### GOBBLING UP THE CEMENT

BOARD OF WORKS CANNOT GET IT FAST ENOUGH.

New Carters' Stand is Fixed—Request For Extension of Sewer Further Out Into the Harbor.

At the meeting of the Board of Works, Thursday afternoon, the city engineer, in reply to a question, stated that already two car loads of cement had been used on the pavements, and he had to buy in small quantities wherever he could get the material in the city until another car-load of the contract arrived. Ald. Thomas Angrove, chairman, recalled that Ald. Graham had criticized him in the city council for ordering a car-load of cement early in April, claiming that the material would not be ready for use and might require turning while in storage. "You see Ald. Graham was wrong," said the chairman. "We're a go-ahead committee, and the street work is going on so rapidly that the cement people can't keep up with us."

Representatives were present from the carters' union to ask that a stand as close as possible to the G.T.R. station, be fixed for their use, it having been decided to move them away from the G.T.R. corner. The committee decided to allow them to stand on Ontario street, 100 feet west of the station, and also on the other side of that street at the same distance from Johnson street. Francis King wrote on behalf of himself, Prof. A. C. Neish, Harold Davis and others who contemplate building residences on King street west opposite the breakwater, asking that the sewer running from St. Lawrence avenue be extended further out into the harbor. At present this and other sewers in that section extend only beyond the breakwater, and this is not as it should be. The city engineer stated that he would have to look into the whole matter of sewage in that section and make a report.

In attendance at the meeting were Alds. Angrove, Pense, Sargent and Phillips.

### VOTE LIKELY IN JUNE

METHODIST MINISTERS GETTING READY FOR CONFERENCE

The Men of the Kingston District Due For a Move—Rev. Dr. Chown Will Likely Be at the Conference.

On Friday morning, Rev. J. D. Ellis, chairman of the Kingston Methodist district, when asked when the vote of the congregations affected by the overlapping scheme, would occur, said that it would be after the middle of June. The matter will first be considered by the Montreal conference and the Presbyterian General Assembly. The committee, appointed by the Methodist and Presbyterian churches to go over the situation gave much time to it and for that reason the general impression is that when the vote of the congregations is taken it will show a favorable vote. The pastors of the different churches are getting ready for the Montreal conference annual meeting which opens in Kemptville on Wednesday, June 2nd. The stationing committee will hold a session on May 31st. The representatives from the Kingston district are Rev. J. D. Ellis and Rev. W. S. Lennon, Gananoque.

As far as known the only changes in Kingston is Rev. W. S. Lennon, of Grace church, Gananoque, who has been invited to come to Queen street. Rev. A. E. Oliver, of the Inverary circuit is the only man close to Kingston who is due for a move. Rev. Dr. S. D. Chown, general superintendent of the Methodist church, will likely be at the conference as it is understood that he has decided not to attend the meeting of the western conferences. Clifford Sine, Grace Church, Gananoque, when asked by the Whig if the boards had called a man to the pastorate of the church stated that they were leaving it in the hands of the stationing committee.

### STEAMER VICTORIA RAISED

VESSEL HAD MISHAP IN LOCK AT KINGSTON MILLS.

Repairs Were Made and the Steamer is Again in Commission—Notes Gathered Along the Water Front.

The steamer Victoria, which was sunk in the Rideau Canal, in one of the locks at Kingston Mills, on Wednesday afternoon, is again in commission, quick work having been made in the carrying on of the repairs. The vessel struck something just as she was going into the lock and a hole was punched in her side. The water was let out of the dock and the hole was repaired. The Victoria was then able to discharge its cargo in Kingston, and cleared again for Ottawa. She had the scow Adriadne in tow. The Adriadne was taken to Prescott light.

The steamer Jex arrived from Oswego with coal for the Sowards Coal Company. The steamer Jeska arrived from Oswego, with coal for Robert Crawford.

The schooner Katie Eccles cleared for Oswego on Friday. The gasoline boat, C. W. Cole, was in port from the Ducks on Friday morning.

