HANDED OVER 21ST COLORS

(Continued from Page 1.) Drummer H. C. Milligan. The representative party of the old unit was completed with the appearance of the well-known mascot of the "21st," "Nan," whose last public appearance was when the Prince of Wales visited Kingston last autumn.

The Parade. At the cricket field the parade was drawn up in line on the left of the color party and escort. Lieut.-Col. H. E. Pense, D.S.O., M.C., who succeeded the late Lieut.-Col. Elmer W. Jones, D.S.O., in command of the 21st Battalion, and who has been appointed OC of the new unit, was in command. Prior to the handing over the new unit responded to the command, "Present arms," as the colors were marched, in slow time, in front of the parade, the band following, playing "Auld Lang Syne." The entire parade then formed into a square, the colors being placed on the drums, and General Hughes was requested to officially hand over the colors. The "King's color" was handed to him by Major E. B. Sparks (second in command of the new unit), and the "regimental color" by Major H. D. Wightman, M.C. In turn, General Hughes transferred them to the bearers of the local battalion, Lieut. W. B. Ferrier and Lieut. E. O. Smith. The warrant officers and non-commissioned officers serving with the officers of the color party were C.S.M. W. G. McCullagh, M.M., C.S.M. A. E. Cross and Sergt. J. B. Merchant.

General Hughes, at this juncture, responded to a request for a few remarks. He spoke briefly of the proud history of the old 14th Regiment, which, he felt, would not be lost sight of in the reorganization, linking with it the traditions of his Canadian expeditionary force unit, which he asked the officers and men to prize very highly. He stated that it gave him a very deep sense of pride to say that the colors, which were presented to the 21st Battalion in Kingston in the early months of 1915, had not on any occasion been stained by the actions of that unit in its service with the 2nd Canadian Division. The parade then reformed line, the colors were moved into their position in the centre, and the parade "marched past" General Hughes, and returned to the armories via Bagot, Princess and Montreal streets.

Among those who witnessed the ceremony at the cricket field were Lieut.-Col. R. E. Kent, Lieut.-Col. B. W. Brown, D.S.O., M.C.; Capt. Allan Cookerham, D.S.O., M.C.; Major A. L. Johnson, M.M. (Belleville), Major Nickle and J. M. Farrell, one of the trustees of the 21st Battalion. For a distance en route to the armories the battalion marched to pipe music of Piper Nelson and Drummers Millican and Murray. A large degree of the success of the ceremony was due to the work of R.S.M. T. F. Jordan, M.C., D.C.M., regimental sergeant-major of the old as well as the new battalion. Lieut. E. S. Webb was the representative of the Toronto club at the ceremony.

The Late Samuel Anglin. The funeral of the late Samuel Anglin took place from his late residence, Barrack street, on Thursday afternoon at four o'clock. There was a very large attendance of friends and relatives and representatives of the many organizations with which the deceased had been actively associated, including the Board of Education and the city council. His daughter, Mrs. Findlay, of Portage la Prairie, Man., arrived just in time for the funeral. The casket was banked with beautiful floral tributes, for the deceased was held in the highest regard for his warm friendship, business integrity and devotion to his church. The religious service was conducted at the residence by

Rev. W. T. G. Brown, pastor of Episcopalian church, with a number. The pallbearers were: John Tisdale, W. J. Thornton, James Finagan, Leonard Chapman, William Pillar, James Kinch. Interment took place in the family plot at Catarauqui cemetery.

NEW STREET TO BE OPENED

BETWEEN PRINCESS AND CONCESSION FOR BUILDINGS

A Blakey Donates the Land—Public Works Department Will Charge City \$1,300 For Dredging Two Slips.

At the final meeting of the Board of Works held on Wednesday before the sunset and in the presence of important matters were dealt with. These included the approval of plans submitted by A. Blakey, owner of a block of land, situated between Princess and Concession streets, which was subdivided into thirty-one lots, provision being made for a street connecting Princess and Concession streets and a lane in the rear of the lots. George Smythe, barrister, and Prof. T. S. Scott, engineer, appeared before the board with Mr. Blakey and asked that the proposed street and subdivision be approved and that drainage, water and gas be put in. The application was granted, subject to the terms of the local improvement law. A name will have to be found for the new street.

