The Temperance Reformer. The temperance reformer was justly proud of having converted the biggest drunkard in town and induced him-he was the local gravedigger-to get up on the platform and testify. This is how he did it:

"My friends," he said, "I never thocht to stand upon this platform with the Provost on one side of me and Toon Clerk on the 'ither side of me. I never thocht to tell ye that for a whole month I've not touched a drop of anything. I've, saved enough to buy me a braw oak coffin wi' brass handles and brass nails, and if I'm a teetotaller for another month shall be wantin' it."

Nothing Like It For Bronchitis And Weak Throat

Remarkable Cures in the Worst Cases Reported Daily CURES WITHOUT USING DRUGS

Doctors now advocate an entirely new method for treating bronchitis and irritable throat. Stomach dos-

ing is no longer necessary. The most approved treatment consists of a healing vapor resembling the pure air of the Adirondacks.

And, led by thoughts our brave have This soothing vapor is full of germ-destroying substances, and at Till might has bowed nor could the same time is a powerful healing agent. It is sent to the bronchial tubes and lungs through a skillfully devised inhaler that can be carried in the vest pocket, Simplicity itself is the keynote of this splendid treatment.

CATARRHOZONE is the name of this wonderful invention that is daily curing chronic cases of weak throat, bronchitis and catarrh. Every breath through the inhaler is laden with soothing, healing substances that destroy all diseased conditions in the breathing organs. It can't fail to cure because it sees where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken in to the stomach. Catarrhozone is a direct. breathable, scientific care.

There is no sufferer from a gripcold or any winter ill, that won't find a cure in Catarrhozone, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands.
