

THE ONTARIO DIOCESE W.A.

REPORTS OF THE WORK DONE DURING THE YEAR.

St. George's Hall Was Crowded on Wednesday Evening to Hear the Addresses Given by Leading Officers.

Mrs. Norman Fraser, secretary of the Bibles Branches, presented a splendid report. Eighteen branches with a membership of 329, had an offering in their boxes of \$112. They will join with the font roll and their name will be rather a long one. Little Helpers of the Font Roll and Bibles branch of the W. A. A. The Wednesday afternoon session of the Ontario Diocese Woman's Auxiliary was very interesting. The President's address came first on the programme, and was most earnest and encouraging, thanking the branches for their co-operation and help, she went on to say that this was the most wonderful year in the Canadian church. The call had come to "Go Forward" and as one the people had responded to it, as the men had a few years ago to the call of the Empire. By prayer and sacrifice the objective had been attained, but it would be in vain if it were not the beginning of a real spiritual awakening, and of a growth in the zeal and devotion of the individual members. The W. A. had grown in the diocese, there being 254 members, 143 more than last year, but we look to the younger women and girls, the President said. On them depends the work of the future, to them comes the call at the time of woman's great opportunity when every door has been thrown open to her.

Miss Macaulay thanked the officers for their loyalty and assistance, and expressed deep regret at the resignation of Miss Daly, the corresponding secretary. A pleasing little ceremony followed the president's address, when five new life members of the Ontario board were called to the platform to receive their gold W. A. pins and to be admitted to life-long service in the organization. They were Mrs. J. H. H. Coleman, Nanapan; Mrs. Pringle, Sandhurst, and Mrs. Easton Burns, Mrs. dePencier Wright and Mrs. Rooney, Kingston.

The reports of the Diocese officers were then presented. Miss Marion Lewis, treasurer, reported total receipts \$4,792.17, an increase of \$235.00 since 1919. Of this \$1,510.12 was given to the special Indian and Eskimo endowment fund. The Diocesan apportionment was \$1,800 or \$300 more than last year. The plan of apportioning the requirements of this fund among the branches so successful last year was again adopted, with the result that the apportionment was fully met.

Miss Katherine Lyman, Secretary for Junior work, reported one new branch formed at Frankford, at present there are 13 junior branches with a membership of 302, or 22 more than 1919.

Miss Edith Van Stanbenzie, Candidates and Girls' Secretary, reported one candidate for the Mission field in training at the Stringwauk Home and one ready to train as soon as her family conditions will admit of it. The girls have 12 branches, with a membership of 223.

In connection with the Junior work, Mrs. Shore Loynes, Nanapan, asked the question, "What is being done for the boys?" She said she was always interested in the boys just getting too big for Sunday school, and thought some effort should be made to interest them in the active work of the church. She felt their contribution would be worth while. Of her Sunday school class, twenty-two had joined the colors and had served on the eastern and western fronts. Six of them had been at the base together one Sunday, and had written to her that they wished she was with them to teach them as of old. It was felt that some definite step should be taken to keep such lads working actively in the cause of Christ. During the reading of the reports, Mrs. Donaldson, of Toronto, the Dominion treasurer, arrived, and was given a hearty welcome.

A pleasant moment came when the president asked Miss Daly to come forward, and presented her with a Dominion life membership, given by the branches in token of their loving appreciation of her services. Miss Macaulay then pinned on the bar to the W. A. gold cross of the diocesan life membership, and gave her a certificate beautifully engraved by J. H. Birckett.

Mrs. T. W. Reynolds, of Brockville, diocesan chairman of the Forward Movement, then gave an interesting talk on "Some Aspects of the Forward Movement." The meeting then adjourned to the class room.

PARDEE ATTACKS BUDGET AND DR. EDWARDS ATTACKS THE GRAIN GROWERS.

West Lambton Members Exposes the So-called Luxury Taxes From a New Angle—How Cost of Living Affected.