An application was received from Queen's university asking for the transfer of a portion of the dead end of Frontenac street off Alice street to complete the stadium plans in consideration of the transfer by the university to the city of the portion of land that blocks the junction of Toronto street with Earl Street. It was pointed out on the plan submitted that the University already owned all the vacant land bound by Albert, Union and Alfred streets and that the piece of land shown as Frontenac street and its extension, which the object of continuing Frontenac street down to Alice was of no value to the city and never would be, while, on the other hand, it was a matter of importance that Toronto street be opened down to Earl street. After due consideration the board approved the application.

T. M. Asseltine, of the Kingston Motor League, waited upon the board and requested that parking signs be placed on all streets where parking could be done, and also that signs be placed at the junction of the city so that drivers might be informed of speed regulations, etc. The board promised to give his request prompt consideration. Communications from John McKay, J. S. Asseltine, the Wormwith street carmen, James Thir, Hooper or Slater, William Noble, Francis King, William Harty and Mr. Irish were referred to the city engineer for action.

An application from the Allen Theatres, Limited, for permission to erect canopy over the entrance to the new theatre was approved.

A letter was read from Hon. Dr. Reid, minister of public works, in reply to an application from the city for the dredging of the harbor. The estimate quoted by the minister was \$1,100, \$1,300 of which was charged for dredging the slips at the foot of Brock and Princess streets alleged to be filling up with a deposit from the sewers that empty at these points. The minister contended that the condition of the slips was due to the sewers and that the city should pay for the dredging. Action upon the letter was deferred pending the visit of the board in company with the engineer to the points mentioned.

F. Pound, who has the contract to supply cement for the season, asked approval of the addition of one per cent. to his invoices to cover the government's excise tax. This was regarded as inevitable by the board and accepted.

The engineer was directed to have the ridges reduced on University Avenue and to take up the question of the paving of Johnson street at the upper end. It was also decided that during the summer the office of the engineer will be open during the noon hour.

The board adjourned for the summer, subject to the call of the chairman, Aid. Thomas Angrove, should emergency arise.

CONCERT REPEATED

By the Pupils of the Victoria Public School.

The concert given by the pupils of Victoria public school some time ago was repeated at Grant Hall on Wednesday evening before a very large audience. The children were trained by the teachers. Dean Coleman acted as chairman.

A special feature of the programme was a presentation of a signet ring to Principal J. G. Ettinger by members of the cadet corps. Sergt.-Major Thomas made the presentation. Prof. J. Macdonald presented Donovan Clark, Marlon Berry and Arthur Andrews with gold medals for their skill in shooting.

After the programme, ice cream and cake was served. A great deal of the credit of the affair was due to the Parent-Teachers' Association of Victoria school. The sum of \$115 was realized.

Visitors From the West. J. R. Mercer, of Kenora, accompanied by Walter Ellis, of Saskatchewan, arrived in the city on Thursday night to visit with the former's brother, "Jack" Mercer, of Frontenac street. Mr. Mercer is railway secretary of the Y.M.C.A. at Kenora. He has been engaged in railway Y.M.C.A. work for several years, and is "making good." Mr. Ellis is a druggist.

The U.S. Supreme Court has failed again to decide the validity of the prohibition amendment and portions of the Enforcement Act. King Albert and Queen Elizabeth of Belgium will sail for Brazil on September 1st on the Brazilian dreadnought Sao Paulo.

George Wardle, inventor of the Wardle bar and also dropped dead while at work in a shop on his farm near Tillsonburg. Joseph D. Maher, of Hamilton, an employee of Sparks' circus, was drowned while bathing at Guelph. Veracholn Conroy, London's oldest native son, died at his home in that city, aged 88 years.
