

THE ONTARIO DIOCESE W.A.

HOLDING ITS THIRTY-FOURTH ANNUAL MEETING HERE.

The Opening Took Place In St. George's Cathedral Tuesday Evening—Rev. J. H. H. Coleman, the Special Preacher.

The thirty-fourth annual meeting of the Women's Auxiliary of the Diocese of Ontario was opened on Tuesday evening at 8 o'clock by a choral evensong in St. George's Cathedral, at which Rev. J. H. H. Coleman, of Napawan, was the special preacher. The other clergy present were the Dean of Ontario, Archbishop Hobbs, Canon J. W. Jones, Rev. Thomas Leech, Rev. J. O. Crisp and Rev. T. Caiger-Watson. The singing, led by the cathedral choir, was hearty and inspiring, especially the professional hymn, "Forward Be Our Watchword." The preacher took as his text, St. Luke 11, 46-47, and exhorted the women to be ready to receive the cause of God. This was a day of great opportunity for women, therefore of great responsibility. The need of the world and the church was for consecrated women to stand calm and patient in the face of the unrest caused by the last few years of strain and suffering, women to lead, not to follow the crowd into folly and extravagance, but to look well to the ways of their own households, practicing thrift and soberness of living and quietly combating the evils of the world of to-day. The women of the W. A. had not become members of that great power for good for their own ends, but the obedience to the call of their motto, "The Love of Christ Constrains Us" to make this land and other lands fairer and happier so that men might truly say, "The people who have sat in darkness have seen a great light."

Wednesday's Session. The Wednesday morning session of the auxiliary opened with a choral celebration of the holy communion in St. George's cathedral, the Dean of Ontario being the celebrant, Rev. J. O. Crisp assisting. The delegates then adjourned to St. George's hall, where Miss Macauley, the president of the diocese, said a few gracious words of welcome. The Dean of Ontario then spoke, wishing the meeting God's blessing and welcoming the delegates to the city and parish, commending the woman's auxiliary for their work during the Forward Movement, and saying that under God's blessing the prayer of the women gathered together in little bands throughout the diocese, largely under the direction of the W. A., had been answered in a wonderful way. The corresponding secretary then read greetings from the dominion president, Mrs. Patterson Hall, and the dominion recording secretary from Mrs. Lennox Mills, honorary president of Ontario diocesan board, and from the diocesan boards of Nova Scotia, New Westminster, Toronto, Algoma, Niagara, Huron, Moosomin, Prince Edward Island and Fredericton.

The recording secretary, Mrs. Havelock Price, then presented her report, a most encouraging one. Many new branches were formed and twelve new life members had been added. It had been a most successful year. In closing she expressed regret at the resignation of her colleague, Miss Annie Daly, the corresponding secretary, and said she wished to take the opportunity of expressing her thanks to her for her help and unfailing kindness and courtesy. Miss Daly, the corresponding secretary, presented her report, speaking of the many letters from distant mission fields and appeals for help, many of which had been responded to. The Forward Movement had met with wonderful response. The meeting services of intercession had been well attended. In closing, she expressed her regret at leaving her colleagues on the executive, thanking them for their appreciation and help. These committees were appointed: Nominating—Miss Muckleston and Mrs. Atkinson. Finance—Miss Lewis, Mrs. Dalby, Miss Daniels. Scrutineers—Mrs. Bowie, Mrs. Malone, Miss Daniels, Miss Haddon. Along the upper reaches of the Beresina, Soviet forces are said to have occupied a number of villages. On this front the battle is going on over a front forty miles long. Fighting is proceeding sixteen miles northeast of Kiev; the statement declares and attacks by Polish and Ukrainian troops along the Kiev-Pelza river-Pelza way have been repulsed. Polish forces fighting in front of Minsk have received reinforcements and are fighting stubbornly against the Bolshevik menace, the statement says.

Ontario Timber Limits Let Go Without Enough Advertising. (Canadian Press-Despatch) Toronto, May 26.—That on several occasions he had urged upon Hon. G. H. Ferguson the necessity for greater publicity in regard to the sale of timber limits, but in vain, was the statement made by Albert Grigg, deputy minister of the department of lands, forests and mines, before the commission investigating the sale of timber limits here today. It was revealed that over four hundred square miles of timber limits were sold to the Graves Bigwood Lumber Co., just prior to the elections last fall without any investigation or report from department officials.

If the twenty-six passed full matriculation on farm certificates and enrollment, and the twenty-one who got partial were classed as writing the average percentage who passed complete matriculation over a period of four years would be 42.187. Mr. Slicer's report to the Board of Education for 1918 and 1919 and the information supplied to the board of the city council do not agree. In 1918, the return to the city council shows 35 wrote on junior matriculation and six passed on all subjects. The information supplied to the Board of Education shows 39 wrote and 11 passed on all subjects. In 1919 the return to the city council shows 50 wrote on junior matriculation and 19 passed on all subjects. The information supplied to the Board of Education shows 59 wrote and 24 passed on all subjects.

