THE GENERAL HOSPITAL

IS IN EXCELLENT CONDITION, CHAIRMAN KENT REPORTS

The Building Committee is Discussing Extension Plans. Dr. Bruce Taylor is Elected a Governor. The Board of Governors of Kingston General Hospital met Tuesday evening.

May was considered a very healthy month in regard to ward patients, in fact the summer season is usually quiet unless some epidemic occurs. The tremendous expense in connection with the food and medicine was dwelt upon at considerable length but no relief is apparently in sight.

Dr. Bruce Taylor, having qualified in the usual manner, was unanimously elected to be on the list of governors. Five applications for entrance to the nurses training school have been accepted during the month and notified to report early in September.

The chairman, R. E. Kent, reported that the building committee had appointed an executive sub-committee, and the members are at the present time discussing plans etc., and will report to the larger building committee at an early date.

The chairman reported that the hospital was in excellent condition as far as cleanliness and order. Floors had been polished, rooms and ceilings painted and every effort made to keep the buildings as attractive as those of their class could be kept.

The garden has been planted and good results are looked for. The visiting governors for the month are Dr. A. P. Chown and W. J. Crothers, Sr.

BICYCLE ROAD RACING

The Big Olympic Trial Handicap Takes Place To-morrow.

All preparations have been completed for the revival of bicycle road racing in Kingston, which consists of the big Olympic Trial handicap contest on the Bath road, Thursday morning, June 3rd, starting at 10:30 a.m. The course which has been selected for the important fixture is comparatively short, being ten miles, so that even the youngest of the entrants will not have any difficulty in covering the distance. A surprising fact is that upwards of thirty-five local bicycle racing enthusiasts have formally entered the competition and the event will be marked by one of the largest fields of starters that have ever turned out for a contest of this kind in Eastern Ontario.

The donation of a dozen or more hand caps for the race has had the effect of arousing wide enthusiasm and with so many competitors the contest should be keen as well as excitingly successful. The handicaps have already been arranged. Officials of the race have received their instructions so that there will not be any delays in starting the contest. Entries will be taken up to the time of the start of the contest by Howard S. Kennedy, 88 Princess street, from whom additional information may also be secured.

EVENTS AT R.M.C.

Presentation of Prizes—To Fire Salute King's Birthday.

The presentation of prizes at the Royal Military College on Tuesday evening by Lady Macdonell was a very pleasing event. Besides the members of the college staff, it was attended by sixty prominent citizens. From seven to eight o'clock a very fine drill was given in the square in front of the administration building. The cadets were then formed into a square at the saluting base, and Lady Macdonell presented to each winner the prize awarded to him for proficiency. Lance-Corporal Evans, gentleman cadet from Victoria, B.C. won the cup for the best shot at the college. At the conclusion of the ceremony three cheers were given for Lady Macdonell.

From 8.30 to 11 p.m. dancing took place in the gymnasium, which was attended by members of the staff, their wives, Mrs. R. Bruce Taylor and about fifty young people as guests of Sir Archibald and Lady Macdonell.

On Thursday morning at eight o'clock, the King's birthday will be celebrated by the firing of the feu de joie.

INCREASE OF \$11,819,018

Customs Duties Compiled for April and May.

Ottawa, June 2.—An increase of \$11,819,018 in the customs receipts of the dominion for the first two months of the fiscal year, as compared with the corresponding period last year, is shown by the customs department returns compiled yesterday. For the two months of April and May, 1919, the customs receipts were \$25,689,690, while for the same two months this year they amounted to \$37,508,708. For the month of May alone the increase amounts to \$5,480,499 as compared with last year. Customs receipts for the month just ended totalled \$19,745,290, while in May last year they amounted to \$14,264,761.

Bonnie, Bonnie Lassie.

Would you faint or scream or laugh, or just look wise, if you were a poor Scotch lassie and you came to America and somebody handed you his heart and twenty million? See what Mary McLaren does in the Universal special attraction at the King Edward theatre to-night and Thursday, also the last episode of "Elmo the Mighty," World's champion, Jack Dempsey, coming next Wednesday and Thursday.—Advt.

