PARENT-TEACHERS MEET INCIDENTS OF THE DAY

AND ELECT OFFICERS FOR THE ENSUING YEAR. LOCAL NOTES AND ITEMS OF GENERAL INTEREST.

The Associations of Victoria and Rideau Public Schools hold sessions on Friday Afternoon.

The annual meeting of the Parent-Teachers' Association of Victoria school was held Friday afternoon. The retiring president, Mrs. H. T. J. Coleman, occupied the chair, and spoke briefly of the work done and the aims for the coming year. The association expressed sincere regret over Mrs. Coleman's resignation. During the past year two Victrolas, a lantern, games and a large amount of equipment were purchased. The following officers were elected: Honorary president, Mrs. J. G. Ettinger; president, Mrs. D. Buchanan; first vice-president, Mrs. L. T. Best; second vice-president, Miss Hoppins; third vice-president, Miss Wente; secretary, Mrs. F. Mahood; treasurer, Mrs. Nash; convenors, mothers' committee, Mrs. H. Crumley and Mrs. H. Simpson; social committee, Mrs. P. B. Chown and Mrs. H. Derry.

Rideau School Meeting.
The Parents' and Teachers' Association of Rideau school on Friday afternoon held its annual meeting, which was largely attended. Mrs. Mulhead, of the W.C.T.U., spoke in the interest of the Travellers' Aid. Mrs. George Millard was re-elected president, and Mrs. E. Hill secretary-treasurer.

The association decided to entertain the children at the close of the school term, and made preparations for a sale in the fall. Owing to the failure of the Board of Education to fumigate the school when requested, the society decided to do the work themselves.

BIG TIMBER WOLF SHOT NEAR SCHOOL
Had Been Daily Attacking Sheep and Young Cattle—Another One Left.

For the past two months two wolves have been loitering in the vicinity of McDonald's Corners, Watson's Corners, Hopetown, Middleville and Poland says the Lanark Era. Several have seen the animals at a distance, either on the road or by the edge of a bush, but paid little heed to them until of late when they became very bold, and were daily attacking the residents' sheep and young cattle.

The community which was molested most, was around Watson's Corners and St. James. The schools were affected, as children were not safe in travelling the road, and many would not go. During the past week many attempts were made by hunting parties to capture the beasts, but it seemed to be of no avail.

However, on Friday morning a party started out with hounds, and a large female wolf was chased with the result that it came Andrew Buchanan's way, and with steady nerve he captured the prize. The animal was shot through the head. It was a fine specimen of wolf, light grey in color, fleshy and heavy limbed.

When the news spread throughout the country that the capture was made, it was a great relief to many. It is thought there is still another wolf, the mate, in the vicinity.

The dead wolf measured five feet in length, stood thirty-one inches in height, its front legs were twenty-two inches long and its hind legs twenty-three inches.

SERBIA'S SUFFERINGS

It is sober truth to say that no nation suffered so sadly as Serbia during the war. The complete isolation in which both Austro-Hungarian and Bulgarian authorities kept the Serbs made it impossible for the outside world to learn what was happening as long as hostilities lasted. What news trickled through conveyed the impression that Austria and Bulgaria deliberately set out to exterminate the Serbians. To a great extent they succeeded. Some 320,000 men, one half of Serbia's male population from 15 to 60 years of age) perished; 50,000 of the civil population died during the "empty occupation of Serbia owing to lack of proper food and medical attention.

A campaign is now on in Kingston to raise a Serbian Fund for the relief of the sufferers. Donations may be sent to J. F. Rowland, Standard Bank, Princess street, who will acknowledge same through the press from day to day.

HIGH COST OF GOLF IS SHOWN BY TAX

The new taxes announced by Sir Henry Drayton (the Finance Minister, by the way, is an enthusiastic golfer) will hit golfers particularly hard. Wooden clubs, which formerly sold for \$2.50 to \$3 are now \$5 to \$6 and more, whilst iron clubs have also gone up from \$2 to 4.50 and \$5. Balls too, at \$1.50 to \$12 per dozen are an exceedingly expensive but necessary outlay. And now comes along an extra 10 per cent in the way of a super-tax. If Sir Henry had left the balls out of the calculations, golfers would not have cared quite so much. An old set of clubs can be made to do first class work by an old, battered, brunette ball is impossible even for the average player. The new taxes will cost the golfer of Canada many thousands of dollars.

CHURCH NOTICES.

St. George's Cathedral—Trinity Sunday, 8 a.m., Holy Communion; 11 a.m., choral eucharist; Preacher, the Dean, 3 p.m., Sunday school and Bible class; 7 p.m., evensong, Preacher, Rev. W. E. Kidd.

Canon W. F. Fitzgerald is to deliver in St. Paul's church, Sunday evening, the sermon he preached before the British Empire Club in Providence, R.I., on May 23rd.

In Marine Circles.
Shipping men in Montreal are alarmed over the low level of the St. Lawrence, due to the Chicago canal draining the great lakes and infringing the international treaty.

The steamer Yorkton passed up last night from Montreal to Toronto. The steamer Maple Hill, from Port Colborne, passed down last night for Montreal.

The steamer Britannic arrived Friday afternoon and after discharging and loading freight, cleared again for Montreal.

The steamer Jeska cleared for Oswego last night.

The schooner Merrill is at the Davis drydock for repairs and painting.

The schooner Taber arrived at the Waterworks wharf with coal from Oswego for Chadwick & Co.

Twelfth Window Donated.
Mayor Nickle has informed the Whig that the last of the twelve memorial windows for the city hall has been donated. After reading in the Whig on Thursday evening that eleven of the windows had been promised, this citizen, whose entire family was overseas during the war, made his offer to the mayor on Friday. The offer was gratefully accepted.

HUMANE SOCIETY MEETING
HELD IN ST. GEORGE'S HALL ON FRIDAY EVENING.

Prizes in School Essay Contest Awarded—Address by Prof. MacClement—The Attendance Very Small.

The Kingston Humane Society held its annual meeting in St. George's hall, Friday evening. Col. G. H. Ogilvie occupied the chair, and Prof. W. T. MacClement, of Queen's, gave an illustrated lecture on "The Canadian Beaver."

The prizes for the recent essay contest in the public schools of the city given by this society were distributed. The winners were Margaret Light, Grant Wallace, Christina Wesley, William Ewart (Portsmouth), Herbert Cocker, Marion Asselstine and Edward Steacy. J. B. Walkem, K.C., described briefly the work of the society, and showed how the boys and girls could help in the work.

Prof. MacClement described the physical features of the beaver, its methods in building its home and dams, its means of securing food and protecting itself from enemies. He pointed out the fallacy of many stories told about the beaver, and stated that Canadians were fortunate in having as their emblem an animal which stayed at home, earned its living honestly and quarrelled not with its neighbors. The speaker had a beautiful mounted specimen with him, and the pictures illustrated his various points very clearly.

After a vote of thanks to Prof. MacClement, the meeting closed with the National Anthem. Unfortunately the attendance was very small. The programme and work of the humane society deserve better recognition, but owing to other attractions sufficient members were not present to carry on the election of new officers.

W. Gaulin, Deseronto, was operated on for appendicitis in Kingston hospital on Monday.
