EXHIBITION HOCKEY GAME

PROPOSED TO RAISE FUNDS FOR ERECTION OF MEMORIAL.

Suggested That Local Teams Play Game to Honor Members of Old Frontenac Team Who Fell in War. The suggestion was made some time ago, that it would be most fitting to have an exhibition hockey match between a couple of the local teams, perhaps one of Queen's teams and the Kingstons, and that the proceeds be given towards a memorial for the ten members of the old Frontenac, who paid the supreme sacrifice in the war.

Now that the weather has turned soft, and it is not likely that there will be any more fog for hockey, the suggestion has been made, and a good one, too, that at the opening of the hockey season next winter, a game be put on between a couple of the teams, and that the proceeds be given over to a suitable memorial for the fallen heroes.

It is also suggested that the game be played in the new arena, and that the memorial be placed in the arena. There is no doubt but that a game for this purpose would attract a big crowd, and that a good sum would be realized for this worthy object. The intention is to use the receipts of this game to start a fund, and then secure subscriptions to meet the balance of the expense incurred.

HALF-MILE RACE TRACKS.

Dr. Rutherford Did Not Recommend Abolition.

In a brief interview at Ottawa Dr. J. G. Rutherford, whose report on racing and betting in Canada was recently tabled in the House of Commons, emphasized the evidence that no recommendation for legislation abolishing or curtailing the activities of half-mile race tracks in Canada. "My report contains no recommendations," said Dr. Rutherford. He then went on to intimate that, as practically all the racing between Windsor Ont., and Vancouver, and between Montreal and Halifax, was held on half-mile tracks, a sweeping recommendation of the kind suggested would be extraordinary. His effort, said the commissioner, had been to collect the evidence and lay it before the Government and the House in a proper form. The evidence was there for perusal, and conclusions could be based on it.

Many Races Represented. No one nationality has predominated among lightweight champions. Of the nine men to hold the title under Marquis of Queensberry rules no two have sprung from the same stock. Jack McAuliffe was born in Ireland. Kid Lavigne's parents were French-Canadians, while Frank Erne's were Swiss. Joe Gans was a negro, Battling Nelson a Dane and Ad Wolgast a German. Willie Ritchie had Italian blood in his veins, Freddy Welsh was a Welshman, and Benny Leonard is a Hebrew.

IT CURES CATARRH BRONCHITIS

You don't have to wait for relief when you use Catarrhose. This wonderful inhaler treatment is guaranteed to cure any case of Catarrh, no matter how chronic.

You breathe through this inhaler and in so doing you send instantly all through the breathing organs a powerful vapor that is full of soothing, salting, germ-destroying properties.

In this way the seeds of Catarrh are destroyed. Sore nostrils and weak throat are cured. Coughing, snoring, sneezing, and sneezing all stop. For lasting cure use only Catarrhose. No substitute. Two months treatment, (including the inhaler), price \$1.00. Small size 50c at all dealers.

MAY PUT BAN ON HALF MILE TRACKS

Track Owners Awaiting Legislation as Result of Dr. Rutherford's Report.

Much interest is being shown in the legislation which may be brought down by the Government as a result of the report on race tracks and betting which was tabled in the Commons by Sir George Foster. It is expected that as a result of the report, practically all the half-mile tracks, which generally have been credited with being offenders in the past, will be wiped out by the legislation.

The tracks which are to be allowed to continue operations, it is said, will likely be Dorval and Blue Bonnets, Montreal; Kenilworth and Windsor Jockey Club, at Windsor; Woodbine and one other at Toronto; Connaught at Ottawa, and the Fort Erie and Hamilton tracks. In regard to the racing held in connection with the Western Canada fairs and those in Eastern Quebec, it is not expected that any action will be taken. In most cases these tracks are simply billed as an added attraction for the fairs, and there is little except harness racing. The commissioner appeared to find that this had no harmful result.

STANLEY CUP BACK WITH OTTAWA CLUB

The Stanley Cup has come back to the Capital. It is now in the keeping of the Ottawa Hockey Club, and the Senators will hold it at least until after the series next week against the Pacific coast champions. It was turned over to Ottawa yesterday by Mr. William Foran, trustee of the famous trophy.

The Stanley Cup is a battered old trophy, which has been very prominent in Canadian sport for over thirty years. It was originally presented by Lord Stanley when Governor-General of Canada, and it has been in every hockey contest of importance on the American continent, having been the cause of many battles at Montreal, Ottawa, Toronto, Winnipeg, Vancouver, Victoria, Seattle and Quebec. It was last held by the Ottawa club in 1911, for, though the Senators won the National Association championship in 1915, they lost to Vancouver in the cup series.

