OBITUARY

Late James Summerby.

James Golden Summerby passed away on Thursday at his residence at Kingston Junction. Death was due to a stroke of paralysis. Deceased was born at Somersetshire, England, seventy-two years ago, and was a railway man, being Grand Trunk brakeman and conductor for years. His wife died three months ago, and he is survived by two sons, Edgar, of this city, W. J. of New Brunswick, and two daughters, Mrs. Reid and Mrs. Toppings, of Kingston.

WANTS LARGER GRANTS FOR INSTITUTIONS

The Grand Jury Comes to This Decision After Making An Inspection.

That old bug bear "The High Cost of Living" is forever playing hob with things. Even the members of the grand jury at the County Court sessions, presided over by Judge Madden, were compelled to give the H. C. L. some attention. The members made their rounds of the various charitable institutions in the city, receiving government grants, and came to the conclusion that it was time that the powers that be provide more money for these institutions.

"Owing to the high cost of living, we would, ask that the government make a larger grant to these institutions," reads the report.

The grand jury also recommends an assistant for the Home for the Aged. At this institution, Mr. and Mrs. Baldwin are in charge, but the jury is of the opinion that they should have an assistant. The jury reports fifteen males and twenty-two females at this institution.

Ladies' Ladder Golf Competition.

The lady members of the Cataract Golf and Country Club are following the men's example and starting a ladder competition in which one can challenge the player above one on the ladder and if successful rise one place and so on to the top. The preliminary order on the ladder will be decided by the best score by each player sent in between Monday, June 14th and Monday June 21st. Players with handicaps from scratch to twelve will play 18 holes, the others nine holes.

Weather Notes.

Pressure is now highest over the middle and southern States and lowest in Alberta, showers have occurred at a few points in the western provinces, while thunderstorms have been fairly general in Ontario and Quebec.

The Minister of Justice will shortly introduce a bill in the Commons to amend the Naturalization Act. The chief provision of the bill, it is understood, will deal with the ten-year clause, adopted in the act of last year, which has aroused so much controversy.

The genuineness of remorse may be questioned when it is not displayed until deserved punishment is at hand.

RESOLUTION ON DEATH OF S. ANGLIN

Board of Education Regrets Passing of Former Chairman.

At the meeting of the Board of Education, held on Thursday night, the following resolution was passed by a standing vote:

"Moved by Trustee W. M. Campbell, seconded by Trustee J. B. Cooke:

"That our Board deeply regrets the passing of Samuel Anglin, a former member of the school board, and a prominent figure in the civic and business life of the city, a man whose life is indeed an outstanding example of good citizenship.

"His success in his chosen business proved him to be of great energy, foresight and judgment, qualities which he manifested not only in his private business, but also during his twelve years' service on the board.

"From 1886 till 1889 the late Mr. Anglin was chairman of the school board, during which term he laid the corner stone of the then new Central school.

"The widow and family of the deceased the board would tender its sincerest sympathy in this time of bereavement."

Both the mover and seconder of the resolution and also Chairman Mills spoke very feelingly regarding the deceased.

GOING TO THE WEST TO LEAD SURVEY PARTY

W. Sidney McCann to do Geology Work in Manitoba and British Columbia.

W. Sidney McCann, B.Sc. of Kingston, now connected with the geological survey of Canada, is preparing to take a survey party to Manitoba, going later to British Columbia. He will be accompanied by Mrs. McCann, who was formerly Miss Joy Markham, daughter of the late Sir Edward Markham, an admiral of the British navy.

Mr. McCann is a graduate of Queen's in science and a post-graduate of Yale university in economical geology. He served overseas with the Canadian artillery and infantry.

Last summer, Mr. McCann conducted a survey party in British Columbia. After his marriage in England, last November, he returned to New Haven, N.Y., to complete his course at Yale. After doing this, he was attached to the geological survey office, at Ottawa.

The Public Pleased Anyway.

