SMILES JUST SO She: Do you think one should marry his opposite? He: Those who know tell me it makes little difference. A couple invariably become opposites shortly after marrying anyway. TIMES HAVE CHANGED The world is growing better. Sure thing; if Cain and Abel were to have their trouble today, they would submit their difference to arbitration. DON'T YOU SEE IT? The Ultimate Consumer: You fellows ought to show some mercy. You make it impossible for a poor man to save any money at all with prices so high. The Profitless: On the contrary, by going without at the present high prices he saves all the more money.

TIME LIMIT "Have you a permanent cook?" "Yes, she said she would stay till we could get another." THE DIFFERENCE Hubby: I'm so stout I know exercise would do me a lot of good. Wifey: Then why don't you go out and shovel that snow off the walk. Hubby: That's not exercise, that's work. COURTEOUS He Passenger: Excuse me Madam but won't you take... Fair One: No, I thank you sir, I get off at the next stop. He Passenger: Yes, but won't you take the trouble to keep off my feet while yer standin' there?

1870 Our Golden Jubilee 1920 A Corporation With a "Soul" It has grown into a proverb, almost universally accepted by men of affairs to-day, that "corporations have no souls." But there are many institutions of which that cannot be said—least of all could it be said of The Mutual Life of Canada. There has been from the beginning a devotion to the principle of mutual helpfulness on the part of the directors, officers, head office staff and agents. The Spirit of the Mutual is the Spirit of Co-operation All life companies are co-operative to a degree, but the Mutual Life of Canada is the only Canadian company that is wholly co-operative. There is no private capital drawing dividends on the stock of the Company. The result is that the greatest benefits are available to the members at the lowest cost. To start a strictly co-operative life company is a difficult task. For the first decade it was necessary for the directors and officers to practice economy that demanded personal self-denial. Years of devoted service were given in some instances free of cost. It has been truly said of these men that "Their Spirit of Sacrifice Supplied the Place of Capital" The aim of the Company was to issue life insurance to Canadian policyholders at the lowest possible cost—that aim has never been relinquished. If you secure a policy in the Mutual you secure insurance at net cost. Be a Mutualist! The Mutual Life of Canada Waterloo, Ontario S. Roughton, District Agent

If you are going to erect a home, store, factory, garage or other building with a slanting roof upon which an attractive, permanent covering is desired at a moderate cost you will find that Brantford Crystal Roofing meets your requirements. This roofing is comprised of felt, asphalt and crushed crystals of quarry slate and weighs 80 to 85 lbs. per square. Its extra weight will give you an idea of its durability and permanency. Brantford Crystal Roofing is sold in reddish brown and dark green, which are the natural, unfadeable colors of its crushed slate surface. This roofing adds beauty to any roof covered with it. Being in rolls and pliable it is very easily and quickly laid, which is an advantage when the need is urgent, labor so scarce and wages so high.