The City Hall flags are half masted

out of respect for the late Ex-Ald. Samuel Anglin.

MUST LIFT EMBARGO TO TRADE WITH RUSSIA

(Canadian Press Despatch.) Paris, June 2.—Lifting of the embargo on Russia and the conclusion of peace, are indispensable conditions for the resumption of commercial relations between that country and the allied nations, Gregory of Krasnia, Bolshevik minister of trade and commerce, has notified Lloyd George, according to the London correspondent of the Excelsior.

Coming For the Funeral.

Mrs. Pinday, of Portage la Prairie, is on her way to Kingston to be present at the funeral of her father, the late Samuel Anglin, on Thursday.

Engagement Announced.

Mr. and Mrs. Arthur B. Cunningham, Bari street, announce the engagement of their second daughter, Kathleen Elizabeth, to Henry, Kayor Hill, son of Mr. and Mrs. W. R. Givens, "Maitland House."

STRICKEN SERBIA.

Of all the Balkan peoples, the most important and most powerful were the Serbs, dating back in history to between the second and third centuries. They were a brave, poetic, careless race, never attempting to assimilate the remains of ancient culture, and therefore incurring the penalty of partial isolation from the rest of the world.

It has been proved without a doubt that they are a brave people, and we know that during the Great War they practically merged the whole of their male population into the army of defence.

Their cities, towns and villages have been in most cases laid waste, and their valleys have been strewn with their dead, old and young; they have become sepulchres, instead of being rich with the fruits of the earth.

There are over 600,000 of their children left orphans and destitute, having lost in most cases one or both parents, and the majority the latter; these little lambs of the Saviour are to be picked up what scraps they may find to keep body and soul together.

Schools have been wrecked and over 600 teachers, both male and female, have been murdered and the children under their care driven to the four winds.

Their orphanages, in a great number of instances, have been razed to the ground, or so severely damaged that extensive repairs will be required to put them in shape, and larger ones built, in order to cope with the thousands seeking admission.

Every church throughout Canada is taking up this appeal. This is an undenominational call. Answer it then in God's name.

Serbia was one of the staunchest of our Allies, and although engaged in five years of the previous war in the Balkans, which gives them seven years of successive strife.

Canada has pledged itself to raise \$500,000 for their relief. What are you, dear reader, going to do personally? Are you going to let this appeal go unheeded? "God forbid."

Remember you owe it to Him, who has given you so much, to give to these His children; for He has said, not only to the Apostles, but to you: "Every church throughout Canada is taking up this appeal. This is an undenominational call. Answer it then in God's name."

THE WORLD'S TIDINGS IN CONDENSED FORM

Tidings From All Over Told in a Pointed and Pithy Way.

Grace La Rue, actress, and Hale Hamilton, author of a play in which they were starring were married, Saturday, in the Chicago marriage court between performances.

In the opinion of many members of the United States congress, particularly since the spotlight has been turned upon the expenditures of the present candidates for the presidential nominations, there is every reason for the enactment of a law which shall limit these expenditures in the future.

Cheaper collars were promised in New York, when representatives of one of the largest manufacturing corporations of Troy, N.Y. announced that wholesale prices had been cut in order to enable retailers throughout the country to sell their product at twenty-five cents each. They are now retailing as high as thirty-five cents.

Recent advances in the price of gasoline and other petroleum products were ascribed "more to varying conditions of supply and demand in the light of emphasized and pessimistic statements as to the future supply than to a combination in restraint of trade," by the United States federal trade commission in a report to congress.

RECEPTION OF COLORS

By the Kingston P.W.O. Regiment From the 21st.

On Tuesday evening the Princess of Wales Own Regiment turned out in force to prepare for the important ceremony to take place on Thursday morning. The whole of the proceedings to take place in connection with the reception of the colors borne by the 21st Battalion, C.E.F. were rehearsed. A party representing the 21st Battalion escorted the colors and carried out their part of the programme.

A large number of former 21st officers are arriving in town to be present at the event of Thursday, which will be as festive as far as Canada is concerned.

