ANAEMIA ROBS ITS VICTIMS BY STEALTH

Conditions of Thin Blood That Could Be Corrected Easily Are Stealing the Health and Energy of Many Men and Women, and Boys and Girls.

Anaemia, which literally means bloodlessness, is one of the most prevalent troubles of the present day. It is often far advanced before the nature of the trouble is noticed. One general symptom of anaemia is pallor. The cheeks gradually lose their color, and the lips become pale or white. With this loss of color there comes a tendency to fatigue, a palpitation of the heart, and breathlessness after slight exertion, with occasional headaches. In the more severe cases fainting spells frequently occur. In ordinary anaemic conditions, including the anaemia that affects young girls in their teens, Dr. Williams' Pink Pills are all that is required. Fresh air, sunlight and nourishing food will do the rest. Any woman or girl taking Dr. Williams' Pink Pills can tell by the growing redness of her lips that the pills are making her blood rich and red.

INSANE THROUGH LOVE.

Tragedy Followed Snub by French Comedy Star.
Paris, May 27.—Leon Breuning, aged 45, loved Mlle. Valpreux, the beautiful star of the Comedie Francaise. Morning and evening he wrote her impassioned epistles. She took no notice and never replied. Last night he wandered about for hours up and down the embankment of the Seine. At three in the morning what was left of his mind was made up. He rang the bell at the house where she lived and was admitted to the courtyard. With a revolver he had bought, he fired six shots into the windows of her apartment. She did not waken. He has been taken to the madhouse, certified to be insane through love.

Mr. and Mrs. Andrew Jardine, Cornwall, announce the engagement of their daughter, Sadie L., to Geo. A. Redmond, Halifax, N.S., the marriage to take place first week in June. Still, a man never seems anxious to marry a woman who isn't afraid of a mouse.
