**Increase it to \$100.**  
At the last meeting of the Board of Education, Trustees Anglin gave the following notice of motion: "At the next meeting I will move that the amount of \$50 in clause 25 on page 10 of the by-laws be changed to \$100. It will come up to-night. The clause in question reads: 'No amount above \$50 shall be appropriate' regarding the same case? It is also rather curious that, if the law had been fully kept, it should still be necessary for 'the head of the family about whom complaint was made,' to come to the M. H. O. and explain that 'the instructions had not been understood.'"

**LETTERS TO THE EDITOR**

**Wants Board of Health to Investigate.**  
63 Livingston avenue, Kingston, May 12. (To the Editor) I have been away on a business trip, and was, therefore, unable to give any attention to the report of the meeting of the Board of Health, published in your issue of Friday, until after I had seen it.

There are a few sentences in that report which call for some notice in calling the attention of the board to my letter of last Tuesday. "Dr. Williamson showed that the provisions of the health law had been fully carried out after the case had been reported to him." Now, the case was reported to him on Thursday, April 29th. Did the good doctor inform the board that as late as Monday, May 3rd, he received at least two complaints from persons other than myself regarding the same case? It is also rather curious that, if the law had been fully kept, it should still be necessary for "the head of the family about whom complaint was made," to come to the M. H. O. and explain that "the instructions had not been understood."

Again, "The doctor attending the case informed him that he was not certain if the child had scarlet fever or not, BUT AGREED TO REPORT IT AS SUCH." Agreed with whom, when and why? Was it after complaint had been made? This point is quite important, and should not be left in obscurity.

Once more, "There had been no favoritism shown in permitting another member of the family going to school. The case was a very unusual one." I sincerely hope so. But it has been the striking frequency of these "unusual cases," combined with alarming prevalence of infectious diseases in the city at the present time, that has given many, besides myself, serious apprehensions, and thrust upon our attention the unfairness of the existing method of administering the law. Might I ask the good doctor if, when the same doctor was attending the same patient at Christmas time for measles and the same other member of the same family was allowed to keep on going to the same school, the case, was then also "a very unusual one?"

The remarks of the M. H. O. agent the "scaling period" are quite interesting, not alone because this is not a question of medical opinion but is a question of obedience to established law; but also by reason of the fact that patients are released from isolation on Dr. Williamson's say-so, and the test there is the test of "peeling." This man blows hot and cold in the same breath; which, again, is the simple nub of the whole matter, and the ground of the original complaint.

I am surprised that the board should, without investigation, lightly thrust aside my complaint as being without ground. Especially as an investigation was the one thing hoped for when writing my first letter.

Sincerely yours,  
CHARLES McDONALD.

**PALE ANAEMIC CHILDREN NEED VINOL**

It Makes Puny, Thin, Ailing Children Strong, Robust and Rosy

Physicians Recommend It and Druggists Guarantee It

Rapidly growing children need a great deal of vitality. They not only grow fast but play hard and work hard at school and often are tired, thin, pale, worn and listless when they should be strong, robust and rosy.

If mothers could only realize how VINOL will build up strength for their thin, pale, delicate, ailing children, create a hearty appetite, sound flesh and muscle tissue, rich red blood, and make them strong, robust and rosy, they would not rest until they had started their little ones taking it.

It is the medicinal, body building extractives of fresh cods' livers, aided by beef peptone and tonic iron, three of the oldest and most successful tonics known to medicine, that act so quickly in VINOL, and you know what you are giving your little ones.

If VINOL fails to benefit them, your druggist will return your money.

**Died at Vancouver.**  
John Pinkerton, who died in Vancouver recently, was one of the last of the real pioneers of the west. Born in Westport, he crossed the Rockies via the Yellowhead Pass as early as 1862. Mr. Pinkerton spent approximately fifty-five years of his life actually engaged in mining in the Barkerville district, either managing or running claims of his own. In 1875 Mr. Pinkerton returned to his native town and married Miss Margaret Blair, who predeceased him forty-one years ago. He had one son, George, drowned in 1907. Two daughters survive, Mrs. D. H. Elliott, Vancouver, and Mrs. P. Carson, Rossland.

**Sudden Passing of Mrs. T. Bixby.**  
Mr. and Mrs. Raison, Harlem, and family were shocked on receiving the news on April 23rd of the death of their daughter, Mrs. Thomas Bixby (nee Miss Faltha Raison). The deceased was united in marriage ten years ago to Mr. Bixby, Gloverville, N.Y., where they spent years of happiness. The deceased leaves to mourn a husband and infant son, her parents, three brothers and two sisters, George, Harlem; Levi, Oak Leaf; Arthur, Harlem; Mrs. John Pattamore and Mrs. William Fargo, Soperton.

**Remanded for Trial.**  
Josie Van Wart, aged seventeen years, was remanded at Belleville to jail until May 18, after being tried summarily on two charges to which VanWart pleaded guilty. He admitted breaking into and entering on May 7th the office of the Point Anne Quarries, Ltd., and stealing a double-barrelled shot gun and two packages of shells. He also admitted having on the same date broken into the store of Mrs. Esther Palmer at Point Anne with intent to steal, and having stolen a quantity of cigarettes and money.

**Start Chain Factories.**  
The Appleford Milk Products, Limited, which has secured a Federal charter with a capital of \$1,000,000, will control a chain of powdered milk factories throughout Canada, the new factory at Gananoque being included in the merger. U. L. Appleford, St. Thomas, is manager of the venture in which Ottawa, Brantford and Kingston are interested. The cold storage docks at Trenton have been purchased for a factory and a new factory at St. Thomas will be rushed to completion. Similar factories are projected or under construction at Paris, Gananoque, Sydenham and other places.

**Their Golden Wedding.**  
At Glen Ewen, Sask., on April 21st Mr. and Mrs. R. M. Arnold, formerly of Leeds county, celebrated their golden wedding day. Mr. and Mrs. Arnold were married in Athens in 1875 and have resided in the west since 1900 when Mr. Arnold abandoned the trade of carpentry and purchased land at Easby, N. D. Later he located on the international boundary a short distance south of Glen Ewen. Since retiring from the farm he has been engaged in the fuel and coal business. He was born in 1844 in the township of Kitley. Mrs. Arnold was formerly Miss Violetta Gray, of Addison.

**The Steel Frame Work About to Be Commenced.**  
In the course of a couple of days the work of erecting the steel frame work for the new Allen theatre on Princess street will be commenced. All the steel has arrived and is now being unloaded at the Grand Trunk freight yards. The steel work will take considerable time to get in place. When the building is completed it will be fire proof in every respect.

The buildings on Princess street, which were formerly occupied by Pearsall's millinery and the Singer Sewing Machine company, is no more. For some days workmen have been engaged in tearing it down. The site where the building stood will be used for the lobby of the new theatre. The lobby will run back for a distance of 107 feet. In this lobby will be located sitting rooms and smoking rooms. There will be two ticket offices.

The main auditorium will be 142 feet in length and will seat 1,200 people. The ceiling will be very pretty, and made of fancy plaster. The Allen company intends to introduce one of the most up-to-date orchestras as well as a pipe organ.

If labor conditions do not hinder the contractors, it is expected that the theatre will be open for October 1st.

**What's the Plural of Scissors?**  
"Are you fond of the gladiolus?" asks the Boston Globe's gardener, thus getting around the old question of whether the plural of gladiolus is gladioli or gladioluses. However, the gardener further looms in his brief essay refers to the "common gladiolus," thus proving that it is impossible to always escape certain plain and simple responsibilities.
