

GANANOQUE

(From Our Own Correspondent) April 15.—The humorous production "Cupid and the Chorister" which was rendered by the Young Peoples Society of Grace church on Friday evening was another laurel to the societies many successes. The various parts were well rendered and the attendance was large and appreciative. The Sunday school orchestra rendered a fine musicale. Mrs. John Kevin suffered from a paralytic stroke, and at latest reports was still in a serious condition. Mrs. Wilson Miller, River street, was taken to Hotel Dieu, Kingston, the latter part of the week for an operation for appendicitis. Dr. J. J. Davis went to Kingston the latter part of the week in company with Ernest Tomkins, King street, the latter undergoing an operation on his throat. At Grace church yesterday at the morning service, George Pound who is in charge of the Snug Harbor Sailors Mission in Kingston presented the annual request for public support from its profit. At the evening service he performed a like duty with the congregation of St. Andrew's church. Peter Lapan who has been in charge of the Gardens and Greenhouse at Blinkbonnie for several years past left to accept a similar position in connection with the General Hospital at Parry Sound. Another session of the recently formed branch of the Horticultural Society was held in the town hall, Saturday evening. The society has already got busy for the beautifying of some local points in the near future. Road Overseer John Townsend had his gang of men at work the latter part of the week giving the streets of the town their first cleaning. Mr. and Mrs. George Eldridge, of Brockville spent the week end in town with their daughter, Mrs. Morton Clow. Salvation Army Meetings. On Sunday at the Salvation Army Citadel, meetings of a very inspiring character were held and were well attended. At the eleven o'clock meeting Adjutant Goodnew spoke on the "Spiritual Growth." The afternoon meeting was one joyful note of praise. The band played one of the latest marches of the Salvation Army composition entitled "Triumph." The night meeting was the crowning time of all. The rendering by the band of the "Lord is My Shepherd," and also that of the songsters of "Sinners Where So'er Thou Art," was very effective. Mrs. Goodnew's address on "Healing for the Wounded" was the means of helping many to consider their condition. All this week special meetings are to be held every night. Wagarville Cheese Meeting. Wagarville, April 14.—The annual meeting of the Frontenac Cheese Factory was held on April 14. J. E. Howes was appointed secretary and Everton Cronk occupied the chair. The auditor's report for 1919 was accepted. Total pounds milk received, 975,862; total pounds of cheese manufactured therefrom, 92,495; total amount received for cheese, \$25,137.27; average pounds of milk required to make a pound of cheese, 10.53; average price per hundred pounds milk, \$2.36. The patrons expressed themselves as being well satisfied with last season's report and Simon Jackson was again re-appointed secretary-treasurer and W. A. Cronk, auditor. The death occurred on Friday of Mrs. Catherine English, an old resident of Belleville, at the home of her son-in-law, C. C. Atkins. On Monday fire broke out in the residence of George Mabey, one mile north of Bloomfield, and in a short time the building was burned to the ground. The brick store and residence at the corner of Perth and Pearl streets, Brockville, has been purchased by W. A. Stang from the N. Lacombe estate. The McPherson House, Kemptonville, has changed hands, having been purchased by Hamilton Allen and Charles Robinson. SICK HEADACHES For Last 10 Years Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time. What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system. Mrs. Flora Hall, Dominion, N. S., writes:—"I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches any more."