The proposed changes in the luxury taxation announced by Sir Henry Drayton are locally looked upon as adding to the confusion from which the merchants have not yet emerged, in spite of efforts made since the original budget taxation was announced. The immediate effect will be to slow down business till the people get definite information from Ottawa.

But whatever may be the confusion of the merchants there is no doubt that most of the buying public are pleased at the reduction proposed in wearing apparel and boots.

Young Lady Breaks Her Arm.

Miss Elsie Mackenzie, Division street, had the misfortune to break her right arm, on Wednesday last, while preparing the "Y.W.C.A. "U-Auto Camp" for the summer season. Her many friends hope for a speedy recovery.

Rented, Not Purchased. It was stated in yesterday's issue that Charles Livingston had purchased a summer cottage on the St. Lawrence. This was an error, as Mr. Livingston has only rented the cottage.

LITTLE SERBIA NAILED TO A BITTER CROSS

Money Contributions Are Asked to Relieve Distress in That Land.

Little Serbia has been nailed to a bitter cross; neutral nations saw the sufferings of Belgium and to some extent the neutrals prevented the full fury of the Beast from ravaging that country; there was none to see and none to hinder the unspeakable cruelties inflicted upon Serbia.

The International Commission of Inquiry states that "the Bulgarian invasion was accompanied by the most barbarous acts committed in this war, unsurpassed by the excesses of any other enemy army."

The report of the commissioner, in cold, dispassionate language, tells of wholesale murder of men, women, and children; of women being tortured and violated; of men and women being burned alive, of sick and wounded being massacred or left to die.

The words of Premier Radoslavoff, that "the Serbian nation will be dead," sums up the Bulgarian plan for the extermination of the Serbian race.

Relief must go to them at once. The Austrians and Bulgars have robbed the country of everything of which it could be robbed; to-day, the Serbs are destitute.

Lieut.-Colonel Alfred Stead, son of the famous journalist, writing in the American "Review of Reviews" of December, 1918, telling of what he himself had seen, goes on to say:

"The duty of the Allies is plain. They must be more quick, more ready in reconstruction than they were in aiding to avert destruction. There is need of every kind in Serbia. The people are in as parlous a state of need as ever a shipwrecked crew on a raft in mid-ocean. There are no doctors, no medicines for the sick, there are no clothes, or food, every resource is lacking."

"Systematic assistance is needed, and then systematic study to recreate a garden out of a desert.

"Such a people who hold so high and so exalting ideals must not be

AT THE COUNTY COURT

Two Non-Jury Cases Were Disposed of by Judge Madden Thursday.

Two non-jury cases were disposed of by Judge Madden in the county court, on Thursday afternoon:

James Crawford (Parkhill & Co) vs. the New Brunswick Potato Exchange. Plaintiff's claim was for \$473, damages for non-delivery of two carloads of potatoes. J. L. Whiting, K.C., for the plaintiff. Defendants did not appear, interlocutory judgment signed, entered for assessment of damages only.

The amount was assessed at \$473 and costs.

Charles Pester vs. Charles A. Kincaid. Plaintiff's claim was for the sum of \$236.57, balance due for or nothing worth listening to.

Winnipeg, June 11—S. J. Farmer, who opposed Mayor Gray at the last civic election, again will be advanced as a Labor candidate for mayor at the elections for 1921, Labor men predict. "I believe Labor will again control next year," Alderman John Blumberg declared. He said if Labor candidates were elected advantageously to the city as a whole and no section would be given preference. "I believe Winnipeg would appreciate a Labor council," Alderman Blumberg continued. "It would endeavor to keep the tax rate down to a minimum and, I believe, some civic grants favored in the past would be discontinued."

Sometimes the "workman is worthy of his hire" principle, when applied to the minister, does not find a responsive chord in the hearts of the congregation.

A storage battery electric locomotive invented in Switzerland for switching uses powerful electro-magnets instead of couplings for drawing cars.

People with an inordinate desire to hear themselves talk may say little or nothing worth listening to.