Two years ago the Toronto team defeated Vancouver at Toronto after seven desperately fought, games thus recovering the cup. Last year it was won by Canadiens, and they went west to defend it against Seattle. The series ended without being decided, so the trophy reverted to Trustee Foran, to whom it was returned by the Toronto club.

Several years ago a new base was added to the Stanley Cup, but the inside of the bowl itself and the rims enclosing it are scraped with the names of some of the most famous puck chasers that have ever laced on the skates.

BOXES LESS THAN YEAR: NOW BANTAM CHAMPION

Jim Higgins, the young Scottish miner, who recently won the bantam weight championship of Great Britain and the Londale Belt, was selected for the bout that carried the title only at the last minute. An eleventh-hour change in plans of the promoters resulted in Higgins being matched against Harold Jones at the National Sporting Club.

GEORGE VANHORNE ALLAN CUP REFEREE

If Kingston cannot win a hockey championship it can at least supply a referee for the championship games. George Vanhorne, who acted as an official in the games between Hamilton Tigers and Toronto Granites to decide which of these teams would defend the Allan cup, has been chosen as an official in the cup games to take place in Toronto on Wednesday and Saturday nights between Sudbury and Granites. Vanhorne is one of Kingston's oldest star hockey players and has had much experience as a referee.

The Yawkey interests in the Detroit Club have been sold for a half million dollars. A half interest in the Detroit Club brought \$300,000, and the remainder was paid for half interest in the park.

Baseball Briefs

Jimmy Wilde defeated Frank Mason on points in twelve rounds at Toledo last night.

The sum of \$4,730 was subscribed in stock last year, but out of this went repairs to the field, uniforms, training season and new bleachers.

Larry Burke, former Canadian and Michigan-Ontario League umpire, will manage the Harvester A. C. team of the Hamilton City League this Summer.

Cecil Causey, former Giant, who was traded to the Braves last season, balked long and strenuously on the terms offered to him. He may not be with the club this season.

The London Club is said to have received a claim from Fitcher Shadrer, of Augusta, Fla. While he is a poor hitter and bats right handed, he is a tower of strength on the mound.

Saginaw club, of the Michigan-Ontario League, claims something of a unique and desirable record resultant from the 1919 season, under the management of Buzz Wetzel, the first in the border circuit. The club got away last year with \$500 in the bank and concluded with \$5,000 to the good. This is brought out in the annual report of President Clements, which is now in the hands of the stockholders. Outside of this money there is a possible \$3,000 coming if four ball players sold make good.

There will be two new faces at least in the Hamilton Tiger line-up. One is Joe Bunn, an infielder from the Allegheny Steel League. He is reported to be a smart fielder, a hard hitter and a fast base-runner. He comes high, but Shaughnessy preferred to pay the price and take no chances on losing him. The other new lad is a catcher from Youngstown. He, too, demands a fancy stipend, but he's coming just the same. Tigers are greatly in need of a catcher who can stand the gaff of a season's campaigning, and that's what the Youngstown boy is said to be.

So far not one of last year's players has been signed. All have been sent contracts, but those who have replied want more money. The demands run all the way from \$275 to \$350 a month.

Gives His Six Rounds. "George Carpenter may be able to last six rounds with Jack Dempsey, but he has no chance to win," Johnny Griffiths, Akron (Ohio) welterweight, said at New York after his return from an invasion of Europe. In five fights Griffiths won three by knockouts, one by a decision, and one was a draw. Before returning to Paris in June, Griffiths wants to meet Jack Britton for the championship.

McGraw, Cutting Down. McGraw has just made the first cut in the roster of the New York Giants when he announced the release of Jimmy Cooney, the shortstop, to the Milwaukee club, of the American Association, and the return of Sidney Ross, left-handed pitcher, to the San Antonio club, of the Texas League. Ross came to the Giants in 1913 and was sent to Toronto. Last season he was sent back to San Antonio, and came up there for another trial.

Baseball Briefs. Jim Johnson, who balked on the terms offered him by Connie Mack, has been given his unconditional release by the tall leader. All other major league clubs waived on the pitcher, who once promised to develop into a star.

The announcement is made that a seven-day race meeting will be held at Thorncliffe Park, Toronto, commencing May 11th.
