**Cocoa and Chocolate Merger**

CANADIAN INTERESTS OF FRY'S AND LOWNEY'S, ASSOCIATED.

Arrangements have been made for the association of the business interests, in Canada, of The Walter M. Lowney Company of Canada, Limited, and J. S. Fry & Sons, Limited, of Bristol, England.

The Walter M. Lowney Company of Canada, Limited, has a large plant in operation in Montreal, established many years ago, and has been carrying on business in all parts of the Dominion, its sales of eating chocolate and confectionery having been particularly extensive.

The firm of J. S. Fry & Sons, Bristol, was established in England in the year 1728, and, for generations, its chocolate and cocoa products have been well and extensively known in Canada and the Empire. During the past ten years these have been handled by its own branches throughout Canada. The Bristol firm has recently caused J. S. Fry & Sons, (Canada) Limited, to be incorporated by Dominion Charter, with head office in Montreal, to which it has transferred its Canadian assets. J. S. Fry & Sons (Canada) Limited, will continue to maintain its own branches throughout Canada, and has acquired, and will promptly equip, an extensive modern manufacturing plant in Montreal, for the purpose of manufacturing, within Canada, Fry's well-known brands, which hitherto have been imported from Bristol.

While the identity and good will of each firm will be maintained and extended, it is expected that, through the association, substantial economies will be effected, both in the purchase of raw materials, and in the marketing of finished product. The two lines supplement each other, inasmuch as the Lowney Company is largely engaged in manufacturing and selling eating chocolate and confectionery, and the Fry Company specializes very strongly in cocoa and related products.

**WHY SHOULD I VOTE FOR THE PUBLIC LIBRARY BY-LAW?**

- 1.—Mr. G. Y. Chown offers to give \$20,000 towards a free library provided the By-law passes; namely a building costing \$18,000 and \$2000 for alterations. This is the best chance Kingston has ever had to secure a Free Public Library and the chance may never occur again.
- 2.—Kingston is the only city in Ontario without a Free Public Library.
- 3.—The plans for the above building allow for a general reading, reference and stack room on the main floor. In the basement the Children's room, and the newspaper room where the men may read and smoke, and in the top flat a lecture hall seating about 300 with platform and two small rooms, either side of platform, where committee meetings of all kinds may be held.
- 4.—The educational and social advantages of having such a community centre will more than repay the half mill of taxation levied to support it.

If you voted for Mayor or Aldermen in the last election you are entitled to vote on this By-law. Consider the necessity and advantages of a Free Public Library and

**VOTE FOR THE BY-LAW TO-MORROW**

**GANANOQUE**

(From Our Own Correspondent) March 24.—For the second time during the past two weeks, amateur burglars were at work in Gananoque on Monday evening, when the grist mill on Tanner street was entered by means of breaking a window, and although the papers in the drawer of the bookkeeper's desk, were turned upside down and a number of copper coins were there, so far as could be ascertained, nothing was taken. Haliday's meat shop was also entered by means of breaking a window, and there a dollar bill and a few silver coins were missed. George Haynes' hardware store was also entered in like manner, nothing being missed, with the exception of a flashlight.

Another of Gananoque's aged and esteemed residents passed to rest on Monday evening, at her home on Charles street north, in the person of Adelaide McCrea, relict of the late William Carpenter, of this town. She was well and widely known in this section and was an active member of the Methodist church, for some time past being president of the mothers' department. Mrs. McCrea was predeceased by her husband many years ago, and is survived by two daughters, Miss Mabel M. Carpenter, and Mrs. George Moore, of McKellar, Parry Sound district. The funeral was held this afternoon to Grace church, where Rev. W. S. Lennon conducted the service, which was largely attended.

Mrs. W. J. Waker, Market street, disposed of her household goods and chattels by public auction, yesterday afternoon. The sale was quite largely attended. Mrs. Waker and family expect to leave the latter part of the week to join Mr. Waker in Detroit, Mich., where he located recently.

On account of the illness of the teacher, Miss Edith McCammon, Stone street, her room in King street school has been closed so far this week.

There was a large offering of live hogs on the local market yesterday, all of which was taken by local buyers for shipment. The prevailing price was nineteen cents a pound.

Mrs. W. H. Moore, of McKellar, arrived in town recently, having been summoned home on account of the serious illness of her mother, Mrs. Carpenter, Charles street.

John McCrea, who has been located in the far west provinces for a number of years, arrived in town early yesterday morning, having been summoned here by the serious illness of his sister, the late Mrs. A. Carpenter, Charles street.

Mr. and Mrs. A. E. Truesdale, North street, spent yesterday in Kingston, the former in the interests of the Gananoque Co-operative Society, Limited, of which he is manager.

**COMPANY WON'T SIGN THE SAND CONTRACT Unless the City Council Agrees to Omit the Penalty Clause.**

At the meeting of the Board of Works this afternoon the board will have to decide about the tender for sand for the season in the last meeting of the city council, on the motion of Ald. Graham, it was decided that the penalty clause must be included in the tender of the Kingston Sand Company. Ald. Graham contended that the city would be very unwise in accepting the tender unless the penalty clause was inserted. He claimed that without this clause the council had no assurance that the Board of Works would have the sand it required during the summer months.

The council was told by some of the aldermen, who were in a position to know, that the sand company would refuse to sign the contract if the penalty clause was inserted. The company has lived up to the contention made by the aldermen in that it is only willing to sign the contract if the penalty clause is omitted.

It is claimed that if the council insists on inserting the penalty clause and the company withdraws its tender, the council will be called upon to go on the open market for sand. If sand is shipped in, it will mean that the council will have to secure wagons to draw it to places where it is to be used.

**R.M.C. BOXING BOUTS**

The Finals Are To Take Place on Thursday.

The semi-finals in the boxing bouts were concluded at the Royal Military College on Tuesday afternoon. Several very fine contests took place, some of them going four rounds before a decision could be rendered. The results were:

Lightweights—Ross won from Scullard; Ballantyne won from Drynam after a hard fight that lasted four rounds.

Welterweights—McKenzie won from Williams and Bigelow won from Grant.

Heavyweights—Gillespie won from Regimingham, and Prince won from Barclay.

This last bout was one of the most terrific that has taken place at the college and went four rounds. The finals will take place on Thursday and many visitors are expected.

**Whist Drive at Mowat.**

A whist drive was held at the Mowat Hospital on Tuesday evening, under the auspices of the Catholic Army Huts and St. Mary's Red Cross Society. An enjoyable time was spent by the patients. The prize winners were: First prize (box of cigars), Mr. Seguin; second prize (box of cigars), Mr. Andrews; consolation prize, Mark Evans. A splendid musical programme was put on by the young ladies and refreshments were followed by cigarettes and cigars.
