Brighton Fire Brigade.
 At a meeting of Brighton council and citizens the fire company was re-organized. Robert Taylor was appointed fire chief.

Heartly Congratulations.
 R. J. Reid, Princess street, is being congratulated over the arrival of his seventh grandchild, a son having been born to Mr. and Mrs. Kinnear Reid.

Pleasant Water Trips.
 The steamers of the Kingston Navigation Company are now making regular trips to Alexandria Bay on Saturday and Sundays at 2 p.m., and to Amherst Island on Tuesday and Fridays at 5 p.m. (city time).

"Posties" on Holidays.
 Three of the local letter carriers are enjoying their annual vacation. They are John Allmark, George Lawes and Thomas Pickering. The "posties" are allowed three weeks with pay, so the government is good to them.

Death of John Delore.
 There passed from this life on June 27th John Delore, at Stoco, after suffering intensely for a year. Deceased was forty-four years of age. He was born in Hungerford. He is survived by two sisters and five brothers.

To Buy Pulp Wood.
 J. B. Kemp, Pembroke, probably the largest pulpwood dealer in Eastern Ontario, was in Eganville en route to Killaloe. Mr. Kemp will purchase this year 30,000 cords and has already contracted for 14,000 cords. High prices prevail.

Some Potatoes These.
 Robert Hornbeck, R.R. No. 3, Harrowsmith, has quite a record in potato growing. His record includes the following: Nine potatoes weighed nine pounds, fourteen ounces; nineteen potatoes weighed nineteen pounds nine ounces; one half bushel pounds.

What About Your Order?
 For a few days only we will sell about thirty pieces of men's suit lengths, worsted and Scotch tweed, regular prices, \$50 and \$55, which we will make to measure for \$40 and guarantee first class fit. Prevost Clothing House, Brock street.

Buys Three Properties.
 Morris J. Rothenburg, well-known Clayton and Thousand Island junk dealer, has sold his house and lot near the railroad track in Clayton, N.Y., to the Standard Oil company. Eldridge G. Robbins and Mrs. George E. Thibault have also disposed of their properties to the oil company.

He is Recuperating.
 Rev. William Drummond, missionary on furlough from the Orient, is recuperating at the home of his brother-in-law, George Chang, Harlem. Mr. Drummond was a friend and neighbor of the late Dr. Omer L. Kilborn, who died quite recently in Toronto. They worked together in China.

To Renovate the Grand.
 When the Grand Opera House closes after the performance on Saturday night it will remain closed for probably two weeks during which time it will be thoroughly renovated. The management will have something really new, an exact replica

THE MAN ON WATCH
 Just in time to be trained on that little structure in the city park that awaits its finish.
 This is the season of the auto "he-vamp" who drives down the main street and attempts to lure girls into the machine. Forewarned, no sympathy need be wasted on those foolish girls who respond.
 Is it true that the Woman's Council intends opening a "school of proper dressing for young women" in Kingston?
 It's a pity that lightning does not uproot the dead trees in Clarence street park and also start the little fountain going, so that the downtown kids could have a drink.
 What is needed at the penitentiary is not another investigation but to put the place in order. Only a man deeply interested in prison reform can tackle the job. The minister of justice, too, should be a man of 1920 ideas and not those of 1870 or thereabouts.
 If the prisoners were treated with a little more consideration their "manners" would doubtless be better. It must be a living hell for a man who smoked or chewed tobacco to be deprived of that weed in prison. What is the use of talking about Christian brotherhood when men who have committed ordinary misdemeanors are shut up in prison and treated like dangerous criminals? In the Lammiman's opinion not twenty-five per cent of the men in the Portsmouth penitentiary should be there at all. Real criminals must be kept apart, but there is no necessity of shutting away from the world for a ten years every man who has committed some violation of the law. There are other ways of dealing with these men. Perhaps when the United Farmers get into power at Ottawa they may make the Terminal code a little more Christian in spirit.

 Detroit May Have 3-Cent Fares.
 Detroit, Mich., July 3.—In an amendment to its bill in the traction fares case, pending in the circuit court, the Detroit United Railways gives notice that it will establish eight-cent cash fares, or seven tickets for fifty cents, on all non-franchise lines, August 1st.
 The Ukrainian government, headed by Simon Petura, has moved from Kamenetz-Podolsk to Lublin, south-east of Warsaw, owing to Bolshevik menace.