Letters to the Editor

Thanking the Whig. Kingston, April 19.—(To the Editor): The regent and members of the Annandale Chapter, I.O.D.E., wish to thank the Whig for its courtesy in connection with "The Girl of My Dreams" also, through your kindness, all those who so kindly took part in the performance, giving their time and interest, especially Miss Frances Devlin, who so ably presided at the piano, never missing a single rehearsal—also the director, Theodore Bird, without whom the entertainment could not have been produced. This is the third time Mr. Bird has "put on" entertainments for the Annandale Chapter, and too high praise cannot be given to his precision, skill in training and courtesy. In order to correct any misapprehension as to the financial arrangement, we wish to say that after all expenses are paid, including over \$700 for the Opera House and its employees, in addition to the printing, advertising, supplies, etc., the net proceeds are equally divided between the chapter and Mr. Bird, he paying out of his share his hotel and other expenses during the three weeks he was training the performers. Therefore, what is taken out of Kingston, does not amount to more, proportionately, than any other entertainments or lectures taken away, without adding any money here, but one night's hotel bill, and sometimes not that, as many of them are entertained privately. Faithfully yours, L. E. MOWAT, Secretary, Annandale Chapter, I.O.D.E.

A POULTRY CASE

One Woman Charged By Another With Poultry Trespass. In a county case presided over by Justice of the Peace Allison in the absence of Justice of the Peace Geo. Hunter, Mrs. W. A. Stark of the township of Kingston charged Mrs. A. Cawson, also of the township of Kingston, with allowing her poultry to wander on her premises. A. B. Cunningham contended that there was no evidence to show that the accused committed any offence as the defence had failed to produce any by-laws showing that it was unlawful to allow poultry to run at large. T. J. Rigney, who represented Mrs. Stark, contended that there was a by-law in the township of Kingston which forbade poultry to run wild. The court adjourned the case until Thursday when the clerk of the township of Kingston will be called upon to present the original by-law.

University Athletics

Saturday morning at the Hart House, Toronto, the governing body in charge of inter-university athletics held their annual meeting which was held in camera, but after the adjournment a statement was given to the press. The whole general spirit of the meeting was for greater co-ordination between the existing playing bodies and the directing bodies of the various universities. It was also decided to appoint the officials for the university games earlier in the season so as to avoid confusion. The annual elections then were held with the following results: President—Prof. Brown, McGill. Secretary-treasurer—Prof. Skelton Queen's. Vice-president—Varsity man to be appointed.

At Hillier church W. A. Foster was chosen for superintendent. Mr. Foster has accepted the office with Roy Wright assistant superintendent.

Wesley VanBlaricom has bought the Moxon homestead on Elizabeth street, Picton, from Mrs. Wesley Williamson.

JEWISH RELIEF CANVASS

(Continued From Page 1) of \$10,000 allotted to Kingston. In addition to the officers previously mentioned the following were appointed: Campaign committee, Dr. C. W. Bell, chairman, M. Oberndorfer, Aldermen H. Robertson, Stroud, I. Cohen; secretary, Samuel Robinson. A canvassing committee of twenty men was appointed. Mrs. Carr-Harris formed the ladies committee and already they are at work. The ladies report that at quite a number of homes where they called the heads of the house was out. As the canvassers cannot return to make a second call, parties who have not been personally interviewed, and who are in sympathy with the cause, are requested to send their subscriptions to O. V. Bartels, treasurer of the fund, City Hall. There is an impression that seems to be general that this is a campaign for the Jews alone, but it is not the case, as there are many Christians included among the destitute. This really does not matter, however, because human lives are at stake and their salvation is the real issue.

HOW MUCH IS A CHILD WORTH? Turn for a moment, if you will, from your own cozy family circle to those 800,000 starving, ragged, helpless children in Eastern Europe. You'll have to stretch your imagination to the breaking point — and even then you will not exaggerate the grim, terrible facts. Almost a million innocent children robbed of their birthright! Ever since their prattling baby days they have known only war. Peace to them is an utter stranger. Think of the long, dreary days, with the hunger pangs ever gnawing at their little vitals. Think of the rags and the dirt, of the sickness and the suffering and the heartaches of myriads of little tots "out on their own" in a world gone mad. Here is a situation where race, creed, nationality—nothing counts except humanity. Those multitudes of children in Eastern Europe must have food. They must have clothing. They must have a decent place to live. Shall it ever be said that for a few paltry dollars, host of little children were allowed to perish?