The schooner Nevada passed up to Toronto this morning. Steamer Maple Heath called on her way to Montreal with grain. The schooner St. Louis cleared this morning for Oswego. The schooner Morris Taber, from Oswego, arrived this morning at the Waterworks wharf with coal.

### TRAINING SHIP HERE

The schooner Pinta arrived this morning from Toronto, and is at the Collingwood Shipbuilding Company's dry-dock for a complete overhauling. This vessel, commanded by Capt. Redfern, is the provincial training boat for young boys entering the navy. Two weeks practical work is given the members of the Boys' Naval Brigades from the various cities. During this time, the vessel cruises throughout the Great Lakes, instructing the boys in all the branches, including wireless, of the actual work of the navy.

### AN APPRECIATION OF DR. KILBORN

He Was a Leader in Missionary Educational Work in China.

Toronto Mail and Empire. The life and work of the late Rev. O. L. Kilborn, M.A., M.D., D.D., are most appreciated by those who knew him best.

He lived for China because he loved China. Twenty years of un- usually strenuous and efficient work were spent in China.

No sacrifice was too great to make for China, as shown by the fact that for the nine years preceding his return to Canada last year, he had been separated from his three oldest children who were in Canada in attendance at high school and university. This he did voluntarily for the work's sake. One reward of such sacrifice is that these three children are all definitely planning to go to China as missionaries. Dr. Kilborn realized the importance of missionary educational work in China, and was one of the chief promoters of the West China Union University in Chengtu. Like all medical men in China, he saw the vast importance of medical education, and set himself to the task of assisting in the development of the medical and dental departments of the university. His son, who expects to graduate next year in medicine, is specializing in physiology and bio-chemistry and will thus be qualified to take the place of his father, who had charge of that department of the medical course.

The recent conferring of the honorary degree of D.D. by Victoria College was a fitting close to a noble and useful life, although he was by training and aptitude a physician rather than a theologian.

### KINGSTON EVENTS

25 YEARS AGO.

Half an inch of ice formed on the water in palls exposed to the air last night.

Merchants have been asked to decorate their stores for Victoria Day.

James Norris bought a turkey on the market, weighing twenty pounds. Three thousand people attended the bicycle races held at the athletic grounds.

Cheese sold at 6 7-16 cents on the Frontenac Cheese Board to-day.

### VETERANS DEFEAT R.C.G.A.

In Indoor Baseball Final Game by 20 to 19.

The Army and Navy Veterans defeated the R.C.G.A. in the final championship match held in the armories on Thursday night, by a score of 20 to 19. It was one of the most exciting and hotly contested games witnessed in the armories this season. The R.C.G.A. set the pace and held the lead by five runs when the Veterans went to the bat in the last inning. The Vets. came back with all their old-time speed and changed what seemed to be an ignominious defeat into a brilliant victory.

G. Sullivan and Stanley Trotter refereed the game to the satisfaction of all, not one decision being questioned. The batteries were: Veterans, Clair and Cornelius; R.C.G.A., Lehman and LeSage.

Score by innings:  
R.C.G.A. . . 4 0 0 1 3 6 0 3 2—19  
Veterans . . 4 1 2 4 1 1 2 0 5—20

### Concert at Mowat Hospital.

The wounded soldiers at the Mowat Hospital were royally entertained by the George Richardson Chapter of the I.O.D.E. on Thursday evening. Rev. Mr. Brown, of Calvary Congregational church, acted as chairman for a splendid programme given by Salisbury's orchestra, assisted by Charles Gates, Miss Brown, Mrs. Ellis, Misses E. J. and B. Wilson, Mrs. Humstaker, Miss Goodman, Master Christmas, Mr. Kerr, Miss J. Rowson, H. Rose, Miss Lytle, Miss K. Horraill, Miss K. Angrove, Misses Bessie and Lena Wilson. Refreshments were served afterwards, and the military Y.M.C.A., under the direction of Mr. Young, supplied the ice cream. The boys report a great time, and the ladies of the chapter are to be commended for their work in cheering up the soldiers.

William McIlroy, chief clerk in the office of District Passenger Agent W. B. Howard, of the C.P.R., has been appointed general agent of the C.P.R. at Detroit.

