**At The Grand.**  
For the first three days of this week, commencing tonight, the Grand offers an excellent programme of high class photo plays and vaudeville. Sessun Hayakawa, the famous Japanese actor, is seen in his latest picture, "The Dragon Painter." The exquisite photography and appealing pathos of the story of old Nippon, make this production the artistic triumph of the year. Much of the action of the story is in the Hanake Mountains in Japan, and these scenes were filmed in the Yosemite Valley justly famous for its remarkable natural beauty. "Marie, Ltd." is the title of another big Select production that is playing the same dates, and has for its star the well known motion picture actress, Alice Brady. The picture is a fascinating one, and certain to hold the interest of the most blasé theatre goer. The story is centered about the hat shop of "Marie, Ltd." one of the exclusive establishments on Fifth Avenue, and offers Miss Brady many opportunities for her excellent acting. Many exciting incidents follow each other in quick succession, which brings the picture to a happy ending. There are also comedy and other reels, and Murray and Berge, in a splendid act of vaudeville, which completes this bill. —Advt.

**At Griffin's.**  
Chic, captivating Mae Murray, the maid of many moods, is the star attraction at Griffin's for today, Tuesday and Wednesday, in "The A.B.C. of Love," a drama of love's beginning, with the X. Y. Z. of love a moment of delight and joy. "The A. B. C. of Love," is full of spice, whimsicality and rare delight, with beautiful Mae Murray, a capricious country girl of naive innocence at the opening of the story, and a sadder and wiser young matron at the close, who is forced to match her wits with a worldly actress who heartlessly trifles with the girl's husband to satisfy her own selfish desires. The dainty star is happily cast in this story, for it permits her to enter the gamut of emotions from sweet innocence to jealousy, and grief and rage. The story introduces her in rags and then transforms her into a social butterfly wearing gowns that are charmingly girlish and daintily sophisticated by turns. In addition to the above feature, Harold Lloyd will be seen on the same programme, in the second of his \$100,000 comedies, "Captain Kidd's Kids," which is equal in every respect to the high standard set by "The different comedian" in his previous pictures. The interesting "Topics of the Day" finish a programme which would be hard to surpass for genuine entertainment and cannot fail to please Griffin patrons.—Advt.

**A Perfect Motion Picture.**  
The Strand Theatre will present this Monday-Tuesday-Wednesday what is considered by experts to be one of the most perfect motion pictures yet made. The story is of a marriage of convenience adapted from "Her Kingdom of Dreams," by Louise Provost, which was published in "The People's Home Journal." The film was directed by Marshall Neilan, who recently made Mary Pickford's "Daddy Long Legs." Critics state that it is almost impossible to pick a flaw in the wonderful acting, while settings, photography and scenic effects, particularly those showing the logging in Pacific northwest, are magnificent. It is a First National attraction.—Advt.

**NO GOVERNMENT BILL UPON PROHIBITION**  
**Two-Thirds Majority Measure Will Have To Be By Private Members.**

(Canadian Press Despatch)  
Ottawa, Feb. 23.—There is no likelihood of a government bill this session to amend the Prohibition Act of last session so as to require two-thirds majority before action is taken on the provincial referendum. It is authoritatively stated here. The act provides that if, on a referendum a province decides by a simple majority that the importation of intoxicating liquors within its boundaries should be prohibited, the Dominion Government will then prohibit the importation into that province. The suggestion has been made that instead, a two-thirds vote should be required. The possibility of a private member's bill to this effect is mooted, but it is stated there has been no government measure under consideration.

**SEIZURE OF DRUGS MADE IN VANCOUVER**  
**In the House of a Chinaman, Head of Drug Selling Ring.**

(Canadian Press Despatch)  
Vancouver, B.C., Feb. 23.—Drugs, the wholesale value of which is estimated at \$20,000, were seized by the police here last evening in the house of a Chinaman. Letters were also found from Spokane, Seattle, Butte and Tacoma, requesting shipments, at prices varying from \$75 to \$80 an ounce. The police believe they have captured the head of a drug-selling ring in the north-west. Binoculars, rings, watches and expensive furs, presumably bartered for drugs, were also discovered.

The members of Queen's Dramatic club put on a play entitled "Spreading the News," at the meeting of the Alma Mater Society of the university on Saturday evening. G. O. Aiken, who was formerly a guard at the Portsmouth penitentiary and was retired two years ago, has been re-appointed, and resumed his duties on Monday morning. After an illness of about four months, the death took place at Maynard on Feb. 12th of Mrs. Alfred Pyke, a well-known resident of that section. W. F. Nickle has been appointed chairman of the commission to investigate conditions at the soldiers' settlement colony at Kapuskasing. Tewfik Pasha, former grand vizier, has been appointed to head the Turkish peace delegation to Paris.

### CANADIAN LOCOMOTIVE GETS BIG ORDERS

**Thirty-three Engines to be Made—Will Keep Works Going Till 1921.**

The Canadian Locomotive Company has taken orders for locomotives which will keep the works going until after the end of the year 1920. These orders total thirty-three engines, twenty of which are for the Canadian National Railways, three for the British Columbia government for the Pacific and South-Eastern Railway, and ten for the Jamaican government. The prospects of the company appear to be exceedingly good under the present demands for equipment.