The Princess of Wales' Own Regiment will parade at the armories at 9.30 a.m., and the ceremony will commence on the cricket field at 10.15.

It is expected that this important occasion will draw a very large attendance of citizens who are interested in the 21st Battalion, the first C.E.F. battalion to be raised in Kingston and the old militia unit which has been in this city since 1855.

THE HAWLEY CASE ADJOURNED

Owing to the illness of a Material Witness, Mrs. Hawley.

The Hawley case, ill-treatment of a child, to have been tried at Napanee next week before Judge Lavell has been further adjourned owing to the illness of Mrs. Hawley, a material witness.

Coming For the Funeral.

Mrs. Pinday, of Portage la Prairie, is on her way to Kingston to be present at the funeral of her father, the late Samuel Anglin, on Thursday.

Engagement Announced.

Mr. and Mrs. Arthur B. Cunningham, Bari street, announce the engagement of their second daughter, Kathleen Elizabeth, to Henry, Kayor Hill, son of Mr. and Mrs. W. R. Givens, "Maitland House."

GANANOQUE

(From Our Own Correspondent) June 2.—The remains of the late Mrs. A. Leggett, who passed away in Kingston on Sunday afternoon, were forwarded to Gananoque on Monday and taken to the home of her sister, Mrs. A. Goff, Leeds township, whence the funeral was held this afternoon to Gananoque cemetery, and was largely attended.

The Winona Mission Circle of Grace Church met yesterday afternoon. About the middle of the afternoon the young ladies were given a motor boat ride to Tremont Park where they enjoyed a nice outing at the summer residence of Dr. and Mrs. A. H. Bates.

The steamer Brockville is to run an excursion from this port to Kingston on Thursday, when that city besides having a circus, is putting on a big celebration. Gananoque will undoubtedly furnish a big crowd for the occasion.

Mrs. Karl Whaley, of Brockville, spent some time in town this week the guest of her brother and sister-in-law, Mr. and Mrs. George Whaley, King street.

Levi Mallory, who spent a few days during the past week in town with relatives, has returned to Montreal.

Mrs. William L. Nuttall, North street, is spending some time with relatives in Lansdowne.

The water supply for the Gananoque factories is running quite low and is the cause of considerable alarm as the factories are all very busy. This is the earliest in the season that such a shortage has been known for many years.

Police Court Cases.

In police court on Wednesday morning, Edwin Burns, a patient at the Mowat sanitarium, who was charged with stealing a valise and overcoat the property of two patients at the hospital, was allowed to go. Burns was arrested at Chaik Lake, near Petawawa, last Saturday. The complainants did not desire to press the charge, as restitution had been made.

A youth pleaded guilty to using insulting language to William McLelland, and was taxed \$10 and costs or one month.

Sell at a Loss.

Vancouver, June 2.—Salmon canners who were left with a surplus of 200,000 cases of chums and pink salmon on their hands and who tried for months to negotiate their sale, but without success, now state that consignments have been sold in New York, South America and Havana. The fish are being moved at around \$5.50 per case, against a cost of \$6.

World's Champion Coming.

To-night and Thursday will conclude the eighteenth episode of "Elmo the Mighty" and will be followed next week by Pathe's million-dollar serial, Daredevil Jack, in fifteen episodes, featuring Jack Sawyer, at the King Edward theatre, on June 9th and 10th.—Advt.

President Wilson's plea for an American mandate over Armenia was rejected in the United States Senate by a vote of more than two to one.

The Children's Happiness

Can be assured by providing plenty

of music in the home

AND incidentally their education will be more quickly and easily acquired for, according to authorities on child education, music, instead of interfering with school work, is actually of a great help as a spur to all the other mental faculties of the child.

TO cultivate the love of good music in your children nothing will do so much as a good Player-Piano. Children are natural imitators and what they hear on the Player-Pianos they like to learn to play. So with a Player-Piano in the home you will not only satisfy their craving for music but also furnish the incentive to learn. Before deciding what particular make of instrument to buy bring the children along to see and hear the

LINDSAY PLAYER-PIANO