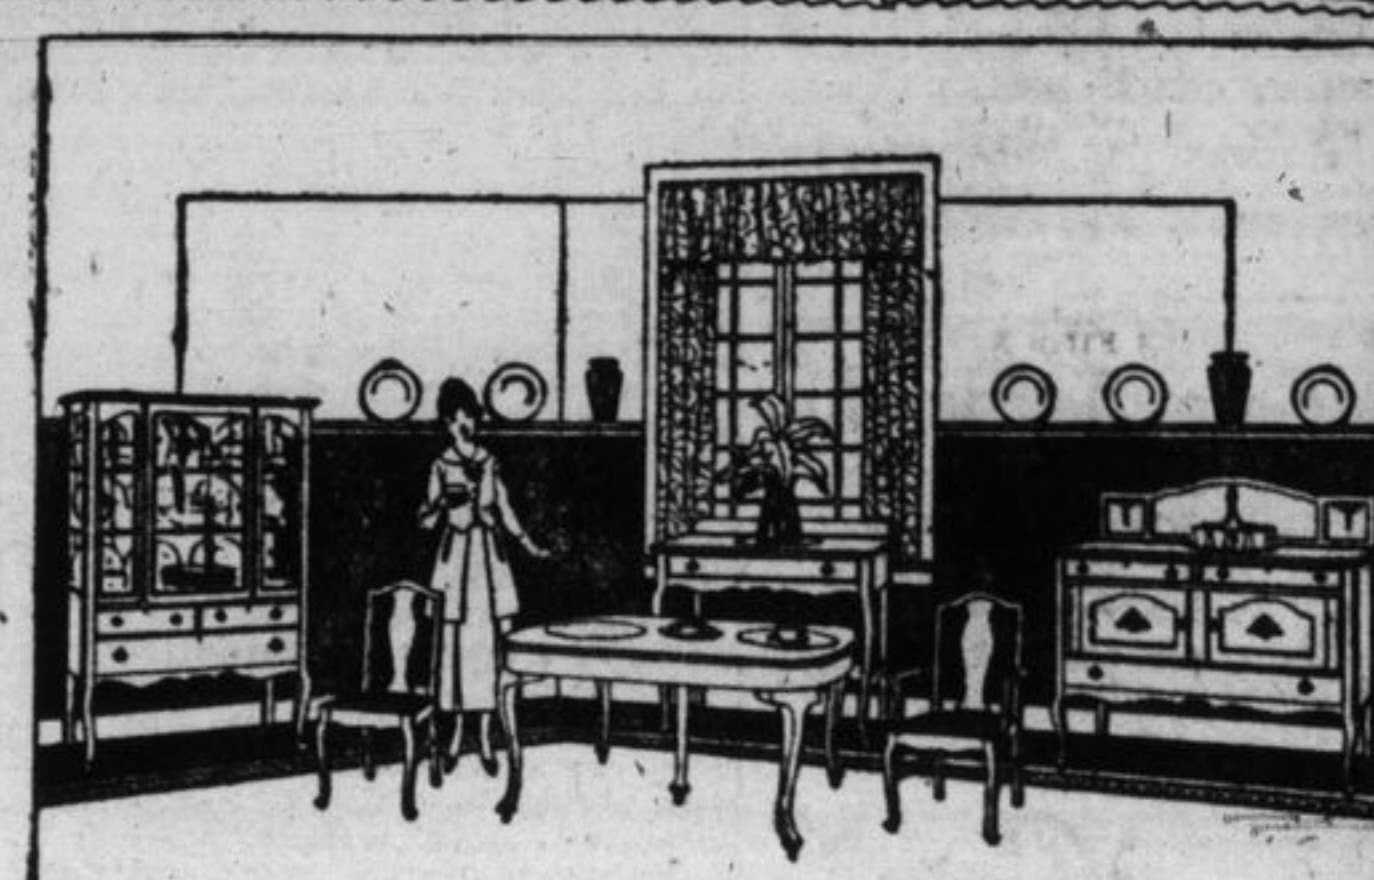

When a man buys groceries he likes to begin at the cigar stand.
