## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.  
Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.  
This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.  
Edward Valpas, editor and leader of the Finnish Socialist party and of the Finnish revolution, in 1918, has been sentenced to prison for life. He was tried on the charge of high treason.

## LOVE and MARRIED LIFE by the noted author Idah McGione Gibson

**Are Men Gullible?**  
For a long while I sat there enveloped in unhappy thoughts. Suddenly I became conscious that the whistling had stopped in the bathroom and I knew that John was having. Then came a voice in happier tones than those he used before going in to his bath. "Katherine, will you please open my grip and bring me a silk shirt, collar and my brown tie?"  
I hastened to do this and thrust it in the door. As I did so I caught a glimpse of myself in the long mirror at the other end of the room. I did look very forlorn. I decided I would try to make myself a little more presentable. In my wardrobe was a new and very good looking black and white maternity gown which I had had worn. I went in to my dressing room and closed the door just as I heard John commence to whistle again.  
Before I had finished he came out into the other room and called me. I knew by his voice that he was perfectly happy and at peace with all the world.  
**Comfortable In Mind.**  
I wonder if other married women have found that husbands have a way of making themselves perfectly comfortable in their minds when they have made their bodies comfortable. John can go to his bath in a very nasty frame of mind and come out a perfect angel. That is, if he doesn't drop his collar button under the chignon and is able immediately to find the tie he wants.  
Since I have been married I have been very careful to see that John's clothes are laid away in perfect order in his bureau drawers, and yet when he is where I am he never fails to say to me, "Katherine, where did you put my shirt?" or whatever else he may be wanting to wear. It seems to me easier for him to ask me that question than to use his brain a little and remember where they always are.  
"Katherine, Katherine, where are you?" he called.  
"I'm in my dressing room for a moment," I answered.  
John came rushing to the door. I was very glad I had locked it because I do want privacy when I am dressing something which John can never understand. I have always believed that a woman never should disclose all her toilet secrets to any one, least of all to her husband.  
I have had men remark to me on the glorious color which their wives' complexions always displayed. Knowing that the color was rouge I understood immediately that that man's wife was clever enough to use rouge

**Never a corn on millions of feet nowadays**

Do you know that millions of people who use Blue-jay keep entirely free from corns?  
If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.  
The corn pain stops. Soon the whole corn loosens and comes out.  
Themethod is scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knows it.

It is made by a world-famed laboratory, which every physician respects. It is now applied to some 20 million corns a year. You can see that corn troubles are fast disappearing.  
Then why pare corns and keep them? Why use methods which are out-of-date? Try this new-day method. See what it does to one corn. You will never forget its quick and gentle action. Your druggist sells Blue-jay.
