An echo of the oil boom days in Alberta is the cancellation of nine registered oil companies that were organized before the war. These companies were all floated in Calgary. None of them, however, had ever got to the point of selling stock.

# THE PROSPECTS LOOK GOOD

## FOR FORMATION OF NEW AMATEUR BASEBALL LEAGUE.

Gananoque Held Meeting and Decided to Enter a Team—Kingston and Brockville Willing to Enter—Meeting to be Held at Brockville Next Saturday.

The prospects look good for the formation of a strictly amateur league, composed of two teams from Kingston, and one each from Gananoque, Brockville, and Ogdensburg, N.Y. The meeting, which was scheduled to take place at Brockville to-day to consider the proposition, has been postponed for a week. Stanley Trotter, of this city, will attend the meeting and represent the Kingston baseball interests.

The citizens of Gananoque held a meeting on Thursday and decided to enter a team in the proposed league. Brockville is keen for the new league, but before the meeting is held in Brockville, it is desired to get into touch with Ogdensburg, and if the latter city is willing to go into the league, and it is believed that the "burg" would like to enter a team, there will be no trouble in getting the league in operation.

The Oddfellows' team, which is being organized in Kingston, will in all probability be one of the local teams represented in the new league, and the Ponies will likely be the other team.

Much interest is being manifested in the formation of the new league.

There were born to her three sons and nine daughters: John of Walpole, Sask.; Joseph and Robert at the homestead; Mrs. William Harrison, Fairlight, Sask.; Mrs. John Wilcox, Newmarket; Mrs. M. J. # Another Epidemic OF THE Spanish Influenza

A good many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any bad after effect Milburn's Heart and Nerve Pills will bring you back to health and strength. Mrs. C. C. Palmer, Keppel, Sask., writes:—"I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# CATARRAHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

# Spring Impurities Mean Weak Blood

## A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills are an all year 'round tonic, blood builder and nerve strengthener. But they are especially valuable in the spring when the system is clogged with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills improve the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood most often find an outlet in disfiguring pimples, eruptions and boils. Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In spring anaemia, indigestion, neuralgia, rheumatism and many other troubles are most persistent because of weak, watery blood and it is at this time when all nature takes her new life that the blood most seriously needs attention. Among those who have proved the value of Dr. Williams' Pink Pills is Mr. Archie D. Carmichael, Tarbot, N. S., who says:—"For a number of years I was bothered with pimples which would break out on my face and body. The trouble was always worse in the spring, and although I tried different treatments, it was without much success. In the spring of two years ago, the trouble was worse than usual, and although I was taking medicine it did not help me until I finally decided to try Dr. Williams' Pink Pills. Under this treatment the pimples disappeared, and there has since been absolutely no return of the trouble."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