 A final meeting of creditors of the Clayton Boat & Ship Building company, Clayton, N.Y., a bankrupt, will be held before the referee in bankruptcy on July 16th, when an accounting will be made and about \$50,000 will be distributed among the creditors and for the expenses of administration. The Clayton Boat & Ship Building company held contracts from the government for the construction of sub chasers and other fast small craft, but the war was ended before the project was well under way.

Going Forward Quickly.
 Work on the splendid new wing which is being added to the Pembroke General Hospital is progressing favorably and is advanced to a stage where some idea can be gained of the proportions of the new structure. The wall is built to the first floor, and J. E. Polier, superintendent of construction, hopes to have the building completed in two weeks. Its size is about 135 x 40 feet, of absolutely fireproof construction throughout, and with sound-proof floors and other features found only in the most modern hospitals. It will be three stories high.

To Begin the Campaign.
 At a meeting of the hotel committee canvassers were appointed to solicit subscriptions to the stock that will be issued to build the hotel. They will begin on Wednesday, July 7th. The list of names of the canvassers will be announced. The committee feels it has a very large body of citizens behind it ready to respond, and expect to cover the ground pretty well within two weeks at the most. The sum to be raised is \$200,000 and there is not the slightest doubt but that the money can be found right in Kingston. There has been no adverse comment upon the undertaking for a new hotel is the great need of the moment here.

Ferrying Automobile Tourists.
 The Cape Vincent boat has been busy conveying many automobiles to and from the other side during the past few days. M. A. Parks of Syracuse, N.Y., returned home July 1st after a pleasant trip through Ontario. Capt. M. Morrison of Albert street, left for Oswego and Buffalo. Gustave Carvin of the Locomotive works' staff left for a tour through New York state. M. Y. Keyes returned home from a motor trip through Ohio to Cleveland. Thomas A. Quinn of Richmond, N.Y., left July 1st to make an extended tour through Ontario. M. M. Squire of Toronto, and P. H. Bartley of Montreal crossed over to Cape Vincent to make a tour through the northern states. James Best and his son returned home from a motor trip through New York state.

Caught Fine Lunge.
 William Bulloch, sr., Gananoque, and his sister, Mrs. McDonald, Montreal, out fishing, were rewarded by landing a nice twenty-five pound maskinonge. The fish was caught near the head of Findlay's island. Just a week previous Mr. Bulloch while out alone had the good fortune to land a thirty pounder. It certainly looks as if the St. Lawrence can still hold its own with any of the streams in the country for not only

Are Few Transfers.
 Few transfers of St. Lawrence river property have taken place this spring. Owners are apparently holding their homes, cottages and lots for their own use. There is growing demand for accommodations all along the river and inquiry among Clayton, N.Y., real estate dealers shows that there are no vacant places. Every cottage at Thousand Island Park is said to be leased for the season.

Called to Washington.
 Walter McLaren, brother of Mrs. H. J. Beatty, Pembroke, and who for some years has been professor of political economy at Williams College, Williamstown, Mass., has been called to Washington by the U.S. government and appointed a member of the commission on foreign relations, a position for which he is especially fitted by having served for six years on the staff of the Japanese government university at Tokio, Japan.

Girl Hooks Big Fish In Bay at Conesecon
 A correspondent writing from Conesecon sends the following story:
 What fishermen of this locality declare to be one of the largest fish ever caught in the waters hereabouts was hooked by Miss Rose Cooper, of Gardenville, Prince Edward county, in Weller's bay last Monday. While fishing with a hook and line she suddenly felt a tremendous tug on her line. She called to her brother for assistance, and by means of a spear and gaff they landed a sturgeon the exact measurements of which were 6 feet 2 inches long and 2 feet 6 inches wide. The fish was later valued at \$25.
 Judge Robson, former chairman of the Board of Commerce, announced that parliament having prorogued, he saw no necessity for carrying out his intention of proceeding to Ottawa to take up there the Murdoch controversy.
 Everybody wants to see that all gas burners and jets are turned off the last thing Saturday night.

If Strength Declines As Age Advances Follow This Suggestion
 So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down like this when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good. Keep you in better health, than anything else. Just as good for men and children, too, because Ferrozone is harmless and safe, 50c per box or six boxes for \$2.50, at all dealers.