Ottawa, May 27.—No more severe arraignment of the Government's "luxury taxes" has been made in the budget debate than the scathing criticism made of them in the Commons yesterday by Fred E. Pardee, Liberal member for West Lambton. Mr. Pardee exposed the so-called luxury taxes from a new angle in a short but telling address. He reduced the various imposts to dollars and cents on a long list of the everyday necessities of life. When this was done it was surprising to see just how far the high tariff is responsible for the cost of living.

Mr. Pardee also threw some light on the reason for the high cost of clothing. He quoted statistics to show the enormous profits that had been made by the various textile industries in Canada during the last two or three years. He pointed out that all those industries enjoyed a high protection tariff which enabled them to sell their products at big prices. Their average wage bills had been remarkably small, and Mr. Pardee gave the figures.

Food could be made cheaper only by greater production. Mr. Pardee delivered a two-hour address. He claimed that the Conservatives had done more than the Liberals to lower the tariff on agricultural implements. Acceptance of the Fielding amendment would mean an election in the country, and much turmoil, which he deplored. It was a kind of "delusional insanity" which made the Liberals still think that they were right in the position they took in 1911.

Dr. Edwards directed his attention to the Grain Growers' Company and the Grain Export Company of New York. He characterized the Grain Growers as the most colossal profiteering concern in the country. "While the farmers farm the farms, they farm the farmers," he declared.

DR. WALTER A. JACQUITH.

Becomes Medical Director of Big U. S. Insurance Company.

The people of Kingston and vicinity will be interested to learn of the change and appointment of Dr. Walter A. Jacquith, vice-president and medical director of National Life Insurance Company of the United States at Chicago. Dr. Jacquith was a Sydenham, Ont. boy, educated in the public and high schools of that village. In 1898 he graduated with honors from Queen's University, and was very prominent in athletics, in connection with Queen's. During the last two years at college he held the championship of the University. He began the practice of his profession at Chicago in April, 1898, and almost immediately became identified with the Prudential Insurance Company as a medical inspector and examiner. In 1905 he was called to the home office, medical department of the Prudential, Newark, N.J. Each succeeding year brought advancement, and in 1917, he was elected president of the Association which office he resigns to accept one with the National Life Insurance Company of the United States, at Chicago. It might be said that Dr. Jacquith did not go in search for his prominence, but rather the organization sought his services.

The Doctor was an affiliated member of the Practitioner Club of Newark, N.J., the Summit, N.J. Medical Society, the Hudson County Medical Society, New Jersey Medical Society, American Medical Association, North New Jersey Academy of Medicine, Association of Life Insurance, Medical Directors, President of the Board of Health, Chatham, N.J., at which place he has resided for the past few years. He has a host of warm friends in New Jersey and surrounding places, who regret losing his good comradeship.

COLLEGIATE GIRL GUIDES.

To Attend Service in St. George's on June 6th.

The Girl Guides on Wednesday afternoon held their regular meeting at the Collegiate Institute. After the opening exercises in the gymnasium, the girls gathered in the Physical room, where Dr. Reid, of Queen's, gave an interesting lecture on the house fly. He showed many ways in which the girls could help to exterminate this menace around their homes.

The invitation of Rev. R. W. Jones, President of the K.C.I. Parent Teachers' Association, to attend service at St. George's Cathedral, was accepted and the Girl Guides will parade there on Sunday morning, June 6th. The hats for the Guides have arrived, so the parade will present a smart appearance.

LINDSAY'S The Children's Happiness Can be assured by providing plenty of music in the home AND incidentally their education will be more quickly and easily acquired for, according to authorities on child education, music, instead of interfering with school work, is actually of a great help as a spur to all the other mental faculties of the child. TO cultivate the love of good music in your children nothing will do so much as a good Player-Piano. Children are natural imitators and what they hear on the Player-Pianos they like to learn to play. So with a Player-Piano in the home you will not only satisfy their craving for music but also furnish the incentive to learn. Before deciding what particular make of instrument to buy bring the children along to see and hear the LINDSAY PLAYER-PIANO LINDSAY'S 121 PRINCESS STREET, KINGSTON.