It is recommended that the Ontario Legislature be asked to amend the High Schools Act so that it will become the duty of the secretary of the Board of Education to furnish any person with any information regarding school matters upon application similar to the duties of the clerk of the municipality as laid down in Section 219, Chapter 192, Municipal Institutions R. MURDERER CONFESSES ROCHESTER KIDNAPPING. Negro Serving Life Sentence Admits That He Stole Francis Reed. Rochester, N.Y., May 26.—The mystery surrounding the fate of Francis Reed, the 12-year-old Rochester boy who disappeared on February 5th, 1919, was cleared up today when the police announced that William Anderson, 48, a negro, now serving a life sentence in the Michigan City, (Ind.) state prison for murder, had confessed to the authorities of that institution that he had kidnapped the boy. The negro maintains that the boy is alive and has sent a message to his parents to that effect, but the police are inclined to believe the negro murdered him and are about to start a thorough search for the body.

AN ULSTER VILLAGE TO DEAL WITH SINN FEIN. Volunteers Reformed and Pickets Established—Armed Mob Decamped. Belfast, Ire., May 26.—The village of Lisbellaw, Ulster, has been given the lead in an organized effort to deal with Sinn Fein. The Ulster volunteers have been reformed and pickets established. At midnight Sunday a sergeant proceeding home saw an armed mob around his house. He notified the patrol on duty, the mill siren was sounded and church bells rung, and the villagers turned out in a body. The Sinn Feiners promptly decamped and did not renew the attack, although shots were fired at belated pedestrians in some districts.

DR. CLARK ON BUDGET. Praises Sir Henry Drayton For His Effort. Ottawa, May 26.—In discussing the budget in the Commons yesterday Dr. Michael Clark felicitated Sir Henry Drayton for courageously putting the real financial situation before the country. He commended the removal of the 7 1/2 per cent. duty as "good as far as it went," and also in proposing to stop borrowing. He regretted that Mr. Fielding had evidently written out his amendment before hearing the budget speech, otherwise it might have contained less water and more milk. He stated it is "A demagogic, shilly-shallying opportunist piece of print." A tribute was paid to Sir Robert Borden by Dr. Clark. "His tenacity during the great struggle," said Dr. Clark, "and especially in the difficult task of keeping the Union Government together, ensures that the name of Borden will occupy no lowly place among those who, in the great war, kept the standard floating in the high places."

Irish Farmers' Freedom Force. London, May 27.—Messages from the Star from Dublin reports a meeting there by the Irish Farmers' Union, which considered a plan for the formation of a country-wide body known as the Farmers' Freedom Force. This force, says the despatch, would seek to protect agricultural pursuits "by force if necessary, against labor, socialism or bolshevism, irrespective of whatever political developments may occur in the country." The despatch continues: "The organization owes its inception to the embargo recently imposed by the socialistic laborites against the export of pigs, bacon and butter to Great Britain, which the farmers claim threatens the ruin of the agriculturists."

Internal Trouble in Albania. (Canadian Press Despatch) London, May 26.—Messages from Duracco picture Albania as in the throes of a civil war the ultimate consequences of which it is impossible to forecast according to an exchange despatch from Rome today. The present government seems incapable of dominating the situation and its call to the colors for the establishment of a national army remains unanswered, the message declares.

TRENCH RAID BY CADETS

CARRIED OUT UNDER DIRECTION OF LT.-COL. SCROGGIE.

A Realistic War Event at the Royal Military College Early Wednesday Morning—Cadets Mounted Sports on June 16th. In the language of the fighting branches of the service, the Royal Military College cadets "did" a successful trench raid on the Hun lines on Wednesday morning. The operation, which had been worked out in the minutest detail, was under the direction of Lieut.-Col. J. A. Scroggie, D.S.O., M.C., known in most military circles as the premier raider of the 1st Canadian Division. Col. Scroggie's unit (of which he was an original member) was the 16th Battalion Canadian Scottish. He is now an instructor in tactics at the R. M. C. B. S. M. G. D. S. Adams was in command of the attacking force, which was divided into four parties, right, left, centre and support. C.S.M. A. C. Dunbar acted as the officer in command of the defence. The commandant—Major-General Sir A. C. Macdonell, K.C.B., C.M.G., D.S.O.—was one of the interested spectators. The raid was carried out at 3.15 a.m. With a trench system at Port Frederick the objective, this minor operation was carried out in all details characteristic of the always successful raids of the Canadian corps. Though the force under C.S.M. Dunbar resisted to the last the assault of B.S.M. Adams' raiding parties, the position was finally taken and, if we are to harken to the reports from the Adams camp, a satisfactory bag of prisoners were brought back to their lines.

The assault was preceded by a thorough reconnaissance by scouts. The eighteen feet of wire entanglement, which protected the position, was overcome by the use of mats. The supporting party, following up the attacking parties, who entered at three points, cut avenues in the wire and laid tape back to their lines, through which the raiders passed, and by which they were guided on their return across "No Man's Land." Before the return signal was seen the assaulting parties had succeeded in carrying out the pre-arranged plan of working up and installing blocks in the enemy's trenches, and destroying sections of barbed wire. The familiar "Veri" light and signal rockets were utilized. The raid was carried out as realistic as possible. A programme of mounted sports will be carried out on the 16th of June.

The Late Capt. Simmons. The funeral of the late Captain William Simmons took place from 141 Montreal street to Cataract cemetery on Tuesday afternoon. The religious service was conducted at the residence by Rev. Taylor Dale, and there was a very large attendance. The casket was banked with beautiful floral tributes from friends and organizations. The bearers were five sons, and one grandson, Gilbert Reid.
