Suffered With Boils Last 5 Years.

Boils are simply a breaking out of bad blood, and anyone who has suffered from them, knows how sick and miserable they make you feel. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you can do will not get rid of them.

While the skin appears to be the cause of the irritation the real disease is rooted in the blood, and to get rid of these painful pests it is necessary to get right at the seat of the trouble.

When the blood is purified, cleansed and vitalized by Burdock Blood Bitters, the boils will quickly disappear, your misery is at an end, and health and strength come back again.

Mr. Robt. Johnson, Barkway, Ont., writes:—"I have suffered very much, during the last five years from boils, having as many as five at once. I tried different remedies without any relief. I was advised to try Burdock Blood Bitters, which I did, and after taking just one bottle I have no more boils.
