these two pictures there is the side-splitting Sunshine comedy. The Grand's augmented orchestra is a great treat in itself, playing the latest opera music. This attraction is billed for Friday and Saturday, matinee and evening.

Aid, Thomas Angrove Busy. Aid, Thomas Angrove, the new chairman of the Board of Works, is certainly the man for the job. Aid Angrove has time to attend to the work, and he is certainly doing it. Whenever the Board of Works men are busy, one can see "Tom" Angrove superintending the work.

The Medical Men Busy. A number of the local doctors are rushed off their feet during the past few days, due to there being so many people suffering from bad colds. Some of the doctors have hardly had time to rest at nights.

Mr. Flanagan is Sick. "Mick" Flanagan, ice manager at the covered rink is confined to his home through illness. On account of Mr. Flanagan being away, James Bews, manager of the rink, had to go out and make ice.

Ice Men at Rink Sick. On account of the men who look after Queen's open-air rink being sick, it has been necessary for the management to close the rink for a couple of days until they recover.

To render marriage a success the husband must be patient and the wife a martyr.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be shiny, lustrous, silky and soft, and look and feel a hundred times better.
