The new battle-cry: "On with the boys!"

Fads rule the day. First it was the bulia board; now overalls have the fall.

There's one fellow who isn't likely to take kindly to the overall fad, and that is the chap who starts out to spend the evening with his best girl.

A recent count showed the arrival in Los Angeles in a single month of more than fifty "screen struck" girls, each seeking an opportunity to become a moving picture actress.

Members of the Frontenac cheese board suggest that other things besides potatoes might be boycotted, manufactured articles, for instance.

Premier Drury has accepted the suggestion advanced by H. Hill, M.P.P. for West Ottawa, that his proportional representation bill be considered by the government after the session and a report made next session.

Bolsheviks in Russia have started a story that Alaska has seceded from the United States and set up a Soviet government.

R. Waldron, drygoods merchant, who has just closed out business after a long and honorable career, was for fifty-one years a constant advertiser in the British Whig.

REFORESTATION NEGLECT. With wood and lumber so scarce and costly, Canada's neglect in reforestation strikes us very forcibly.

Best Spring Tonic. (Brockville Recorder-Times) The best spring tonic a person can get is a good country walk while the birds are singing.

who stripped the country of its wood, "reaping where they had not sowed, and gathering where they had not sown."

A FREE LIBRARY SITE.

In all the discussion that has taken place over the proposal to establish a free public library these were little said about the site. First, because the Chown building was a gift to the city and its acceptance left no choice.

Several prominent citizens have urged this matter upon the Whig's notice, and we believe that at the present time, when money is hard to obtain for urgent necessary work, such as the repair of our streets, etc., we cannot afford to spend \$10,000, or more, for a library site.

CASE OF RURAL MAIL CARRIERS.

While other branches of the government service are receiving increases in salary and bonuses, and while mechanics are getting from five to ten dollars a day for office hours all over the country, the Dominion Government still neglects to take any action in regard to the requests of the rural mail carriers.

These contracts were made by the men who are now protesting. That we freely admit, but so also did Antonio make his contract with the Jew freely and without compulsion.

The marriage took place in Brockville on Tuesday of Miss Catharine Elizabeth LaBreck and William Oscar Clemo. The bride and groom are residents of Brockville.

Rippling Rhymes

LEAN AND FAT.

The lean man, when he'd gain in weight, will find the process quite a treat; he is indeed a lucky skate, for all the good things he may eat.

THE CHAMBLAY CANAL. Born of the experience of war the Canadian people decided it was necessary to have a canal to avoid the Chamblay rapids and to improve service on the Richelieu river.

Starting Them Wrong. Anyone who is a careful observer cannot fail to see large numbers of the very young on the streets at too late an hour, or in places of public entertainment, and that at an age when it would be better from every point of view, for them to be home in their beds.

Hon. N. W. Rowell.

It has been the thing to do in some circles to attempt to belittle the President of the Privy Council. The Post does not join in that cry. On the contrary, we believe that Mr. Rowell is a man of exceptional ability, a Canadian and a Britisher first and last, who has been singularly perspicacious in foreseeing the moves needed to increase Canada's stature as a nation.

The Reason Why

What Was the Origin and Meaning of Bread?

Bread is baked from many substances, although when we think of bread we usually think of wheat bread. It is sometimes made from roots, fruits and the bark of trees, but generally only from grains such as wheat, rye, corn, etc.

A FARM HAND SUES FOR SIX YEARS' PAY

He Claims That \$800 is Due Him for Lengthy Service.

Lindsay, April 23.—Judge Swayze reserved judgment in an interesting county court case when George Miller, a farm hand, claimed that Benjamin White, a farmer near Dunstford, had not paid him any wages for the past six years.

PILES

Do not suffer another day with itching, swelling, or Proctitis. Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. Ask a local druggist, or Edmondson, Bates & Co., Limited, Toronto.

LEAN AND FAT.

The lean man, when he'd gain in weight, will find the process quite a treat; he is indeed a lucky skate, for all the good things he may eat. His bill of fare may be a scream, no tempting grub must he eschew, and he may flood his works with cream, and eat mince pies and doughnuts too.
