NEWS FROM WOLFE ISLAND

THE RAIN WILL BE GREAT HELP TO THE CROPS.

Stated That Hay Will be Light Crop But the Prospects for Grain are Good.

Wolfe Island, June 19.—The rain will be a great help to the crops. Hay will be light, but grains that were in danger of premature heading, because of heat and drought, will receive a new lease of life.

It is regretted by islanders that in a year of inevitable world shortage in food production, we have in our midst people who would so far forget themselves and their dependent brethren as to attempt to curtail making of cheese as was done recently, when cheese-makers were notified not to violate the sanctity of the day by making cheese Sunday as they had been doing in many places. The capacity of the factory will not allow of a double quantity of milk being taken care of on Monday morning. Then again, how many farmers are equipped for properly caring of milk over Sunday in warm weather? It follows as every sane man knows in a loss. After considering the situation from every standpoint, the makers decided to continue in the interests of production.

Charles Baker has arrived home from Loyola College, Montreal. James Ryan has returned home from St. Augustine Seminary, Toronto. Mrs. Edward Horne, Pictou, recently visited with her parents, Mr. and Mrs. W. E. Horne. Miss Marjorie Staley arrived home from Toronto this week. W. G. McDonald, of Kingston, made a business trip to the island on Friday. A law, which became effective on May 1st, between Cape Vincent and Wolfe Island points, is causing no little comment. W. E. Horne conducts a ferry to the above place. It has been the custom to ferry passengers on Sunday and Monday alike. Now a regulation says that he must, if he ferries on Sunday, pay to the officials in charge ten dollars, which the traveller must pay, along with Mr. Horne's charge for boating, in order to land on American soil. If the United States wish to treat Canadian people in the above manner, the officials here should reciprocate.

The marriage was celebrated on June 8th, of Miss Ada E. Gay, second daughter of Mr. and Mrs. G. A. E. Gay, of the second concession of Sidney to Cyril G. McMullen, Sidney.

Mr. and Mrs. John L. Mackler, Perth, announce the engagement of their eldest daughter, Mary Carmel, of Buffalo, N.Y., to Mr. H. B. Leary of England.

S. A. Rutland, a former Pictou resident, who left for Edmonton, Alta., a few weeks ago, is very ill.

SMILES

THEY CAN LIVE CHEAP
"George is a regular cave man!"
"Oh! How lucky! Especially with pants so high."

THE TORNADO
Farmer Bug: Run for the cyclone cellar. Quick as you value your life.

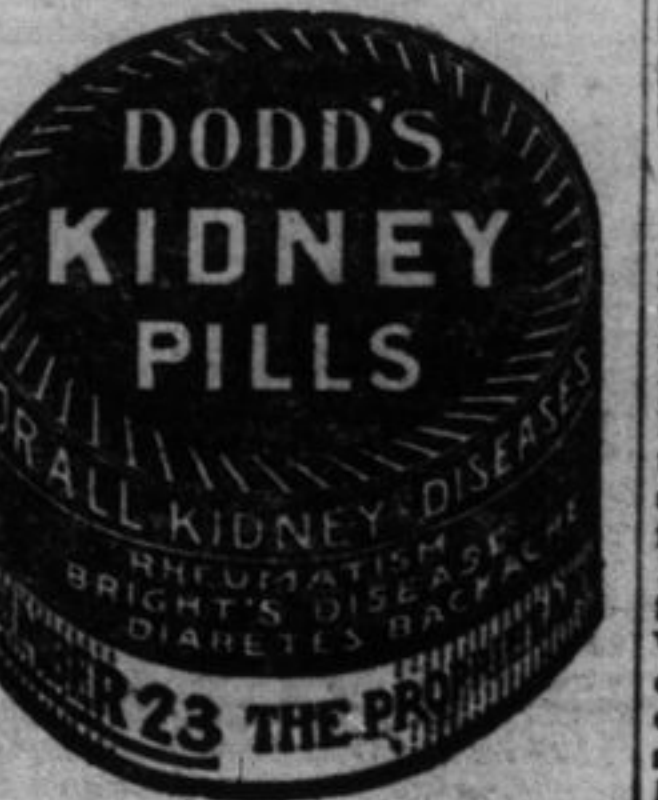

HELPING OUT
"Women are sympathetic. Don't like to see anybody lose out."
"What's the idea now?"
"Take furriers. If the women don't wear furs in winter, they wear 'em next summer to make up."

LONG, LONG AGO
Stylate: Didn't I hear the clock strike 10?
Miss Knox (yawning): You've got a good memory, all right.

QUITE DIFFERENT
"Well you needn't laugh. It's no laughing matter to lose a ten thousand dollar sale."
"It is, when I'm the guy they bought from."

PLAYER'S NAVY CUT CIGARETTES

First Favorites in the Old Country!

In the Old Country, as in Canada Player's Navy Cut Cigarettes have increased by leaps and bounds in popular esteem, until today there are more Player's sold than all other brands combined.

Player's are the most satisfying cigarette that can be bought at any price—unequaled for their smoothness and delightful aroma, consistently high in quality wherever or whenever you buy them.

That is why men prefer PLAYER'S!

MAXWELL

EXTRA FINE IN METALS
EXTRA FINE IN MILEAGE

A Maxwell car weighs 2,180 pounds. It is made of the finest materials that may be obtained.

You cannot find in any car a better crankshaft, better bearings, better axles or better gears.

Neither science nor money can produce them better.

Do you know why such fine materials are used in a car like Maxwell?

We had to.
Keeping its weight down and yet maintaining strength mean the use of only those extra fine steels and metals.

For a metal that is light in weight and yet strong, as any user of metal knows, is a high priced metal.

The use of these fine grades of steel has been the foundation of the business. Maxwell has grown in numbers and friends. The latter countless; the former well on the road to 400,000.

We invite you to make your critical test of the Maxwell to-day.

FRONTENAC

ST. LAWRENCE.
June 18.—The English church picnic held in Smith's grove on Wednesday last was a decided success. The members of the Methodist church of St. Lawrence will hold their annual picnic in Smith's grove on Wednesday, June 23rd. The weekly U.F.O. dance held on Allarles lawn on Wednesday evening was largely attended. R. Kestley made a business trip to Ogdensburg on Friday. Mrs. J. McDonald and little son Lyle, at H. Joslin's; Sinclair Michea, Pittsburg, at R. Rattray's.

FALL RIVER.
June 15.—The rain of Saturday has improved the crops, and it was badly needed. The people have finished planting their potatoes. William Palmer has purchased a new car. Mrs. Frank Davison spent a week with her parents but has now returned to her home in Toronto. Wedding bells are ringing here. Archibald Gray, reeve of Oso, is attending the county council in Kingston this week. Visitors: Mrs. and Mr. Wilfrid Wesley and family spent Sunday at A. Gray's; Mr. and Mrs. Samuel Armstrong and Mr. and Mrs. Earnest Armstrong spent Sunday at A. Gray's; Mrs. Delbert Dustin, Kingston, visiting at J. Conroy's.

Prince Edward

SALEM.
June 17.—The recent rains have made a great improvement in vegetation. Farmers are busy doing their road work. Several of the young people motored to the Sand Banks last Thursday for a picnic, and attended the opening dance of the season at that place. A large number from Salem went to Albury on Friday last to attend the annual county Sunday school convention. C. C. Wannamaker and C. M. Kemp attended a meeting at Centre on Tuesday evening, to arrange for a Sunday school picnic, which will be held at Rednersville on July 1st. Mr. and
